

# STUDENT PROGRESSION PLAN

## NASSAU SCHOOL DISTRICT

2018-2019

GRADES 9 – 12

Dr. Kathy K. Burns, Superintendent

School Board of Nassau County

1201 Atlantic Avenue

Fernandina Beach, Florida 32034

904-491-9887

Mark Durham

Executive Director of Curriculum, Instruction, and School Improvement

**Nassau County School Board**  
**Equity and Non-Discrimination Statement and Contacts**

The Nassau County School Board does not discriminate in admission, access, treatment or employment in its programs and educational or extra-curricular school activities, on the basis of race, color, religion, age, sex, national origin, marital status, disability, genetic information, sexual orientation, gender identity or expression, or any other reason prohibited by law. The School Board also provides equal access to facilities for the Boy Scouts of America and other patriotic youth groups. The following district contacts have been designated to handle inquiries regarding non-discrimination and harassment policies, reports of alleged violations, concerns about compliance and/or the grievance procedure(s):

**Equity/Non-Discrimination Contact:**

**Joyce Menz**  
**Director of Professional Development**  
**1201 Atlantic Ave.**  
**Fernandina Beach, FL 32034**  
**(904) 491-9888**

**Harassment:**

**Mark Durham**  
**Executive Director of Curriculum, Instruction, and School Improvement**  
**1201 Atlantic Ave.**  
**Fernandina Beach, FL 32034**  
**(904) 491-9905**

**Americans with Disabilities Act (ADA)**

**Kevin Burnette**  
**Director of Facilities**  
**86334 Goodbread Rd.**  
**Yulee, FL 32097**  
**(904) 225-5343**

**Section 504:**

**Misty Mathis**  
**Director, Exceptional Student Education**  
**1201 Atlantic Ave.**  
**Fernandina Beach, FL 32034**  
**(904) 491-9881**

**Title IX:**

**Dr. Cynthia Grooms**  
**Coordinator of Student Services**  
**1201 Atlantic Ave.**  
**Fernandina Beach, FL 32034**  
**(904) 491-9918**

# I. INTRODUCTION

The purpose of this document, the Student Progression Plan for Nassau County District Schools, is to present to school personnel, parents, students, and other interested citizens, the School Board adopted policies to implement the state and local student progression requirements. The Student Progression Plan gives consideration to the best interest of individual students and complies with state statutes and State Board of Education directives. As with all policy handbooks, periodic review and revision is undertaken in order to retain guidelines that are consistent with the intent of the Board and legislative actions.

## Legal Foundation of the Student Progression Plan

Current law requires that each school board establish a comprehensive program for student progression, which shall be based upon an evaluation of each pupil's performance, including how well the student masters the performance standards approved by the state board. The district program for student progression shall be based upon local goals and objectives, which are compatible with the state's plan for education.

It is the intent of the Legislature that each student's progression from one grade to another be determined, in part, upon proficiency in reading, writing, science, and mathematics; that district school board policies facilitate student achievement; that each student and his or her parent be informed of that student's academic progress; and that students have access to educational options that provide academically challenging coursework or accelerated instruction pursuant to s. 1002.3105, F.S.

Each district school board shall establish a comprehensive program for student progression which must include:

- Standards for evaluating each student's performance, including how well he or she masters the performance standards approved by the State Board of Education.
- Specific levels of performance in reading, writing, science, and mathematics for each grade level, including the levels of performance on statewide assessments as defined by the commissioner, below which a student must receive remediation or be retained within an intensive program that is different from the previous year's program and that takes into account the student's learning style.
- Appropriate alternative placement for a student who has been retained 2 or more years.
- List the student eligibility and procedural requirements established by the school district for whole-grade promotion, midyear promotion, and subject-matter acceleration that would result in a student attending a different school, pursuant to s. 1002.3105(2)(b), F.S.
- Notify parents and students of the school district's process by which a parent may request student participation in whole-grade promotion, midyear promotion, or subject-matter acceleration that would result in a student attending a different school, pursuant to s.1002.3105(4)(b)2.
- Advise parents and students that additional ACCEL options may be available at the student's school, pursuant to s. 1002.3105, F.S.
- Advise parents and students to contact the principal at the student's school for information related to student eligibility requirements for whole-grade promotion, midyear promotion, and subject- matter acceleration when the promotion or acceleration occurs within the principal's school; virtual instruction in higher grade level subjects; and any other ACCEL options offered by the principal, pursuant to s. 1002.3105(2)(a), F.S.
- Advise parents and students to contact the principal at the student's school for information related to the school's process by which a parent may request student participation in whole-grade promotion, midyear promotion, and subject-matter acceleration when the promotion or acceleration occurs within the principal's school; virtual instruction in higher grade level subjects; and any other ACCEL options offered by the principal, pursuant to s. 1002.3105(4)(b)1, F.S.

- Advise parents and students of the early graduation options under s. 1003.4281, F.S.
- List, or incorporate by reference, all dual enrollment courses contained within the Dual Enrollment Articulation Agreement established pursuant to s. 1007.271(21), F.S.
- Provide instructional sequences by which students in kindergarten through high school may attain progressively higher levels of skill in the use of digital tools and applications. The instructional sequences must include participation in curricular and instructional options and the demonstration of competence of standards required pursuant to ss. 1003.41 and 1003.4203 through attainment of industry certifications and other means of demonstrating credit requirements identified under ss. 1002.3105, 1003.4203, and 1003.4282, F.S. Florida Statute: 1008.25

## **Responsibilities for Implementation**

The Nassau County School Board (NCSB) shall be responsible for establishing policies supportive of the needs of education and for providing the resources necessary to implement these policies. More specifically, the School Board shall provide all students with the opportunity of an instructional program that will meet their needs and the opportunity for all students graduating from high school to possess the college and career readiness skills necessary for a successful life. Such a program will monitor progress, promote continuous achievement, and make provision for individual differences. The School Board shall allocate remedial and supplemental resources to students in the following priority: students who are deficient in reading by the end of grade 3 and students who fail to meet performance levels required for promotion consistent with the district's plan for student progression.

The Superintendent shall accept the responsibility for the administrative action necessary to implement the recommended program which the NCSB finances. Thus, the Superintendent shall accept responsibility for effective instruction of students based on evidence of academic progression.

The Administration shall accept the responsibility of assisting teachers with the management of resources and staff development to accomplish these goals. It shall provide an orderly, productive, school environment which will foster high-quality learning. The district shall assist schools and teachers in the implementation of researched based activities that have been shown to be successful in teaching reading to low performing students. The principal shall assume administrative responsibility for the monitoring and implementation of this plan which regulates the transfer and promotion of students within his/her school.

Teachers, to the extent the above conditions are established, shall be responsible for providing an effective academic program. Effectiveness will be based on evidence of academic progress and on the establishment of a productive learning environment (e.g., good discipline, fair treatment, development of positive incentives, and setting an example of courtesy).

It is the responsibility of all teachers to identify and provide appropriate instruction for all students assigned to his/her class. Appropriate procedures should be followed by the teacher to continuously and carefully observe and assess each student's performance throughout the school year to determine if expected achievement levels are being met and satisfactory progress is being made in grade level objectives and basic skills criteria as contained herein. Teachers are to notify parents when the pupil is not performing on grade level and to make efforts to increase the student's achievement.

Students shall assume the responsibility for their learning commensurate with their age and maturity. Students shall be accountable for regular school attendance and for courteous conduct.

Parents shall be responsible for ensuring the regular attendance of their children and for promoting an interest in learning. They are encouraged to communicate with school personnel and cooperate in resolving

areas of concern or difficulty. Parents remain responsible for the conduct of their children until the child reaches the age of eighteen.

## **II. ADMISSION, STUDENT PLACEMENT, TRANSFER OF HIGH SCHOOL CREDITS**

### **Attendance Zones**

Parents/students new to our area, please contact the school in your attendance zone:  
Middle Schools: Callahan Middle (904)879-3606, Fernandina Beach Middle (904)321-5867, Hilliard Middle-Senior High (904)845-2171, Yulee Middle (904)225-5116  
High Schools: Fernandina Beach High 261-5713, Hilliard Middle-Senior High 845-2171, West Nassau County High 879-3462, Yulee High 225-8641  
District Office: 491-9900

Additional information for attendance zones can be found: <http://www.nassau.k12.fl.us>

### **Admissions**

#### **Enrollment**

Requirements for Information Prior to Enrollment

The following information is required to enroll a student in a Florida school:

Proof of age. A certified birth certificate for US citizens may be requested online at: <http://www.cdc.gov/nchs/howto/w2w/w2welcome.html>. If a birth certificate is not available refer to 1003.21, FS, for other acceptable documentation.

A Florida Certificate of Immunization, Form 680 (blue card), completed by a Florida physician or by a Florida county health department. Parents should obtain a copy of their child's complete immunization history before leaving their current residence, as this form is not available to the general public. Information on Florida school immunization requirements is available at <http://www.floridahealth.gov/programs-and-services/childrens-health/school-health/enrollment.html> Note: Thirty (30) school days will be allowed to present the certification requirements for transfer students and students identified as being homeless according to NCSB Administrative Rule.

Evidence of a medical exam completed no less than 12 months prior to the child's school entry date. As long as the medical exam meets this 12-month requirement, parents may submit this information on the School-Entry Health Exam Form (DH 3040) or provide a copy of the exam obtained from their current physician before moving to Florida. This form and the accompanying guide are available online at <http://www.floridahealth.gov/programs-and-services/childrens-health/school-health/enrollment.html>

Note: Parents/Guardians will be allowed up to thirty (30) school days to present certification requirements for all students from Florida or other states. Official documentation that the parent(s) or guardian(s) is a legal resident(s) of the school district attendance area.

Each student at the time of initial registration for school placement must note previous school expulsions and/or arrests resulting in a charge, arrests pending, and juvenile justice actions the student has had. Schools have the authority to honor the final order of expulsions or dismissal of a student by any in-state or out-of-state public district school board or private school which would have been grounds for expulsion according to the NCS D Code of Student Conduct according to the following procedures:

A final order of expulsion shall be recorded in the records of the receiving school.

The expelled student applying for admission to the receiving school shall be advised of the final order of expulsion.

The superintendent or designee may recommend to the School Board that the final order of expulsion be waived and the student be admitted to the school district or that the final order of expulsion be honored and the student not be admitted to the school district.

### **Homeless Students/Families in Transition (FIT)**

A homeless student is defined as a child or youth who:

- Shares the housing of other persons due to loss of housing, economic hardship, or a similar reason,
- Lives in motels, travel trailer parks, or camping grounds due to the lack of alternative adequate accommodations, or emergency or transitional shelters,
- Is abandoned in hospitals or awaiting foster care placement, or
- Lives in cars, parks, public spaces, abandoned buildings, bus or train stations, or similar settings.

The Nassau County School District adheres to the McKinney-Vento Homeless Education Assistance Improvements Act of 2001. Homeless students shall be permitted to enroll in the Nassau County Public Schools. They shall not be placed in a separate school or program within a school based on their homeless status, and shall be provided services comparable to those offered to other students enrolled in the school.

It is the responsibility of the enrolling school to contact immediately the school last attended by the homeless student to obtain relevant records. If the student needs to obtain immunization records, the enrolling school shall refer the student immediately to the school nurse for assistance. A homeless student shall be permitted to enroll immediately, even if the student is unable to produce records normally required for enrollment. This includes, but is not limited to, records such as previous academic records, medical and immunization records, and proof of residency.

Homeless children must have access to a free public education and must be admitted to school in the school district in which they or their families live. A homeless child shall be granted a temporary exemption from entrance requirements for 30 school days.

A “certified homeless youth” is a minor who is homeless, including an unaccompanied youth, who has been certified as homeless or unaccompanied by:

- A school district homeless liaison,
- The director of an emergency shelter program funded by the US Department of Housing and Urban Development, or

- The director of a runaway or homeless youth basic center or transitional living program
- Funded by the U.S. Department of Health and Human Services. (382.025 F.S.)

A certified homeless youth has additional rights to certified copies of the birth certificate (382.0255 F.S.), and to have the disabilities of non-age removed if the student is 16 years of age or older (743.015 F.S.).

For further NCSD enrollment information, refer to NCSB Administrative Rule 5.13

## **English Language Learners (ELL)**

### **Students Who Qualify for ESOL**

Students who qualify for ESOL services may be enrolled in a regular high school program through the end of the semester in which he/she reaches 21 years of age, regardless of previously interrupted schooling. ELL student may not be withdrawn solely due to lack of credits.

### **English Language Learner (ELL)/ Placement of Immigrant Students:**

Florida operates under a federal consent decree issued in the case of LULAC vs. Florida State Board of Education, Case No. 90-1913. All children have the right to enroll in K-12 public education, regardless of immigrant status. The school district may not inquire into a student's immigration status, may not keep records or lists pertaining to immigration status, and may not for any reason be reported to INS prior to or subsequent to admission (except in the case of foreign exchange students).

The following process will be followed:

- Enroll any student and do not ask about their immigration status
- Follow NCSD enrollment guidelines as for any student
- Follow NCSD documentation of residency policy
- Follow NCSD documented guardianship policy (if necessary). The guardianship court order should be from a U.S. court.

For further enrollment information, refer to State Board of Education Rule 6A-6.0902

### **Date Entered United States School (DEUSS):**

Date Entered United States School (DEUSS) was first collected in 2011-2012 as a web based application and became a new data element in the school year 2012-2013. It is required to be collected for all immigrant and ELL students and entered in the district's data system. For all students this information will be kept locally. The DEUSS is the first time the student entered a US school (Not Pre-K, unless Pre- K attendance was mandatory in the sending state).

DEUSS is self-reported by the parents. Every effort must be made by school personnel in the district to get previous schooling information from a US school.

The DEUSS data element is used specifically for students classified as English Language Learners (ELLs [LY and LP]) and immigrants who entered Florida starting the 2012-2013 school year. It is not necessary to enter a DEUSS for students that entered prior to the 2012-2013 school year.

The DEUSS will be used to monitor:

- ELLs to be included in State Accountability System
- Extension of Services (students who have entered a Florida school in 2012-2013 or after Promotion/Retention--Good Cause (third grade)

Immigrant Information (School personnel in the district will need the DEUSS to determine immigrant student eligibility. The date is necessary to calculate whether a student has attended a US school for 3 full academic years. Note: remember that immigrant students may or may not be classified as ELLs.)

**ELL/LEP Credit:**

An English Language Learners/Limited English Proficient (ELL/LEP) student may not receive a failing grade if instructional strategies, materials, and assessments are being used without the ELL's Individual LEP Plan and needed accommodations. This plan is used to provide instruction with the accommodations for each ELL at their level of English ability and is updated every school year for changes, if needed. In addition, these accommodations and strategies must be documented in the ELL teacher lesson's plans. School administrators in charge of teacher evaluations are responsible for ensuring that teachers are documenting instruction and assessment, using accommodations from the Individual LEP Plan, in order to provide comprehensive instruction to ELL/LEP students.

**ELL/LEP Retention:**

No student may be retained based solely on his/her level of English language proficiency. A formal retention recommendation regarding an English Language Learner/Limited English Proficient may be made through the action of an ELL/LEP committee (F.S. 1008.25), which is comprised of the principal or ESOL Coach, and any other instructional personnel responsible for the instruction of English Language Learners.

Promotion for an ELL shall be based on the student's academic performance, regardless of the level of English Language proficiency. Retention of an ELL requires the review and recommendation of the ELL Committee and may not be based solely on lack of English proficiency, demonstration of grade level content knowledge in English, or on a score on any single assessment instrument. Adequate progress, defined in the ELL Plan, should be used by the ELL Committee as cause for promotion. An ELL may be retained if the ELL Committee has determined that the student has not progressed satisfactorily according to his/her ELL Plan.

An ELL is required to meet student performance standards for the appropriate grade level. However, ELLs who have been in an approved English for Speakers of Other Languages (ESOL) Program for less than two complete school years should not be accountable to demonstrate the standards in English. The Consent Decree and Title III requirement is to measure the students' ability toward attainment of the standards, regardless of whether that ability is demonstrated in English or the student's home language.

All state and district testing requirements or other applicable state graduation requirements shall be met. Students shall be enrolled in courses, which shall enable them to meet the graduation and/or promotional requirements of the Nassau County School Board and Florida State Statutes. Such students who are not proficient in English should receive immediate and intensive instruction in English language acquisition from an ESOL endorsed/certified teacher to help with English strategies and accommodations.

Transfer students who shall graduate from the Nassau County School District shall meet graduation requirements in terms of number and type of courses as designated by applicable Florida Department of Education guidelines.

A student transferring within the Nassau County School District who is enrolling into a school with a schedule format different from the school from which he or she is transferring shall be scheduled into the courses most closely aligned with promotion and/or graduation requirements.

To receive a standard high school diploma, a transfer student must pass the required state assessments based on ninth grade entry year or alternate assessments as provided by Florida law, and earn a 2.0 GPA in courses taken in a Florida public school, specified in s. 1008.22(3), F.S.

### **Transfer ELL Students:**

In accordance with State Board of Education Rules 6A-6.0900 and 6A-6.0905 students transferring into a Nassau County School shall meet all district requirements that can be appropriately met during the time period that the students are in the Nassau County School District. During registration, the initial date a student first entered a school in the United States, (DEUSS), is collected. An ELL is identified and assessed to determine eligibility for services, in accordance with State Board of Education Rule 6A- 6.0902 (!)(2). The English for Speakers of Other Languages Coach and the school counselor/administrator shall review the educational background of the transferring student to determine appropriate grade level, subject, and ESOL placement. Parental input regarding educational background should be taken into consideration especially when transcripts, records, or report cards are not readily available. This information is documented on the English Language Learners Programmatic Assessment and is part of the ELLs LEP Plan and filed in the LEP folder. Translators assist the families when necessary and feasible to assure the proper placement of the student.

An ELL in Grades k-8 is placed into academic classes based on age/grade appropriateness. When an ELL student provides records that show enrollment in school (excluding any of the 50 states and the District of Columbia) but not grade level appropriate for his/her age, the student needs to be placed in the age-appropriate grade and provided opportunities to learn key skills according the ELL Plan to enhance the likelihood of success in the current grade in which he/she is placed.

A student who is age appropriate for high school must be placed in at least 9th grade. ELLs are scheduled into classes that fulfill graduation requirements and the District's Student Progression Plan, as well as granted credit for completed academic coursework, regardless of the language in which the coursework was completed.

All state and district testing requirements or other applicable state graduation requirements shall be met. Students shall be enrolled in courses, which shall enable them to meet the graduation and/or promotional requirements of the Nassau County School Board and Florida State Statutes. Such students who are not proficient in English should receive immediate and intensive instruction in English language acquisition from an ESOL endorsed/certified teacher to help with English strategies and accommodations.

Transfer students who shall graduate from the Nassau County School District shall meet graduation requirements in terms of number and type of courses as designated by applicable Florida Department of Education guidelines.

A student transferring within the Nassau County School District who is enrolling into a school with a schedule format different from the school from which he or she is transferring shall be scheduled into the courses most closely aligned with promotion and/or graduation requirements.

To receive a standard high school diploma, a transfer student must pass the required state assessments based on ninth grade entry year or alternate assessments as provided by Florida law, and earn a 2.0 GPA in courses taken in a Florida public school, specified in s. 1008.22(3), F.S.

### **Out-of-State and Out-of-Country Transfer Students Needing Additional Instruction:**

Students who enter a Florida public school at the 11th or 12th grade from out of state or out of country shall not be required to spend additional time in a Florida public school in order to meet the high school course requirements if the student has met all requirements of the school district, state, or country from which he or she is transferring. Such students who are not proficient in English should receive immediate and intensive instruction in English language acquisition from an ESOL endorsed/certified teacher to help

with English strategies and accommodations. However, to receive a standard high school diploma, a transfer student must earn a 2.0 grade point average and meet the requirements under s. 1008.22, F.S.

Students who earn the required 24 credits for the standard high school diploma except for passage of any must-pass assessment under s. 1003.4282 or s. 1008.22, F.S. or an alternate assessment by the end of grade 12 must be provided the following learning opportunities:

- Participation in an accelerated high school equivalency diploma preparation program during the summer.
- Upon receipt of a certificate of completion, be allowed to take the College Placement Test and be admitted to developmental education or credit courses at a Florida College System institution, as appropriate.
- Participation in an adult general education program as provided in s. 1004.93 for such time as the student requires to master English, reading, mathematics, or any other subject required for high school graduation.

A student attending an adult general education program shall have the opportunity to take any must-pass assessment under s. 1003.4282 or s. 1008.22 an unlimited number of times in order to receive a standard high school diploma.

Students who have been enrolled in an ESOL program for less than 2 school years and have met all requirements for the standard high school diploma except for passage of any must-pass assessment under s. 1003.4282 or s. 1008.22, F.S. or alternate assessment may receive immersion English language instruction during the summer following their senior year. Students receiving such instruction are eligible to take the required assessment or alternate assessment and receive a standard high school diploma upon passage of the required assessment or alternate assessment. This subsection shall be implemented to the extent funding is provided in the General Appropriations Act. Florida Statute: 1003.433

### **Student Re-Enrollment**

A student eighteen years of age or older who has interrupted his or her education and who subsequently desires to enter the Nassau County School District shall physically enroll either in the adult day school or an adult evening school. The student may not enroll in a regular high school. In extenuating circumstances, a principal may recommend an exception to this policy to the Executive Director of Curriculum and Instruction. Students may not be enrolled in a regular high school for more than 10 semesters, unless the principal approves the enrollment beyond 10 semesters. The principal will consider the reason the student wants to continue high school, educational progress to date, and the commitment to education. Semesters begin when the student first enrolls in grade 9 at any public or private school.

Students may not enroll/reenroll in a regular high school if they cannot meet the graduation requirements to graduate by their 20<sup>th</sup> birthday, unless enrollment is approved by the principal.

A student who has earned a high school or equivalent diploma in their native country may not enroll in a high school.

The Superintendent or designee is authorized to assign a student to any program or school as deemed to be in the best interest of the student or school district.

### **Parent Notification: Students with At-Risk GPA:**

Parents of students who have a cumulative GPA of less than 2.0 at the end of each semester in grades 9, 10, 11, and 12 shall be notified that the student is at risk of not meeting the graduation requirements. The notice shall contain an explanation of the policies the district has in place to assist the student in meeting the GPA requirement in a language understandable to the parents unless clearly not feasible.

### **Curriculum for ELLs:**

Students identified as English Language Learners (ELLs) must be given equal access to the general curriculum. ELLs are placed in courses based on need and eligibility, regardless of their English language proficiency. The student's individual ELL Plan documents the instructional strategies required, ensuring the student an equal opportunity to master the General Education curriculum. Refer to State Board of Education Rule-6A-6.09022 for more information on the extension of services for ELLs, State Board of Education Rule 6A-6.0903(2) for the requirements for exiting ELLs from the ESOL Program and State Board of Education Rule 6A-6.09031 for post reclassification of ELLs.

### **Course Modifications:**

An ELL may not be denied placement in honors and accelerated courses because of participation in the ESOL program or lack of English language proficiency, provided he/she meets the other criteria set for enrollment in the course.

### **Student Placement**

The principal is responsible for the initial placement of all students new to the school. Grade placement of students coming from other schools shall be made on the basis of Report Cards and/or transfer data or transcripts subject to validation/interpretation if deemed necessary. If none of the above data are available, the student shall be enrolled and placement shall be determined upon receipt of substantiating data from the previous accredited school attended. Students may need to participate in additional screening activities in order to assist with grade level placement. Screening may include, but is not limited to, the following measures and observation of:

- Academic performance (grades)
- Social/emotional behavior
- Health and physical development
- Previous academic records (transcripts)

If the transfer of a student within the district involves unusual circumstances, the principals of the involved schools shall confer with the parents, Executive Director of Curriculum and Instruction, and other involved parties to determine the most appropriate placement for the student.

Work on academic credit for all students transferring into the Nassau County School District will be accepted if the credit is earned in another public school or accredited private school and is authenticated by an official transcript which includes attendance, academic information, and grade placement. Nassau County School Board graduation requirements shall not be retroactive for transfer students provided the student has met all requirements of the district or state from which he/she is transferring.

Work or credit from traditional sources that are accredited must be accepted at face value without validation if the schools belong to specific organizations: Florida Council of Independent Schools (FCIS); National Council for Private School Accreditation (NCSDA) member agencies; The Florida Association of Christian Colleges and Schools (FACCS).

A school may accept and classify transfer credits earned through alternative delivery systems that are accredited by a recognized regional agency. Alternative delivery systems include public and non-public special purpose schools, distance learning and supplementary education programs.

### **Grade Placement and Promotion within High School**

Beginning in 2012-2013 and thereafter, students who enter grade 9 for the first time will be promoted to subsequent grades based on their cohort group, until the end of grade 11. In order to be promoted to grade 12, a student must have earned seventeen (17) credits. Three (3) credits must be in English, three (3) credits must be in math and (2) credits must be in science.

Consistent with school board rules and in accordance with state statute (1012.28(5) F.S.), the Superintendent has designated the principal of the school as the final authority in the placement of students in programs or classes.

### **Placement for Students with Disabilities**

Students with disabilities shall be placed in appropriate courses as dictated by their Individual Education Plan (IEP).

### **Placement in the Nassau County Adult High School**

Nassau County Adult Education and the Adult High School are programs available to students that have exited the traditional K-12 program. Students must be at least 16 years of age in order to enter these programs. Adult High School students pursue a standard credit-based diploma that mirrors the graduation requirements of the Florida Standards Assessment (FSA) and the Algebra 1 End-Of-Course exam (EOC).

## **Transfers**

### **Transfer Students**

Students transferring into a Nassau County School shall meet all district requirements that can be appropriately met during the time period that the students are in the Nassau County School District. All state and district testing requirements or other applicable state graduation requirements shall be met. Students shall be enrolled in courses, which shall enable them to meet the graduation and/or promotional requirements of the Nassau County School Board and Florida State Statutes. Such students who are not proficient in English should receive immediate and intensive instruction in English language acquisition from an ESOL endorsed/certified teacher to help with English strategies and accommodations.

Transfer students who shall graduate from the Nassau County School District shall meet graduation requirements in terms of number and type of courses as designated by applicable Florida Department of Education guidelines.

A student transferring within the Nassau County School District who is enrolling into a school with a schedule format different from the school from which he or she is transferring shall be scheduled into the courses most closely aligned with promotion and/or graduation requirements.

To receive a standard high school diploma, a transfer student must pass the required state assessments based on ninth grade entry year or alternate assessments as provided by Florida law, and earn a 2.0 GPA in courses taken in a Florida public school, specified in s. 1008.22(3), F.S.

### **Out-of-State and Out-of-Country Transfer Students Needing Additional Instruction**

Students who enter a Florida public school at the 11th or 12th grade from out of state or out of country shall not be required to spend additional time in a Florida public school in order to meet the high school course requirements if the student has met all requirements of the school district, state, or country from which he or she is transferring. Such students who are not proficient in English should receive immediate and intensive instruction in English language acquisition from an ESOL endorsed/certified teacher to help with English strategies and accommodations. However, to receive a standard high school diploma, a transfer student must earn a 2.0 grade point average and meet the requirements under 1008.22, F.S.

Students who earn the required 24 credits for the standard high school diploma except for passage of any must-pass assessment under s. 1003.4282 or s. 1008.22, F.S. or an alternate assessment by the end of grade 12 must be provided the following learning opportunities:

- Participation in an accelerated high school equivalency diploma preparation program during the summer.
- Upon receipt of a certificate of completion, be allowed to take the College Placement Test and be admitted to developmental education or credit courses at a Florida College System institution, as appropriate.
- Participation in an adult general education program as provided in s. 1004.93 for such time as the student requires to master English, reading, mathematics, or any other subject required for high school graduation. A student attending an adult general education program shall have the opportunity to take any must-pass assessment under s. 1003.4282 or s. 1008.22 an unlimited number of times in order to receive a standard high school diploma.

Students who have been enrolled in an ESOL program for less than 2 school years and have met all requirements for the standard high school diploma except for passage of any must-pass assessment under s. 1003.4282 or s. 1008.22, F.S. or alternate assessment may receive immersion English language instruction during the summer following their senior year. Students receiving such instruction are eligible to take the required assessment or alternate assessment and receive a standard high school diploma upon passage of the required assessment or alternate assessment. This subsection shall be implemented to the extent funding is provided in the General Appropriations Act. Florida Statute: 1003.433

#### **Military Personnel's Dependent Children Transfer Students**

In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

Local education agency administrative officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. If a waiver is not granted to a student who would qualify to graduate from the sending school, the local education agency must provide an alternative means of acquiring required coursework so that graduation may occur on time.

States shall accept exit or end-of-course exams required for graduation from the sending state; national norm-referenced achievement tests; or alternative testing, in lieu of testing requirements for graduation in the receiving state. If these alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, then the provisions of Article VII, Section C shall apply.

If a military student transfers at the beginning of or during his or her senior year and is not eligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies must ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. If one of the states in question is not a member of this compact, the member state shall use its best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of Article VII. Florida Statute: Transfer of High School Credits (6A-1.09941)

The purpose of this rule is to establish uniform procedures relating to the acceptance of transfer work and credit for students entering Florida's public schools Effective July 1, 2013, the procedures shall be as follows:

- Credits and grades earned and offered for acceptance shall be based on official transcripts and shall be accepted at face value subject to validation if required by the receiving school's accreditation. If validation of the official transcript is deemed necessary, or if the student does not possess an official

transcript or is a home education student, credits shall be validated through performance during the first grading period as outlined in SBOE Rule 6A-1.09941. Assessment requirements for transfer students under Section 1003.4282, F.S., must be satisfied.

- Validation of credits shall be based on performance in classes at the receiving school.
- A student transferring into a school shall be placed at the appropriate sequential course level and should have a minimum grade point average of 2.0 at the end of the first grading period. Students who do not meet this requirement shall have credits validated using the Alternative Validation Procedure, as outlined in SBOE Rule 6A- 1.09941

### **Alternative Validation Procedure**

If validation based on performance as described above is not satisfactory, then any one of the following alternatives shall be used for validation purposes as determined by the teacher, principal, and parent:

- Portfolio evaluation by the superintendent or designee;
- Written recommendation by a Florida certified teacher selected by the parent and approved by the principal;
- Satisfactory performance in courses taken through dual enrollment or at other public or private accredited schools;
- Satisfactory performance on nationally-normed standardized subject area assessments;
- Satisfactory performance on a statewide, standardized assessment; or
- Written review of the criteria utilized for a given subject provided by the former school.
- Students must be provided at least ninety (90) days from date of transfer to prepare for assessments outlined in paragraphs (1)(c) 3, and 4 and (2)(c) 4 and 5 of SBOE Rule 6A-1.09941, if required.

Students transferring credits into the Nassau County School District will be subject to the current course credit weighting approved by the Nassau County School District and in alignment with Florida DOE course code directory. If a letter grade is assigned, that grade is entered in our system, even if the grading scale from which the student transferred is not equivalent to Nassau County's School District's grading scale. If only a numerical grade is provided and no grading scale is provided, our scale is applied to the student record. 1003.25 F.S.,

### **Promotion of Late-in-the-Year Transfer Students**

The promotion of students transferring into Nassau County during the last grading period shall be determined primarily by the grades and records received from the sending school.

### **AdvancED/SACS CASI Policy on Grade Placement**

An AdvancED school shall accept and classify grade placement from schools that are accredited by a recognized national, regional or state accrediting agency without further validation based on the school's policies and procedures governing such offerings.

### **Transfer Letter Grades**

Transfer student grades which have been recorded as letter grades will be converted as follows:

A = 95

B = 85

C = 75

D = 65

F = 59 and below

### **Special Programs**

## **Foreign Exchange Program**

Placement of Foreign Exchange Students: The following guidelines have been established for placement of foreign exchange students:

Only organizations with tax-exempt status as conferred by the IRS pursuant to section 501(c)(3) and organizations that are listed officially with the Council of Standards for International Education Travel (CSIET) may sponsor an international exchange student program in NCSD.

The exchange student shall gain legal entry into the United States with a J-1 Exchange Visa, which includes clearance by Homeland Security or the appropriate Government agency, and shall present documented proof with a birth certificate or passport, showing that he/she will be at least sixteen (15) years of age, but not have attained the age of eighteen and a half (17) prior to attendance at a school in the District.

All foreign exchange students shall complete a Home Language Survey.

No foreign exchange students shall receive a Nassau County School District high school diploma nor participate in the graduation ceremony.

A foreign exchange student may only register at the appropriate high school that shall be designated as the school within the regular school attendance zone of the host family's residence.

It is recommended that foreign exchange students take U.S. History and English classes.

Foreign exchange students may be eligible to participate in sports and activities provided they meet Florida High School Athletic Association (FHSAA) or a sponsoring organization's rules and regulations.

Foreign exchange students are subject to all school and district rules and regulations per NCSD Student Code of Conduct.

Host parents must accept all responsibilities for foreign exchange students including, but not limited to, conferences with school staff.

High schools may limit the number of foreign exchange students they admit based on class size and/or total student enrollment.

Foreign exchange students should be fluent in English prior to enrollment; therefore they should not be tested for qualification of ESOL service.

Representatives from foreign exchange programs must request permission for admission by submitting a completed packet to the principal for approval prior to May 1st of the following year.

Foreign students who have received a high school diploma, or its equivalent, in their home country are not eligible to be foreign exchange students.

It is the principal's discretion to accept/deny the application request. Note: NCSD does not issue I-20 Visas.

Students from foreign countries who are not enrolled in a Foreign Exchange Program may not be enrolled in a

NCSD school unless legal guardianship from a United States court is granted for a family residing in NCSD.

A foreign student may not be enrolled on a vacation VISA.

### ***School Responsibilities***

When approached by Exchange Student organization, check [www.csiet.org/](http://www.csiet.org/) (Council on Standards for International Education Travel's (CSIET) Advisory List of International Education Travel and Exchange Programs) to verify the agency is accredited.

Provide the agency representative a copy of the checklist with a deadline completion date prior to May 1.

Once the packet is returned, ensure all items on the checklist are included in the packet. Principal or designee signs/dates at bottom of checklist as evidence of approval. Notify district office contact of any discipline or other incidents.

The school/District will not be responsible for any fees for activities, events, trips, etc. during the student's enrollment period.

### ***Sponsor Responsibilities***

The sponsoring organization shall work with the appropriate governmental agencies to ensure that the prospective international exchange student has fulfilled all requirements for entry into the United States on a J-1 Visa.

Sponsors of student exchange organizations shall secure, prior to the student's departure from their home country, a host family placement of each student participant.

As required by the U.S. Department of State, a background check must be completed by the sponsoring organization for each member of the host family household, eighteen years of age or older, and for the local organization representative of the organization.

In the event of unforeseen circumstances that necessitate a change of host family placement, the sponsor shall document the reasons necessitating such change and immediately provide this information to the school principal designee.

Provide a written statement from the sponsoring organization or student's home school indicating that the student has not received a high school diploma from his/her country of origin.

Provide a valid transcript from the student's sending school translated in English.

The designated sponsoring organization shall assume responsibility for the student's health, safety, educational, financial and legal obligations.

The sponsor organization shall adhere to all provisions required by federal laws and regulations.

Nassau County Students Leaving the Country for Foreign Exchange:

Rising juniors may participate in a foreign exchange program. Students may not participate in an exchange program in their senior year as it may jeopardize the completion of graduation requirements. There is no

credit guarantee for courses taken in a foreign country.

## **Home Education**

Florida Statute 1002.41 defines home education programs.

To register for home education, contact the Office of Information and Technology in the Nassau County School District, or visit the Nassau County School District website for additional information: [www.nassau.k12.fl.us](http://www.nassau.k12.fl.us).

## **Hospital Homebound**

A homebound or hospitalized student is a student who has a medically diagnosed injury, a chronic physical/psychiatric condition, or has repeated intermittent illness due to a persisting medical problem. For more information, please see the section on Exceptional Student Education in this document.

## **Virtual Education Overview**

As defined in s. 1002.45, F.S. of the Florida K-20 Education Code, a virtual instruction program (VIP) is a “program of instruction provided in an interactive learning environment created through technology in which students are separated from their teachers by time and space, or both.”

Pursuant to ss. 1002.20(6)(a) and 1002.45(1)(b), F.S., the district shall provide eligible K-12 students within its boundaries the option of participating in part-time and full-time virtual instruction programs. The following virtual education options may be available to students:

- My District Virtual School (MDVS) is Nassau County’s franchise of FLVS. MDVS provides fulltime and part-time virtual education for students in grades 6-12. Instruction is provided by North East Florida Educational Consortium (NEFEC) teachers. Students may enroll in courses available through MDVS with guidance counselor approval and the credit will be awarded for successful completion of such courses. Access shall be available to students during or after the normal school day.
- MDVS must follow certain FLVS rules and procedures outside the authority of the NCSB and this plan. For scheduling purposes, students who take one or more MDVS courses are enrolled in school 7004, the District Franchise of FLVS.
- K12 Florida, LLC provides full-time and part-time virtual education for students in grades 6-12.
- Instruction is provided by K12 teachers. Parent(s)/guardian(s) or approved adult(s) of a student taking course(s) are expected to serve as the student’s learning coach. For scheduling purposes, students who take one or more K12 courses are enrolled in school 7001.
- Florida Virtual School Virtual Learning Lab (VLL) is for students working on FLVS course(s) taught by FLVS instructor(s) during the school day at a brick-and-mortar school with a facilitator.
- There are three enrollment periods (Fall, Spring, and Summer). Students are not able to sign up for the VLL online and must register through their guidance counselor.
- APEX provides grade forgiveness and credit recovery options for students. APEX courses are taught by NEFEC teachers.
- Florida Virtual School (FLVS) Flex provides students with access to online courses during and after the normal school day and through summer school enrollment. These courses are taught by FLVS teachers. The district does not provide instructional or technical support for these courses.

The total enrollments between the brick and mortar and the virtual school should equal a full day. Students may not simultaneously be placed in the same course concurrently at a district high school and at MDVS/FLVS/K12.

For students with disabilities, an IEP or 504 meeting will be held to determine whether placement in a MDVS/FLVS/K12 course is appropriate based on their individual needs.

A student's full-time brick-and-mortar school may not deny access to the district's virtual options assuming that the desired online course(s) is an appropriate course placement based on the student's academic history, grade level, and age.

Parents and students should contact the student's school guidance counselor to determine if placement in a virtual course is academically appropriate, available options, schedules, and location of where the virtual courses will be taken.

### **Student Enrollment and Eligibility Guidelines**

Full-time enrollment in MDVS/K12 for Semester 1 will be open annually for at least 90 days ending 30 days before the first day of the school year as required by s. 1002.45, F.S. and then continuing until at least the first day of student attendance as identified by the district calendar. Full-time enrollment in MDVS/K12 for Semester 2 will be permitted for good cause (such as medical documentation, family hardship, or transfer from another virtual school).

Since success in a virtual program requires an organized and self-motivated student, it is recommended that students have a 2.0 or higher GPA and score a level 3 or higher on the FSA in reading unless the student has medical or behavior issues that may limit success in the traditional classroom.

Any student entering full-time virtual program with a prior year FSA English Language Arts or FSA/EOC Math score of Level 1 or Level 2, or with no score for the prior year, may be required to sign a contract as a condition of enrollment committing to either remedial support or intensive reading/math course(s). Failure to meet the provisions of the contract will result in return to the zoned school at semester or end of school year as appropriate.

For students entering virtual education with an Individual Education Plan (IEP) or Section 504 plan, a team meeting will be scheduled as appropriate, to include the parent, student as appropriate, staff from the student's zoned school, virtual school, and the ESE department, to determine whether services can be delivered appropriately to the student.

In addition to the district's admission requirements, s. 1002.455, F.S. identifies specific eligibility requirements to take virtual education courses in certain grades and programs.

A student who is registered in a Home Education program in Nassau County per s. 1002.41, F.S., may access one or more virtual courses through MDVS on a part-time basis. Home Education students may not exceed six (6) half-credit courses per semester. Even in cases where the entire Home Education program consists of virtual education, the parent of a Home Education student remains responsible for maintaining a Home Education program and portfolio as required in s. 1002.41, F.S.

### **Annual Re-Enrollment**

To qualify for enrollment for the following school year, a full-time virtual student must maintain satisfactory attendance as measured by course pacing, completion of a core course with a "C" average or better, and comply with any student contract(s) related to Level 1 and/or Level 2 scores on FSA English

Language Arts and/or FSA Mathematics.

#### **Attendance, Curriculum, Assessments, and Pace**

The district will require student compliance with the compulsory attendance requirements of s. 1003.21, and will verify student attendance as required by s. 1002.45(6)(a), F.S.

Pursuant to s. 1002.45(3), F.S., curriculum and content will be aligned to state standards under s. 1003.41, F.S. The virtual instruction will be “designed to enable students to gain proficiency in each course.”

Course credits will be awarded for successful completion of virtual courses. For courses requiring a statewide, standardized end-of-course (EOC) exams, credit will be awarded pursuant to district policy.

As stipulated in s.1002.45(6)(b), F.S., all full-time public school students receiving virtual instruction must participate in state assessment tests. Full-time and part-time students in courses requiring statewide end-of-course assessments must take the statewide end-of-course assessment at the student’s zoned school. Failure to participate in state assessments is an indicator of inadequate pace, which may trigger the truancy process and result in loss of re-enrollment for the next school year. Virtual school students are expected to maintain pace, performance requirements, and academic integrity.

#### **NCAA**

NCAA division I and II prospective athletes should consult NCAA initial eligibility requirements regarding virtual courses.

#### **Written Parent Notification of VIP**

Pursuant to s. 1002.45(1)(b), F.S., the district must provide parents with timely written notification of at least one (1) open enrollment period for full-time students that consists of 90 days or more and ends 30 days before the first day of the school year.

The VIP written notification will be distributed annually during the prior school year to notify parents prior to the open enrollment period for the upcoming school year. Florida Statutes: 1002.20(6)(a), 1002.41, 1002.45, 1002.455, 1003.21, 1003.41

### **III. CURRICULUM AND INSTRUCTION**

#### **Course Placement**

Each high school is required to advise all students of courses through which they can earn college credit, including AP, dual enrollment, courses that lead to industry certification, and the availability of course offerings through virtual instruction. Each high school is also required to advise each student of the early and accelerated graduation options under s. 1003.4281, F.S. Students must be advised of eligibility requirements for state scholarship programs and postsecondary admission.

Consistent with school board rules and in accordance with state statute (1012.28 (5) F.S.), the Superintendent has designated the principal of the school as the final authority in the placement of students in programs or classes.

#### **Student Progression**

##### **Comprehensive Student Progression Plan**

A comprehensive plan for student progression established by the district school board and must provide for evaluating student performance and how well a student masters the performance standards.

### **Alternatives to Normal Progression**

While it is expected that the majority of students can make satisfactory progress in a normal period of time (four years for the grades 9 through 12), some individuals will require additional services to complete their educational requirements. The NCSB provides the following options for students to earn credits or recover credits failed previously. Summer school courses taken outside of Nassau County with the prior written approval of the principal of the individual school.

### **Alternative Program Placement**

Students may be placed in an alternative program located at their home school or another district approved site. The instructional staff will afford the student every opportunity to graduate with their cohort, and students will take the state assessment on the grade level to which they are assigned. Students may not be placed in a higher grade in the alternative setting but may be promoted to the next grade level at the semester.

Student eligibility for placement in the alternative program is based on one or both of the following criteria: First, students that have a pattern of absenteeism or habitual truancy may also be reassigned to an alternative setting.

Second, students who have a history of disruptive behavior in school or who have committed an offense that warrants out-of-school suspension or expulsion from school may be placed in the alternative program.

The student is academically unsuccessful as evidenced by low test scores, retention, failing grades, low GPA, falling behind in credits, or not meeting state or district levels in reading, math, writing or science.

Retention: Alternative Placement for Students Retained Two or More Years:

An alternative placement shall be offered for a student who has been retained two or more years. The alternative placement shall provide the student with intensive, differentiated instruction designed to remediate the student's academic deficiencies and shall include opportunities for the student to be placed in small group instructional settings. The alternative placement shall, under most circumstances, be at the student's home-zoned school but may involve placement at a district-designated site. The alternative placement may not be a placement in a regular program at a higher grade. Florida Statute: 1008.25 (2)(c)

### **Placement of Pregnant, Married or Parenting Students**

Students who are married or pregnant shall not be prohibited from attending school. These students and students who are parents shall receive the same educational instruction or its equivalent as other students, but may voluntarily be assigned to a class or program suited to their special needs. Pregnant or parenting teens may participate in a teenage parent program. Pregnant students may attend alternative education programs or adult education programs, provided that the curriculum allows the student to continue to work toward a high school diploma 1003.21; 1003.54, F.S.

Students participating in teenage parent programs shall be exempt from minimum attendance requirements for absences related to pregnancy and/or parenting, but shall be required to make up work missed due to absence.

### **Parent/Guardian Role with Placement Decisions**

State law provides the authority for placement of students with the school district. Placement is based on professional educators' evaluations of how well the student is meeting the levels of performance for student progression. Such evaluations take into account whether or not the student has the knowledge and skills to move on successfully to the more difficult work of the next grade or course. Parents may discuss a placement with school officials and ask for an explanation of the placement, and they may review the evidence the school used to make the placement. However, the Superintendent has designated the principal has the final authority in placement decisions. 1012.28 (5), F.S.

### **Social Promotion Elimination**

No student can be assigned to a grade level based solely on age or other factors that constitute social promotion.

Explanatory Note: Social promotion occurs when a student is promoted based on factors other than the student achieving the district and state levels of performance for student progression. A student fails to meet the state portion of levels of performance for student progression when the student fails to achieve the required levels in reading, writing, mathematics, or science on state assessments and standards. Florida Statute: 1008.25(6)

### **High School Credit**

#### **Definition of Credit**

For the purposes of requirements for high school graduation, one full credit means a minimum of 135 hours of bona fide instruction in a designated course of study that contains student performance standards. One full credit means a minimum of 120 hours of bona fide instruction in a designated course of study that contains student performance standards for purposes of meeting high school graduation requirements in a district school that has been authorized to implement block scheduling by the district school board. Florida Statute: 1003.436(1)(a)(b)

The hourly requirements for one-half credit are one-half the requirements specified in the above paragraph.

The State Board of Education shall determine the number of postsecondary credit hours earned through dual enrollment pursuant to s. 1007.271, F.S. that satisfy the requirements of a dual enrollment articulation agreement according to s. 1007.271(21), F.S. and that equals one full credit of the equivalent high school course identified pursuant to s. 1007.271(9), F.S.

No schedule changes shall be made that prevent students from complying with statutory requirements for time in class.

#### **High School Credit Awarding**

In awarding credit for high school graduation, each district school board shall maintain a one-half credit earned system that shall include courses provided on a full-year basis. A student enrolled in a full-year course shall receive one-half credit if the student successfully completes either the first half or the second half of a full-year course but fails to successfully complete the other half of the course and the averaging of the grades obtained in each half would not result in a passing grade.

A student enrolled in a full-year course shall receive a full credit if the student successfully completes either the first half or the second half of a full-year course but fails to successfully complete the other half of the course and the averaging of the grades obtained in each half would result in a passing grade, provided that such additional requirements specified in district school board policies, such as class attendance, homework, participation, and other indicators of performance, shall be successfully completed by the student. Florida Statute: 1003.436(2)

#### **Credit Acceleration Program (CAP) – s.1003.4295.F.S.**

The Credit Acceleration Program (CAP) is created for the purpose of allowing a student to earn high school credit in Algebra I, Geometry, United States History, or Biology if the student passes the statewide, standardized assessment administered under s. 1008.22, F.S. Notwithstanding s. 1003.436.

The school district shall award course credit to a student who is not enrolled in the course, or who has not completed the course, if the student attains a passing score on the corresponding statewide, standardized assessment, as defined in F.S. 1008.22(3)c 5. The school district shall permit a student who is not enrolled in the course, or who has not completed the course, to take the assessment during the regular administration of the assessment. The requirements and eligibility process is as follows:

- The EOC will be administered only at the times established by the state assessment calendar.
- The score necessary to earn credit will be determined by the state and applied in all situations.

Only credit (no grade) will be earned by meeting the passing score on the EOC.

The request to participate must be received 9 weeks (45 school days) prior to the administration of the EOC.

Effective July 1, 2016, a student is allowed to earn high school credit in courses required for high school graduation through the passage of an Advanced Placement (AP) examination or a College Level Examination Program (CLEP). If a student attains a passing score on an AP examination or CLEP, then the school district is required to award course credit to the student who is not enrolled or who has not completed the course. Students will be required to supply evidence that they are prepared to sit for the EOC or there is reasonable justification for the request. This evidence includes but is not limited to previous FSA scores and grades in their most recent subject area course taken.

If a student takes the EOC and does not earn credit, the student will not be eligible to apply for further CAP testing for the same course until additional preparation has been documented and evaluated. 1003.4295 F.S.

### **Course Credit for Courses Taken Prior to Grade 9**

The NCSB may adopt courses designated as 9 through 12 in the Florida Course Code Directory and Instructional Personnel Assignments and that are taken below the 9th grade to be used to satisfy high school graduation requirements and Florida Bright Futures Award requirements. 1003.43(1) F.S.

Middle school students who have taken high school courses may receive grade forgiveness if they have earned a grade or the numerical equivalent of a C, D or F. In such cases, the district forgiveness policy must allow the replacement of the grade with a grade or the numerical equivalent of a C or higher, earned subsequently in the same or comparable course. For a grade of A or B, the course and grade cannot be forgiven and will appear on the student's high school transcript, and will be used in the calculation of high school grade point average and for Bright Futures. (1003.428(4)(d),F.S.)

Students seeking high school credit for courses taken in a private middle school may be granted credit if (1) the private school is listed with the Florida DOE as a private school with a school number and (2) the credit and course grade are reflected on an official transcript from the school. If the high school course has a state EOC assessment, the student must take the EOC to receive credit. Students with disabilities may qualify for a waiver of the EOC requirement.

### **College Credit by Examination**

College credit by examination is the program through which postsecondary credit is earned based on the receipt of a specified minimum score on nationally standardized general or subject area examinations (AP, IB, AICE). Minimum scores required for an award of credit in Florida institutions are stated by the Florida State Board of Education in the statewide articulation agreement 1007.27(7) F.S. There is no guarantee that a college will accept credits earned through this program.

### **Volunteer and Nonacademic Activity Credit**

A student may earn a maximum of .5 credit in social studies (2104330) and .5 elective credit for Voluntary School Community Service (0500370). A minimum of 75 hours of nonpaid, voluntary community or school service is required for each .5 credit. Any hours accumulated beyond the minimum course requirement may be used for Bright Futures. The school principal (or designee) is responsible for approving specific volunteer activities.

#### Examples of community service/volunteer activities include:

- service to a governmental agency
- service to a non-profit local, national, or international organization
- service to a school or school organization
- service to a religious organization, or other as approved by the principal (or designee).

All service/volunteer hours should be documented on the letterhead of the organization and presented to the appropriate personnel at the school. The principal (or designee) is responsible for approval of submitted community service/volunteer hours.

There are two classes of community service/volunteer activities: community service and service learning. Both qualify for community service/volunteer hours.

Community Service - student community service is defined as community service activities that are non-curriculum based and are recognized by and/or arranged through the school.

The community service:

- generally does not include explicit learning objectives or organized reflection or critical analysis activities,
- may include activities that take place off of school grounds or may happen primarily within the school,
- may be carried out as school-wide events, separately organized school programs, or projects conducted by school-sponsored clubs (i.e., Girls/Boys Clubs, National Honor Society), and may not be earned for service required as part of a court action.

Examples of community service activities could include cleaning up a local park, visiting the elderly, or collecting and distributing food to those in need.

Service Learning—Service learning is defined as curriculum-based community service that integrates classroom instruction with community service activities.

The service must:

- Be organized in relation to an academic course or curriculum,
- have clearly stated learning objectives,
- address real community needs in a sustained manner over a period of time, and;
- assist students in drawing lessons from the service through regularly scheduled, organized reflection or critical analysis activities such as discussions, presentations, or directed writing.

### **Exclusions from Earning Credit**

No student may be granted credit toward high school graduation for enrollment in the following programs or courses:

- more than a total of nine (9) elective credits in remedial programs,
- more than one credit in exploratory career education courses,
- more than 3 credits in practical arts, family and consumer sciences courses, or
- any Level I course, unless the student's assessment indicates a more rigorous course would be inappropriate, in which case a written assessment of the need must be included in the student's IEP or in a student performance plan signed by the principal, guidance counselor, and the parent/legal guardian or the student if the student is 18 years of age or older. 1003.43 (7) (a) (b)(c) (d) F.S.

### **Dropping Annual Courses**

If a student has a “D” or “F” in an annual course at the end of the second nine weeks (semester) on a 6 period day or the end of first nine weeks on a block schedule, he/she may be allowed to drop the course after a consultation with his/her guidance counselor. If the student’s schedule will accommodate a reasonable change into another course, he/she will be allowed to drop the first semester course and enroll in a second semester course. The semester average “F” or “D” of the dropped course will be counted in the student’s grade point average (GPA).

A student who is a candidate for graduation at the end of the current school year and needs a required course for graduation will be allowed to drop an annual course, regardless of his/her grade and take the required course.

### **Student Amnesty (Grades 9-12)**

Any student adversely affected by inaccurate or incomplete information by applicable school board personnel, leading to a deficiency of credits for graduation, is entitled to an interpretation that is most beneficial to the student, provided such interpretation is not in violation of Florida Statutes or State Board Rules.

### **Honors and Advanced Courses of Study**

#### ***Articulated Acceleration Mechanisms 1007.27(1) F.S.***

The inter-institutional agreement serves to shorten the time necessary for a student to complete the requirements associated with a high school diploma and a postsecondary degree and broaden the scope of curricular options available to students or increase the depth of study available for a particular subject. This includes but is not limited to, the following:

- Dual Enrollment (DE) courses,
- Florida Virtual (FLVS), Nassau County Virtual (MDVS) Courses
- Credit by examination in courses that have a state End-of-Course assessment (Algebra 1, Biology, Geometry and U.S. History).

#### ***Academically Challenging Curriculum to Enhance Learning (ACCEL)***

ACCEL options are educational options that provide academically challenging curriculum or accelerated instruction to eligible public school students if available at their school and the student eligibility

requirements are met.

**ACCEL Options:**

- Whole-grade and midyear promotion
- Subject-matter acceleration
- Virtual instruction in high grade level subjects
- Credit Acceleration Program under s. 1003.4295, F.S.
- Enriched science, technology, engineering, and mathematics (STEM) coursework

ACCEL Procedures/Process:

Each principal must inform/advise parents and students of the ACCEL options. (Examples: student information system, parent portal, automated phone messages, parent-teacher conferences, student orientation, school/community newspapers, open house, web page, and student handbook)

- Review shall be recommended by a member(s) of the faculty or a parent to the principal
- Appropriate screening and other assessment information will be gathered and considered
- The principal will have the full authority after consultation with teacher(s), guidance counselor, school psychologist, and other appropriate district personnel, to make the final decision on acceleration. A child will not be accelerated without parental consent.

ACCEL Eligibility and Procedural Requirements:

- The student’s performance on locally determined assessment, a statewide assessment, or a statewide, standardized assessment administered pursuant to s. 1008.22, F.S.
- The student’s grade point average (3.75 core Level 3 or higher GPA)
- FCAT Level 4 or 5 State End of Course
- The student’s attendance (95%) and conduct record (no referrals or discipline issues)
- Recommendations from one or more of the student’s teachers in core—curricula courses as outlined in s. 1003.01(14)(a)-(e), F.S.
- A recommendation from a guidance counselor if one is assigned to the school in which the student is enrolled.
- Each principal must establish eligibility requirements for virtual instruction in higher grade level subjects. Each principal must also establish student eligibility requirements for whole-grade promotion, midyear promotion, and subject-matter acceleration when the promotion or acceleration occurs within the principal’s school.

***Student Eligibility Considerations:***

- The student’s performance on a locally determined assessment, a statewide assessment, or a statewide, standardized assessment administered pursuant to s. 1008.22.
- The student’s grade point average.
- The student’s attendance and conduct record.
- Recommendations from one or more of the student’s teachers in core-curricula courses as defined in s.1003.01 (14) (a)-(e).
- Conduct – No referrals or discipline issues
- Grade – Maintain “A”
- Reevaluate each semester

The student’s cumulative guidance record and report card should be noted to indicate “Accelerated Grade Placement.” A letter stating the major reason(s) why the placement was made, and the name of the principal who initiated the placement should be sent to the parent/guardian. A copy of this letter should be

attached to the permanent copy of the report card.

Each school district must establish a process by which a parent may request student participation in whole-grade promotion, midyear promotion, or subject-matter acceleration that would result in a student attending a different school. Florida Statutes: 1008.25, 1008.22, 1002.3105

## **Requirements for Advanced Placement (AP), Dual Enrollment (DE) and Honors**

### ***Advanced Placement (AP) Program:***

Administered by the College Board, the AP program is a nationwide program of 30 college-level courses and exams. A variety of these courses are offered at district high schools and through Florida Virtual School. Courses can be taken during high school. Students earning a qualifying grade on an AP exam can earn college credit and/or advanced course placement for efforts. Most post-secondary institutions grant college credit for AP exams with a score of 3 or higher. NCSB students enrolled in an AP course shall take the exam and shall be exempt from exam registration fees (1007.27(6) F.S.

If a student only completes one semester or quarter of an AP course, they will receive weighted credit for that semester/quarter. If a student comes to our district having completed semester 1 or quarter 1 of an AP course and then does not continue that course the second semester or quarter, they would still receive the .5 credit for the course code and the .5 weighting. The transcript should reflect the courses the student actually sat in each semester or quarter; for example Semester/quarter 1-AP, Semester 2 Honors credit. The two together will satisfy one credit.

### **Awarding of Advanced Placement Credit**

Students who score a minimum of 3 on a 5-point scale may receive college credit. Students who score a 4 or 5 on certain examinations also benefit from first time course equivalency credit. A course equivalency chart may be found at <http://www.floridashines.org>. Honors or Advanced Placement.

The Nassau County School District criteria for honors or advanced placement are any one of the following:

- Math for Mathematics Honors or AP class placement, or Reading for English, Social Studies, Science and Foreign Language Honors or AP class placement
- Grades - A grade of B or better in the previous honors course. Students earning an A in the previous standard course may be recommended for honors or AP course placement.
- FSA - Level 4 or 5 in appropriate area and not less than a Level 3 in any area on Mathematics
- FSA for placement in honors or AP mathematics classes or Reading FSA for placement in honors or AP English, social studies and science or foreign language
- PSAT – A score of 48 or higher on the appropriate assessment
- Math score for mathematics honors or AP class placement Reading and/or language for English, social studies, science and foreign languages honors or AP class placement

In the case of special circumstances, a petition may be made on a case-by-case basis to the principal (or designee) for review of criteria to ensure proper course placement. Dual Enrollment – Performance at this level is evidenced by:

- 3.0 unweighted GPA for Academic Dual Enrollment Program
- 2.0 unweighted GPA for Non-Credit Certificate Career Programs
- 3.5 unweighted GPA for Early Admission
- 3.0 unweighted GPA for Collegiate Career High School Program
- 3.0 unweighted GPA for Early College Program and

CPT – Reading 83, Writing 83 Math 72,( Elementary Algebra) or Math 85 (College Algebra –MAC 1105)  
 PERT – Reading 106, Writing 103, Mathematics 114 (Intermediate Algebra –MAT 1033) or,  
 Math 123 (College Algebra- MAC 1105)

Beginning March 1, 2016 and forward Dual Enrollment Placement Criteria:

SAT English Placement: Verbal 24+ (ENC1101), SAT Reading Placement: Verbal 24+ (Exempt), SAT Mathematics Placement: 24-27.5 (MAT1033, MGF1106, MGF1107), Mathematics: 29 (MAC1105). ACT – English: 17+ (ENC1101), Reading: 19+ (Exempt), Mathematics: 19-22 (MAT1033, MGF1106, MGF1107, STA2023), Mathematics 23+ (MAC1105)

**Dual Enrollment: Academic, Career, Early Admission, Early College, Collegiate Career High School**

Dual Enrollment: Program Definition

The dual enrollment program is the enrollment of an eligible secondary or home education student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree. A student who is enrolled in postsecondary instruction that is creditable toward a high school diploma may not be classified as a dual enrollment student. Florida Statute: 1007.271(2)

Academic dual enrollment refers to coursework offered for dual enrollment that meets both high school graduation requirements and requirements in the College of Arts and Sciences at FSCJ toward the Associate in Arts degree.

Career dual enrollment refers to coursework in college credit career programs and non-credit workforce certificates based upon state-approved frameworks that lead to industry certifications.

Early Admission is a form of dual enrollment in which eligible senior level high school students are permitted to enroll on the college campus on a full-time basis in fall and spring terms of the senior year, earning both college and high school graduation credit.

Early College is a NCSB/FSCJ collaborative program utilizing dual enrollment to offer students the opportunity to complete up to 60 hours of college credit during their high school years with the goal of achieving an Associates in Arts degree.

Collegiate Career High School is a NCSD/FSCJ collaborative program in which eligible high school students may earn CAPE industry certifications and up to 30 hours or more dual enrollment college credit during their high school years. Collegiate Career High School programs focus on career pathways and credentials.

Dual Enrollment: Location and Scheduling

With the approval of the College, eligible dual enrollment students may take the courses during regular class periods at NCSD high school sites in fall or spring terms, in approved times in Fall or Spring terms outside of the regular class periods at the NCSD high school sites, or during any scheduled fall or spring term at FSCJ facilities or online.

Preferential location of courses for dual enrollment registration will be:

1<sup>st</sup>: On the high school campus whenever available.

2<sup>nd</sup>: At the FSCJ/NCSJ joint-use Lewis “Red” Bean Technical Center if State General Education courses are available and are not offered on a high school campus.

3<sup>rd</sup>: At other FSCJ campuses or centers or online when the above two options are not available.

These courses must be course appropriate and approved by the guidance counselor.

#### Dual Enrollment: Course Selection

Dual Enrollment students may only enroll in those courses approved by NCSJ and FSCJ. College course selected for this program shall meet and satisfy the requirements of 1007.271.F.S. for awarding both high school credit and college credit. NCSJ shall advise interested students and their parents or guardians of the application of the college credits earned to the credit required for a high school diploma, and to the ramifications and responsibilities of initiating a permanent college transcript.

Courses offered under the dual enrollment designation will be selected from the FSCJ arts and sciences curricula and selected career courses leading to certifications, licensures, or technical certificates. Whenever possible, dual enrollment students shall be provided an opportunity to enroll in 12 or 16 week courses, rather than 8 week classes. Within the general education requirement area, emphasis will be placed on college credit courses in communication, humanities, mathematics, natural science, and social science.

Students entering dual enrollment in the 2015-2016 academic year and thereafter as well as continuing dual enrollment students who have not completed the required 36 hours of General Education for the Associate of Arts degree prior to the beginning of the 2015-2016 academic year must complete the State- mandated 15 credit hours of “Core” General Education courses prior to earning 24 total hours of college credit.

For secondary students entering 9th grade in 2013-2014 and thereafter, the high school graduation requirement for Economics will be met by taking both ECO 2013 and the one credit ECO 1931-Financial Literacy, within the same academic year.

To promote student success in dual enrollment courses, beginning in the Fall semester of 2016, new dual enrollment students must take SLS1103 in the first two semesters of participation in any dual enrollment program, with preference of taking the course in the first semester of participation. The course may be taken at the public school site or on the college campus in a face to face or hybrid modality only.

The following exceptions to the requirement to take SLS1103 in the first two semesters of participation in any dual enrollment program will be permitted.

Students who have posted College ready scores on the SAT, ACT, or PERT in all three areas of reading, writing, and mathematics, have an unweighted high school GPA of 3.0 – 3.29 based upon at least 4 full high school credits, and have successfully completed with a grade of “C” or higher a high school level AVID course.

Students who have posted College-ready scores on SAT, ACT, or PERT in all three areas reading, writing, and mathematics, and have an unweighted high school GPA of 3.3 or higher based upon at least 4 full high school credits.

Newly entered dual enrollment students, as well as continuing dual enrollment students who have not completed the 36 hours of General Education, must complete the State-mandated 15 credit hours of “Core” General Education courses prior to earning 24 total hours of college credit.

<b>Associate in Arts Degree -- General Education Requirements</b>	
Communications: Students must complete 9 credit hours in Communications. Student must complete 3 credit hours from category A, 3 credit hours from category B, and 3 credit hours from Category C.	
Category A: State Core Communications Course Hours	
ENC 1101 English Composition I	3
ENC 1101C English Composition I Enhanced	4
NOTE: ENC 1101C fulfills the General Education Category A Communications requirement. In addition, this course includes one credit hour of supplemental lab instruction that will count toward the twenty-four hours of Associate in Arts electives.	
Category B:	
ENC1102 Writing About Texts	3
Category C:	
SPC 2017 Introduction to Speech Communications	3
SPC 2065 Speech Communication for Business & the Professions	3
SPC 2608 Fundamentals of Public Speaking	3
Humanities: Students must complete 6 credit hours in Humanities. Students must complete 3 credit hours from category A, and 3 credit hours from category A or B. Required: Students must take one (1) HUM-prefix course.	
Category A: State Core Humanities Courses	
*ARH 2000 Art in the Humanities	3
*PHI 2010 Philosophy in the Humanities	3
*MUL 2010 Music in the Humanities	3
*LIT 2000 Literature in the Humanities	3
*HUM 2020 Topics in the Humanities	3
*THE 2000 Theater in the Humanities	
Category B:	
HUM 2210 Humanities: Prehistory through Medieval	3
HUM 2230 Humanities: 15th to 20th Century	3
HUM 2250 Humanities: 20th & 21st Century Cultural Perspectives	3
HUM 2410 Humanities of Asia	3
HUM 2450 Humanities in the Americas	3
DAN 2100 Dance in the Humanities	3
AML 2010 American Literature: Colonial Times to 1900	3
AML 2020 American Literature: 1900 to the Present	3
ARH 2050 Art History from Prehistory to 15th Century	3
ARH 2051 Art History from the 15th to 21st Century	3
ENG 2100 Film Studies	3
ENG 2012 English Literature to 1750	3
ENL 2022 English Literature Since 1750	3
LIT 2100 Great Ideas in World Literature	3
PHI 2603 Applied Ethics	3
PHI 2600 Moral and Political Philosophy	3
REL 2000 Religious Studies	3
REL 2300 World Religions	3
NOTE: HUM 2472 will be removed from the Gen Ed to elective status.	
<i>Table continues on next page.</i>	

<i>Table continued from previous page.</i>	
Mathematics: Students must complete 6 credit hours in Mathematics. At least 3 credit hours must come from the State Core (denoted with *).	
NOTE: Any student who successfully completes a Mathematics course for which one of the general education course core options in mathematics (marked with an *) is an immediate prerequisite, shall be considered to have completed the Mathematics core.	
Hours	
*MAC 1105 College Algebra	3
MAC 1114 College Trigonometry	3
MAC 1140 Pre-calculus Algebra	4
MAC 1147 Pre-calculus Algebra & Trigonometry	5
MAC 2233 Calculus for Business & Social Sciences	3
*MAC 2311 Calculus with Analytic Geometry I	4
MAC 2312 Calculus with Analytic Geometry II	4
MAC 2313 Calculus with Analytic Geometry III	4
MAP 2302 Differential Equations	3
*MGF 1106 Topics in College Mathematics	3
*MGF 1107 Explorations in Mathematics	3
*STA 2023 Elementary Statistics	3
Natural Sciences: Students must complete 6-8 credit hours in Natural Sciences from one of the following options. At least one course must come from the State Core (denoted with *).	
NOTE: Any student who successfully completes a Natural Sciences course for which one of the general education core course options in Natural Sciences (marked with an *) is an immediate prerequisite shall be considered to have completed the Natural Sciences core.	
Option A: Choose one 3 or 4 credit course from the Biological Sciences and one 3 or 4 credit course from the Physical Sciences, and complete at least one credit of laboratory in either Biological or Physical Science. The laboratory credit can be either part of a 3 or 4 credit course designated with a "C," or a stand-alone, one-credit course designated with an "L" following the course number. At least one course must come from the State Core (denoted with *).	
Biological Sciences:	
BOT 1010C Botany	4
*BSC 1005 Life in its Biological Environment	3
BSC 1005L Biology Laboratory 1	1
*BSC 2010C Principles of Biology I	4
BSC 2011C Principles of Biology II	4
BSC 2020C Human Biology	4
BSC 2050 Biology of Environmental Systems	3
*BSC 2085C Human Anatomy & Physiology I	4
BSC 2086C Human Anatomy & Physiology II	4
ISC 1075 Principles of Science & investigation (May fulfill requirement for Biological Sciences or Physical Sciences but not both.)	3
MCB 2010C Microbiology	4
OCB 2000C Fundamentals of Marine Biology	4
Z00 1010C General Zoology	4
Physical Sciences:	
*AST 1002 Introduction to Astronomy	3
AST 1002L Astronomy Laboratory	1
*CHM 1020 Chemistry for Liberal Arts	3
CHM 1025C Introduction to General Chemistry	4
CHM 1032C Principles of General Chemistry	4
*CHM 2045C General Chemistry and Quantitative Analysis I	4
CHM 2046C General Chemistry and Quantitative Analysis II	4
*ESC 1000 Earth and Space Science	3
ESC 1000L Earth and Space Science Laboratory	1
*EVR 1001 Introduction to Environmental Science	3
GLY 1010C Physical Geology & Laboratory	4

Dual enrollment courses offered at the high school site may not be combined with any non-college credit high school course.

#### Dual Enrollment: Course Equivalency

In general, 3 college credit hours are equivalent to .5 high school credit, with 6 college credit hours equating to 1 full high school credit. There are exceptions, however:

Florida Department of Education's articulation committee maintains a list of dual enrollment courses identified to meet high school graduation requirements. This list contains certain semester-length postsecondary courses deemed of sufficient rigor to earn a full high school credit. The current list can be found on the Florida Department of education website at <https://www.fldoe.org/articulation/pdf/DEList.pdf>.

High school credits shall be awarded per the status of the list at the time of student enrollment. One credit hour college music courses are equivalent to .5 high school credit. College certificate program workforce credit courses are equivalent to a .5 high school career education credit.

The guide for courses to be offered through the Dual Enrollment program is the Dual Enrollment Course-High School Subject Area Equivalency List approved by the State Articulation Coordinating Committee which can be found on the State Articulation website at <https://www.fldoe.org/articulation/pdf/DEList.pdf>.

Dual Enrollment Assessment Requirements: Students are required to meet the established course prerequisite, co-requisite, and academic skill requirements as identified in the course descriptions in the current college catalog.

Students must establish that their academic skills are at the requisite level for the type of college coursework in which they desire to enroll. Students enrolling in college credit courses must take the Postsecondary Education Readiness Test (PERT), the ACT examination or the SAT examination. Students must have scores in all 3 testing areas of Reading, Writing and Mathematics.

Students must earn a score that places them in college credit classes. Students enrolling in mathematics courses must earn a score that places them into college level mathematics (MAT 1033 Intermediate

Algebra or higher). MAT 1033 is the highest level course into which a student may place with FCAT scores. Students who wish to take MAC 1105, College Algebra or other equivalent or high level math courses must submit qualifying PERT, ACT, or SAT scores or request to take the Advanced Mathematics test at one of the College's Assessment and Certification Centers.

#### Dual Enrollment: Placement Criteria

Dual Enrollment – Performance at this level is evidenced by:

- 3.0 unweighted GPA for Academic Dual Enrollment Program
- 2.0 unweighted GPA for Non-Credit Certificate Career Programs
- 3.50 unweighted GPA for Early Admission
- 3.0 unweighted GPA for Collegiate Career High School Program
- 3.0 unweighted GPA for Early College Program and

CPT – Reading 83, Writing 83 Math 72,( Elementary Algebra) or Math 85 (College Algebra –MAC 1105)

PERT – Reading 106, Writing 103, Mathematics 114 (Intermediate Algebra –MAT 1033) or, Math 123 (College Algebra- MAC 1105)

Beginning March 1, 2016 and forward Dual Enrollment Placement Criteria:

SAT English Placement: Verbal 24+ (ENC1101), SAT Reading Placement: Verbal 24+ (Exempt), SAT Mathematics Placement: 24-27.5 (MAT1033, MGF1106, MGF1107), Mathematics: 29 (MAC1105). ACT – English: 17+ (ENC1101), Reading: 19+ (Exempt), Mathematics: 19-22 (MAT1033, MGF1106, MGF1107, STA2023), Mathematics 23+ (MAC1105)

*For SLS 1103 only, students may qualify with a score that exempts them from remedial level reading only.*

FSCJ will permit potential Dual Enrollment, Early Admission, Early College High School and Collegiate Career High School students to attempt one trial of the full PERT test at one of the College Assessment Centers at no charge to the student. Should the student fail to post qualifying scores on the first attempt, he or she will be permitted to retest at his or her own expense in accordance with Assessment Center policies.

ESOL students may qualify with the CPT-L, but may only test once per academic year because of the essay component and scoring complexities.

State law requires that dual enrollment students only enroll in 12 credit hours before earning assessment scores which place them into college level courses in all three areas of reading, writing, and mathematics. This requirement pertains to all established assessment placement instruments: PERT, ACT, SAT. A special exception to the 12 credit hour rule may be available to students who have met placement requirements in reading and writing, and are concurrently enrolled in an academic course in mathematics on the high school campus.

Students enrolling in non-credit career/technical courses must take the Test of Adult Basic Education (TABE) within the first six weeks of the first term of enrollment.

#### Dual Enrollment: Eligibility Requirements for Academic Dual Enrollment Programs

Dual Enrollment programs are designed for secondary students who demonstrate the ability to conduct themselves as mature, responsible students in a collegiate environment and who understand the consequences of establishing a permanent college transcript. Students taking individual Academic Dual Enrollment courses who are not part of an Early College or Collegiate Career High School program must establish a qualifying cumulative unweighted GPA of 3.0 calculated based upon at least 4 full high school credits.

Students who enroll in Academic Dual Enrollment courses must demonstrate readiness for college-level work with scores on a common placement test adopted by the State Board of Education under s. 1007.27(5) F.S. such as the ACT, SAT, or Postsecondary Education Readiness Test (PERT) that exempts them from remedial work in reading and writing. If the PERT is used for this purpose, students must present for review scores in all three areas of reading, writing, and mathematics. This includes students wishing to take dual enrollment courses in mathematics or science must also present test scores that exempt them from remedial work in mathematics. Students who wish to take mathematics courses at a level higher than MAC1105 (College Algebra) may attempt the Advanced Mathematics test at one of the College's Assessment and Certification Centers. Qualifying PERT test scores in the areas of Writing and Math must be dated within 2 calendar years prior to the first day of the dual enrollment class.

*Exception: Placement for SLS 1103 only may be achieved through one of the following:*

2.5 cumulative unweighted GPA calculated based upon at least 4 full high school credits if they have placed into college level reading on any of the established college placement tests. If the PERT reading test is used for this purpose, students do not also need to post PERT writing or math scores.

The following exceptions to the requirement to take SLS1103 in the first two semesters of participation in any dual enrollment program will be permitted:

- Students who have posted College ready scores on the SAT, ACT, or PERT in all three areas of reading, writing, and mathematics, have an unweighted high school GPA of 3.0 – 3.29 based upon at least 4 full high school credits, and have successfully completed with a grade of “C” or higher a high school level AVID course.
- Students who have posted College-ready scores on SAT, ACT, or PERT in all three areas reading, writing, and mathematics, and have an unweighted high school GPA of 3.3 or higher based upon at least 4 full high school credits.
- Students who have no posted college-ready reading scores may qualify with a 3.0 unweighted cumulative high school GPA calculated based upon at least 4 full high school credits.

Students must meet all prerequisite requirements for any Academic Dual Enrollment courses prior to registration.

Schools may schedule high school Level 3 world language classes as dual enrollment for qualified secondary students (including minimum GPA requirements based upon at least 4 full high school credits and college ready test scores) who have previously completed the competencies of the Level I and II classes in the same language, with a grade of “C” or better. The courses in which these students enroll must consist of only dual enrollment students.

State law requires that dual enrollment students may only enroll in 12 credit hour before achieving assessment scores that place them into college level courses in all three areas of reading, writing, and mathematics. This requirement pertains to all established assessment placement instruments: PERT, ACT, SAT and any subsequent functional equivalents. A special exception to the 12 credit hour rule may be available to students who have met placement requirements in reading and writing, and are enrolled in an academic course in mathematics at their high school. Exceptions must be approved by the NCSB and the FSCJ Dual Enrollment Office prior to August 1 for fall semester registration and December 1 for Spring semester registration.

Maximum course enrollments will be as follows:

General Education Requirement: Students must complete the State-mandated 15 credit hours of “Core” General Education courses prior to earning 24 total hours of college credit.

College campus locations and college online courses:

Students enrolled in dual enrollment courses who are not part of an Early Admission, Early College, or Collegiate Career High School program are limited to no more than two dual enrollment courses offered on the College campus or through the College’s Distance Learning per 16 week semester, unless special permission is granted by NCSD.

Combination of college, online, and NCSD school site enrollments:

- Fall and Spring terms: Traditional Dual Enrollment students (those who are not participating in an Early College, Early Admission, or Collegiate Career High School program) may enroll in no more than 11 credit hours per 16-week semester. This maximum includes all courses taken as dual enrollment, including the college site, online, or at a NCSD school location.
- Summer Term: Dual Enrollment is not offered during the Summer term.

Students must maintain a minimum 2.0 grade point average on their FSCJ transcript of college courses as well as a 3.0 unweighted high school cumulative GPA.

**IMPORTANT NOTE:** Students who have dropped below the required 2.0 minimum GPA on the college transcript or have an unweighted high school GPA of less than 3.0 will not be permitted to continue dual enrollment in the subsequent semester. Reinstatement of the dual enrollment program can be achieved through the following mechanism:

After the completion of two consecutive semesters (including fall or spring), a student may again apply to take a dual enrollment course if meeting all other eligibility requirements.

Students must progress successfully to continue participation in any dual enrollment program. Successful progress means that a grade of A, B, or C is earned. Any student who posts a grade of W, D, FN, or F will lose eligibility to continue in any dual enrollment program.

Students and their parent or guardian must sign a contract delineating an understanding of both academic and behavioral expectations of the Dual Enrollment Program and adhere to the College Expectations for Student Conduct and the NCSJ Student Code of Conduct (the "Code"). Students who disrupt the educational process or in other way violate the Expectations for Student Conduct and the NCSJ code (including issues of Academic Dishonesty) shall be referred to the appropriate College Administrator for discipline in accordance with the Code and the College's policies and procedures. Discipline may include, but is not limited to, ineligibility for further dual enrollment participation as determined by a disciplinary committee including NCSJ and FSCJ personnel.

Senior level students may not register under dual enrollment for courses on the College campus that conclude after their high school graduation.

Students must meet assessment requirements as described in this section of the SPP.

Schools/students must submit each semester a dual enrollment application and documentation containing:

- Counselor statement verifying status as a college ready secondary student.
- High school transcript verifying a minimum cumulative grade point average for the program of their choice:
- For Academic Dual Enrollment, the student must maintain a minimum unweighted high school GPA of 3.0 based upon at least 4 full high school credits and must maintain a 3.0 unweighted high school cumulative GPA as well as a minimum 2.0 grade point average on their FSCJ transcript.
- For Early Admission Dual Enrollment, the student must maintain a minimum unweighted high school GPA of 3.5 and the student must maintain a 3.0 unweighted high school cumulative GPA for continuing eligibility as well as a minimum 2.0 grade point average on their FSCJ transcript.
- For Early College Dual Enrollment, the minimum unweighted high school GPA is 3.0 and the student must maintain a 3.0 unweighted high school cumulative GPA as well as a minimum 2.0 grade point average on their FSCJ transcript.
- Collegiate Career High School: the student must demonstrate readiness with a 2.5 unweighted high school grade point average on entry into the program at the freshman level and maintain a minimum 2.0 grade point average on their FSCJ transcript as well as a 3.0 unweighted high school cumulative GPA.

For Non-credit certificate career programs, the minimum unweighted high school GPA is 2.0.

#### Dual Enrollment: Early Admission

Early admission is a senior year program, allowing full time enrollment in fall and spring terms of a student's senior year. Students who wish to enroll in early admission must demonstrate readiness for college-level work with a 3.5 unweighted high school grade point average at time of initial college enrollment and scores on a common placement test adopted by the State Board of Education under s. 1007.271 such as the ACT,

SAT, or Postsecondary Education Readiness Test (PERT) that exempts them from remedial work in reading, writing, and mathematics.

Student eligibility must be approved by both the high school counselor and college campus dual enrollment coordinator during the spring semester of their junior year for full-time dual enrollment registration during their senior year. Students must be enrolled and maintain continuous enrollment in NCSD by November 1 of the junior year. The deadline to apply for Early Admission status is May 1 of the student's junior year.

Students who have an unweighted high school grade point average that falls below the required 3.5 between application and start of Early Admission in the fall semester of 2017 will not be permitted to participate in the program.

Students must enroll in at least 12 credit hours of college credit courses that meet high school graduation requirements per term of the fall and spring terms of senior year. Students must be advised in writing by NCSB that failure in, or withdrawal from dual enrollment courses may jeopardize their high school graduation and their acceptance to a selective admission postsecondary institution.

Student may enroll in no more than 15 semester hours per 16 week semester. This maximum includes all courses taken as dual enrollment, including the college site, online, or at a NCSD site. NOTE: If a science course requires a concurrent one credit hour lab course, resulting in a term maximum of 16 hours, this exception will be permitted.

General Education Requirement: Students must complete the State mandated 15 credit hours of "Core" General Education courses prior to earning 24 total hours of college credit.

Students must progress successfully to continue participation in any dual enrollment program. Successful progress means that a grade of A, B, or C is earned. Any student who posts a grade of W, D, FN, or F will lose eligibility to continue in any dual enrollment program.

Dual enrollment students may not perform any online change of registration status – dropping and adding classes, withdrawal from courses. As stated in the Student/Parent Dual Enrollment Contract, performance of such activities will result in the student not being permitted to take dual enrollment classes in subsequent terms.

Exceptions to eligibility requirements will be considered on a case by case basis using a standard waiver process and will require approval from both NCSD and FSCJ. Exceptions will include both academics and behavioral considerations. All requests for exceptions must be submitted at least 2 weeks prior to the beginning of the term and a determination will be made prior to the first day of class.

The following exceptions to the requirement to take SLS1103 in the first two semesters of participation in any dual enrollment program will be permitted:

- Students who have posted College ready scores on the SAT, ACT, or PERT in all three areas of reading, writing, and mathematics, have an unweighted high school GPA of 3.0 – 3.29 based upon at least 4 full high school credits, and have successfully completed with a grade of "C" or higher a high school level AVID course.
- Students who have posted College-ready scores on SAT, ACT, or PERT in all three areas reading, writing, and mathematics, and have an unweighted high school GPA of 3.3 or higher based upon at least 4 full high school credits.

### Dual Enrollment: Early College

Early College is a program in which eligible dual enrollment students will take college credit classes which will fulfill both high school graduation requirements and the requirements for an Associate of Arts degree. Students in this program may take classes on the high school site, online, at the Lewis “Red” Bean Technical Center, or at any of the College’s Campuses or Centers. They may earn up to 60 credit hours toward the Associate of Arts degree while in high school. The degree will be officially conferred once the College receives from NCSD a high school transcript showing graduation.

Students who wish to enroll in Early College dual enrollment courses must demonstrate readiness for college-level work with a 3.0 unweighted high school grade point average.

Students must successfully complete the SLS 1103 course during their 9th grade spring term of Early College enrollment for continued eligibility in the program. Students who enter Early College in 10th grade must take SLS 1103 as their sole dual enrollment course in the fall semester of grade 10 prior to continuation in the program.

The following exceptions to the requirement to take SLS1103 in the first two semesters of participation in any dual enrollment program will be permitted:

- Students who have posted College ready scores on the SAT, ACT, or PERT in all three areas of reading, writing, and mathematics, have an unweighted high school GPA of 3.0 – 3.29 based upon at least 4 full high school credits, and have successfully completed with a grade of “C” or higher a high school level AVID course.
- Students who have posted College-ready scores on SAT, ACT, or PERT in all three areas reading, writing, and mathematics, and have an unweighted high school GPA of 3.3 or higher based upon at least 4 full high school credits.

Student must achieve college-level placement scores in reading, writing, for continuing eligibility. All required test scores must be achieved by May 1 of grade 10.

Students must achieve college-level placement scores in reading, writing, and mathematics by the time 12 credit hours have been earned for continuing eligibility.

Students must earn at least 12 college credit hours by the end of grade 10 to continue in Early College. Students not meeting the minimum credit hours will be advised of other dual enrollment options. General Education Requirement: Students must complete the State-mandated 15 credit hours of “Core” General Education courses prior to earning 24 total hours of college credit.

Students must maintain a minimum 2.0 grade point average on their FSCJ transcript of college courses as well as a 3.0 unweighted high school cumulative GPA.

Students must progress successfully to continue participation in any dual enrollment program. Successful progress means that a grade of A, B or C is earned. Any student who posts a grade of W, D, FN, or F will lose eligibility to continue taking dual enrollment classes.

**IMPORTANT NOTE:** Students who have dropped below the required 2.0 minimum GPA on the college transcript or have an unweighted high school GPA of less than 3.0 will not be permitted to continue dual enrollment in the subsequent semester. Reinstatement of the dual enrollment program can be achieved through the following mechanism:

- After completion of two consecutive semesters (including fall or spring), a student may again apply to take a dual enrollment course if meeting all other eligibility requirements.

- Students must progress successfully to continue participation in any dual enrollment program. Successful progress means that a grade of A, B, or C is earned. Any student who posts a grade of W, D, FN, or F will lose eligibility to continue taking dual enrollment classes.

Maximum Course Enrollments: Students enrolled in dual enrollment courses who are not part of an Early College, Early Admission, or Collegiate Career High School program are limited to no more than two dual enrollment courses offered on the College campus or through the College's Distance learning per semester, unless special permission is approved by NCS D.

Fall and Spring terms: Students may enroll in no more than 15 semester hours per 16 week semester. This maximum includes all courses taken as dual enrollment, including the college site, online, or at a high school location. Note: if a science course requires a concurrent one credit hour lab course, resulting in a term maximum of 16 hours, this exception will be permitted.

Summer Term: Dual Enrollment is not offered during the Summer term.

Total college credits earned; to reduce excess credit hours, students may take up to the 60 hours needed to complete an Associate of Arts degree in the Early College program. Advisement will prioritize meeting all areas of General Education in the first 45 hours of the program. The remaining elective hours should be selected toward prerequisite courses for the student's desired transfer major. Once the General Education Requirements and elective credits to make up the 60 hours for the Associate of Arts degree are met, the student will be considered to have completed the Early College program and is no longer eligible for further dual enrollment through FSCJ. This means the student completes A.A. requirements earlier than the originally planned high school graduation date.

Where applicable, the Early College program may vary from the standard course progression in 10th grade of high school, by enrolling students in three year-long dual enrollment courses conducted at the high school.

Students and their parent or guardian must sign a contract delineating an understanding of both academic and behavioral expectations of the Dual Enrollment Program and adhere to the College Expectations for Student Conduct and the NCS D Student Code of Conduct (the "Code"). Students who disrupt the educational process or in other way violate the Expectations for Student Conduct and the NCS D code (including issues of Academic Dishonesty) shall be referred to the appropriate College Administrator for discipline in accordance with the Code and the College's policies and procedures. Discipline may include, but is not limited to, ineligibility for further dual enrollment participation as determined by a disciplinary committee including NCS D and FSCJ personnel.

Senior level students may not register under dual enrollment for courses on the College campus that conclude after their high school graduation.

#### Dual Enrollment: Collegiate Career High School

Collegiate High School/Dual Enrollment Option 1007.273(11) F.S.

Collegiate High School is an option for public high school seniors to earn CAPE industry certifications (Section 1008.44) and to successfully complete 30 credit hours through the dual enrollment program. Section 1007.271, Florida Statutes, established that "the Dual Enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree."

Collegiate Career High school programs are programs in which eligible high school students may earn CAPE industry certifications and up to 30 hours or more of dual enrollment college credit during their high school years. Collegiate High School programs focus on career pathways and credentials.

Students who wish to enroll in the Collegiate Career High School dual enrollment program must demonstrate readiness with a 2.5 unweighted high school grade point average on entry into the program at the freshman level.

Students must successfully complete the SLS1103 course during their freshman year (as defined by a grade of A, B, or C and achieve a final unweighted high school GPA of 3.0 by the end of the freshman year for continued eligibility in the program.

The following exceptions to the requirement to take SLS1103 in the first two semesters of participation in any dual enrollment program will be permitted:

- Students who have posted College ready scores on the SAT, ACT, or PERT in all three areas of reading, writing, and mathematics, have an unweighted high school GPA of 3.0 – 3.29 based upon at least 4 full high school credits, and have successfully completed with a grade of “C” or higher a high school level AVID course.
- Students who have posted College-ready scores on SAT, ACT, or PERT in all three areas reading, writing, and mathematics, and have an unweighted high school GPA of 3.3 or higher based upon at least 4 full high school credits.

Students must be assessed with a common placement test adopted by the State Board of Education under S. 1007.271 F.S. such as the ACT, SAT, or Postsecondary Education Readiness Test (PERT) during their freshman year and achieve college-level placement scores in reading and writing for continuing eligibility. All required test scores must be achieved by May 1 of grade 10 (sophomore year).

Students must achieve college-level placement scores in reading, writing, and mathematics by the time 12 credit hours have been earned for continuing eligibility.

Students must earn at least 9 college credit hours by the end of grade 10 to continue in the Collegiate Career High School program. Students not meeting the minimum credit hours will be advised of other dual enrollment options.

Students must maintain 2.0 grade point average on their FSCJ transcript of college courses as well as a 3.0 unweighted high school cumulative GPA.

**IMPORTANT NOTE:** Students who have dropped below the required 2.0 minimum GPA on the college transcript or have an unweighted high school GPA of less than 3.0 will not be permitted to continue dual enrollment in the subsequent semester. Reinstatement in the dual enrollment program (but not as a Collegiate Career High School Student) can be achieved through the following mechanism:

After completion of two consecutive semesters (including fall or spring), a student may again apply to take a dual enrollment course if meeting all other eligibility requirements. -

Students must progress successfully to continue participation in any dual enrollment program. Successful progress means that a grade of A, B, or C is earned. Any student who posts a grade of W,D, FN or F will lose eligibility to continue taking dual enrollment classes.

Maximum course enrollments will be as follows:

College campus locations and college online courses: Students enrolled in dual enrollment courses who are not part of an Early College, Early Admission, or Collegiate Career High School program are limited to no more than two dual enrollment courses offered on the College campus or through the College’s Distance Learning per semester, unless special permission is approved by NCSB.

- Fall and Spring terms: Students may enroll in no more than 15 semester hours per 16 week semester. This maximum includes all courses taken as dual enrollment, including the college site, online, or at a high school location. Note: if a science course requires a concurrent one credit hour lab course, resulting in a term maximum of 16 hours, this exception will be permitted.
- Summer Term: Dual Enrollment is not offered during the summer term.

Total college credits earned: The Collegiate High School program is designed to assist high school students in obtaining industry certifications and career coursework which can lead to credentials which may include the Associate of Science degree. Advisement and course selection will focus on classes leading to these industry certifications and those meeting General Education requirements for the Associate of Science degree.

Students and their parent or guardian must sign a contract delineating an understanding of both academic and behavioral expectations of the Dual Enrollment Program and adhere to the College Expectations for Student Conduct and the NCS D Student Code of Conduct (the “Code”). Students who disrupt the educational process or in other way violate the Expectations for Student Conduct and the NCS D code (including issues of Academic Dishonesty) shall be referred to the appropriate Dean of Student Success in accordance with the Code and the College’s policies and procedures. Discipline may include, but is not limited to, ineligibility for further dual enrollment participation as determined by a disciplinary committee including NCS D and FSCJ personnel.

Senior level students may not register under dual enrollment for courses on the College campus that conclude after their high school graduation.

Students must progress successfully to continue participation in any dual enrollment program. Successful progress means that a grade of A, B, or C is earned. Any student who posts a grade of W, D, FN, or F will lose eligibility to continue in any dual enrollment program.

#### Dual Enrollment: Informing Students of Dual Enrollment

Each district school board shall inform all secondary school students and their parents of dual enrollment as an educational option and mechanism for acceleration. Students and their parents shall be informed of student eligibility requirements, the option for taking dual enrollment courses beyond the regular school year, and the minimum academic credits required for graduation. District school boards must annually assess the demand for dual enrollment and provide that information to each partnering postsecondary institution. Alternative grade calculation, weighting systems, and or information regarding student education options that discriminates against dual enrollment courses, are prohibited. Florida Statute: 1007.271(8)

#### Dual Enrollment: Fee Exemption for Dual Enrollment

Students who meet the eligibility requirements of s. 1007.271, F.S. and who choose to participate in dual enrollment programs are exempt from the payment of registration, tuition, and laboratory fees. Florida Statute: 1007.271(2)

#### Dual Enrollment and the Three Year 18-Credit ACCEL Graduation Program Students

Students enrolled in three-year 18-credit ACCEL graduation program may be eligible for dual enrollment credit. However, all dual enrollment courses must be taken prior to the completion of the 18 required credits.

#### **Graduation: Diplomas and Certificates, Requirements, Options & Guidelines**

Graduation Programs for Students in General Education Programs: 1003.4282 F.S.

Beginning in 2011-2012, HB 1255 requires that each school provide students in grades six through twelve and their parents with information concerning the three-year and four-year high school graduation options. The selection of one of the graduation options that follow may be completed by the student and

parent/guardian at any time and is exclusively up to the student and parent/guardian.

Students may choose from of two State options to earn a diploma:

- a four-year 24-credit standard program,
- Scholar Designation
- Merit Designation
- a three-year 18-credit ACCEL program (Academically Challenging Curriculum to Enhance Learning).

All of the graduation paths include opportunities to take rigorous academic courses to prepare students for their future academic and career choices. All students, regardless of the graduation program, must still earn a 2.0 grade point average on a 4.0 scale and achieve passing scores (or concordant scores) on the Grade 10 FSA in reading and the Algebra 1 End-of-Course (EOC) assessment in order to graduate with a standard diploma (1003.43(5)(a)(d)F.S., 1003.4282F.S.)

## **Diploma Options**

### ***Standard Diploma***

#### **24-credit program:**

This program takes the traditional four years to complete high school.

The general requirements for a standard high school diploma require successful completion of a minimum of 24 academic credits in grades 9 through 12. Foreign language Credit is not required for this program, although it is recommended for Florida college preparation and is required for admission to Florida's state universities.

This program is designed for a variety of students with differing academic abilities. The standard diploma prepares, and may qualify the student for a variety of post high school opportunities, including a military career, entry-level or apprentice jobs, admission to a vocational or technical school, admission to a community college, or admission to a four-year college or university.

Students who complete a minimum of 24 credits, achieve a cumulative grade point average (GPA) of a 2.0 on a 4.0 scale, and earn a passing score on the statewide assessments required for high school graduation have an option to graduate in fewer than eight semesters (four years) as specified in s.1003.4281 F.S.

A student who completes all of their graduation requirements in less than 8 semesters or the equivalent and does not return as a student the following semester, will have a graduation date of his/her transcript and cumulative record that will reflect the date on which he/she finished all the graduation requirements.

If eligible for a Florida Bright Futures Scholarship Program award under Florida Statutes 1009.53- 1009.538, a student who graduates from high school midyear may receive an initial award in the spring term following the student's graduation.

A standard high school diploma can be awarded to honorably discharged veterans who were inducted into the U.S. Armed Forces during the Vietnam Era before completing the necessary high school graduation requirements, providing they have met specific criteria. (Corporal Larry E. Smedley, Viet Nam Veterans High School Diploma Act.)

## Standard High School Diploma Designations

Students may earn one or more designations on their standard high school diploma: the scholar designation and the merit designation. Students are encouraged, but are not required, to work toward a designation. The requirements for both designations are in addition to the 24-credit program requirements.

**State “Scholar” and “Merit” Designations** (Each standard high school diploma shall include, as applicable):

**State “Scholar” Designation** (Rule 6A-1.09441, F.A.C.),– for 9th grade cohorts 2014-2015 and forward – in addition to meeting the 24- credit standard high school diploma requirements, a student must:

Earn 1 credit in Algebra II

- Pass the Geometry EOC
- Earn 1 credit in Statistics or an equally rigorous math course;
- Pass the Biology EOC
- Earn 1 credit in Chemistry or Physics
- Earn 1 credit in a course equally rigorous to Chemistry or Physics;
- Pass the U.S. History EOC;
- Earn 2 credits in the same world language, and
- Earn at least 1 credit in an AP or a dual enrollment course.

A student enrolled in an AP, IB or AICE Biology course, who takes the respective assessment and earns the minimum score necessary to earn college credit meets the requirement without having to take the state Biology I EOC assessment.

A student enrolled in an AP, IB or AICE course that includes U.S. History topics who takes the respective assessment and earns the minimum score necessary to earn college credit meets the requirement without having to take the state U.S. History EOC assessment.

### **State “Merit” Designation**

Students seeking a state Merit designation must earn one or more industry certifications from a list approved by the state (per section 1003.492, F.S.).

**Scholar Diploma Designation****In addition to meeting the district’s standard high school diploma requirements:**

2011-12, 2012-13, 2013-14 Ninth Grade Cohorts	2014-15 Ninth Grade Cohort and Thereafter
Earn 1 credit in Algebra 2; Earn 1 credit in Statistics or an equally rigorous mathematics course5; Pass the Biology 1 EOC1; Earn 1 credit in Chemistry or Physics2,3; Earn 1 credit in a course equally rigorous to Chemistry or Physics4; Pass the U.S. History EOC1; Earn 2 credits in the same World Language; and Earn at least 1 credit in AP, IB, AICE or a dual enrollment course	Earn 1 credit in Algebra 2; Pass the Geometry EOC; Earn 1 credit in Statistics or an equally rigorous mathematics course5; Pass the Biology 1 EOC1; Earn 1 credit in Chemistry or Physics2,3; Earn 1 credit in a course equally rigorous to Chemistry or Physics4; Pass the U.S. History EOC1; Earn 2 credits in the same World Language; and Earn at least 1 credit in AP, IB, AICE or a dual enrollment course

Note1: A student is exempt from the Biology 1 or U.S. History assessment if the student is enrolled in an AP, IB or AICE Biology 1 or U.S. History course and the student takes the respective AP or AICE assessment; and earns the minimum score to earn college credit.

Note2: Accelerated Chemistry Courses (AP, IB, AICE, and dual enrollment) also satisfy the Chemistry requirement. For a complete listing, view the Subject Area: Chemistry in the Comprehensive Course Table.

2003340	Chemistry 1
2003350	Chemistry 1 Honors
2003372	Pre-AICE Chemistry Physics International General Certificate of Secondary Education (IGCSE) Level
2003800	Florida’s Pre-international Baccalaureate Chemistry I
2003830	IB Middle Years Program Chemistry
2003360	Chemistry 2 Honors

Note3: Accelerated Physics Courses (AP, IB, AICE, and dual enrollment) also satisfy the Physics requirement. For a complete listing, view the Subject Area: Physics in the Comprehensive Course Table.

2003380	Physics 1
2003390	Physics 1 Honors
2003432	Pre-AICE Physics International General Certificate of Secondary Education (IGCSE) Level
2003410	Physics 2 Honors

Note4: For a course equally rigorous to chemistry or physics, the credit must be attained by successfully completing a science course with an “EQ” (equally rigorous) subject code.

Note5: Any level 3 or college credit-bearing mathematics course is considered equally rigorous to Statistics for the scholar diploma designation.

**Merit Diploma Designation****In addition to meeting the district’s standard high school diploma requirements:**

Attain one or more industry certifications from the list established (per s. 1003.492, F.S.)

### **Florida Seal of Bilingualism**

The Florida Seal of Bilingualism Program is established to recognize a high school graduate who has attained a high level of competency in listening, speaking, and writing in one or more foreign languages in addition to English. Beginning with the 2016-2017 school year, the Gold SEAL of Bilingualism or Silver Seal of Bilingualism must be awarded to a high school student who has earned a standard diploma and has met the following requirements:

- Has earned four foreign language course credits in the same foreign language with a cumulative 3.0 grade GPA on a 4.0 scale
- Has achieved a qualifying score on a foreign language assessment; or
- Has satisfied alternative requirements as determined by the State Board of Education pursuant to subsection (8).

A student may be awarded course credits that are not enrolled in a foreign language course or who did not complete the course but have demonstrated proficiency based on performance on an approved assessment.

A district school board may require specific courses and programs of study within the minimum credit requirements for high school graduation. Each district school board shall establish standards for graduation from its schools, and these standards must include the following:

- Earning passing scores on the state defined graduation assessments, 1008.22(3), F.S., or, if legislated, scores on a standardized test that are concordant with passing scores on the state assessments as defined in 1008.22(7)-(8), F.S. (Once the student has met the assessment graduation requirement for a standard high school diploma with a concordant/comparative score, Florida's School Code does not require the student to continue taking the required state assessments for the purpose of high school graduation, however, not achieving at least level 3 on a required state assessments may require additional remedial coursework.
- Completion of all other applicable requirements prescribed by the district school board pursuant to 1003.4282, F.S.
- Achievement of a cumulative, unweighted grade point average of 2.0.

### **ACCEL Standard Diploma Options – 18 credits**

#### **18-credit, Academically Challenging Curriculum to Enhance Learning (ACCEL) Program 1003.4282**

##### **Additional 18-credit ACCEL Graduation Program Guidelines**

Each high school must provide ACCEL options. ACCEL options are educational options that provide academically challenging curriculum or accelerated instruction to eligible students, such as:

- Whole-grade and mid-year promotion
- Enrichment programs
- Subject matter acceleration
- Virtual instruction in higher grade-level subjects
- Credit Acceleration Program (CAP), as specified in s. 1003.4295, F.S.
- Enriched science, technology, engineering and mathematics (STEM) coursework

Students who complete a minimum of 18 credits, achieve a cumulative GPA of a 2.0 on a 4.0 scale and earn a passing score on the statewide assessments required for high school graduation, have an option to earn a standard high school diploma.

This option requires that a student complete the standard course requirements for the 24-credit program without the required physical education course, online course requirement and only three elective courses.

Subject	Credits
English/Language	4
Mathematics	4
Science	3
Social Studies	3
Fine and Performing Arts, Speech and	1
Electives	3
Note: This option requires that a student complete the standard course requirements for the 24-credit program based on grade 9 cohort without the required physical education course and only three elective courses. The online course is not required.	

Note: A student may use the CAP option towards the 18-credit ACCEL Diploma option.

Students selecting the 18-credit program shall be treated equally with students graduating via the minimum 24-credit general high school graduation program in all ways, including eligibility for valedictorian, salutatorian, Talented 20, and Bright Futures. Students enrolled in the 18-credit graduation program shall not be excluded from activities traditionally provided for graduating students during their anticipated graduation year.

Schools shall not establish requirements for the 18-credit high school graduation program in excess of the requirements in statute 1003.4282 F.S.

A student choosing the 18-credit graduation program must attend high school as a full-time student for three full school years, which may include virtual school.

Students who choose the 18-credit graduation program may still qualify for acceleration programs (e.g., Advanced Placement, dual enrollment, and for a Florida Bright Futures Scholarship if they meet the eligibility and/or admissions requirements for those programs and scholarships. They can participate in the National Merit Scholarship Program if they take the PSAT/NMSQT in either the next-to-last year or the last year they are enrolled in high school. Those who take the PSAT/NMSQT in their last year of high school will be entering competition for awards to be offered as they are completing their first year of college. Students who plan to apply to an out-of-state or private in-state college or university and who are interested in the 18-credit graduation program should contact those institutions as early as possible for specific admissions requirements.

Selection of an accelerated high school graduation program may be completed by a student at any time and is entirely up to the student and parent/guardian. Students who fail to select the 18-credit graduation program shall be considered to have selected the 24-credit graduation program. 1003.429 (2)(4)(9)F.S. Prior to selecting the 18-credit graduation program, designated school personnel shall meet with each student and the student's parent/guardian to provide an explanation of the relative requirements, advantages, and disadvantages of this graduation option.

There is no provision for a Certificate of Completion under the 18-credit graduation option. A student may use the CAP option towards the 18-credit ACCEL option.

**Students Entering Grade 9 in the 2014-2015 School Year and Forward 24 Credit Standard Diploma Option**

Subject	Credits	
English/Language Arts	4	<ul style="list-style-type: none"> <li>▪ ELA 1, 2, 3, 4</li> <li>▪ ELA honors, AP and dual enrollment courses may satisfy this requirement.</li> </ul>
Mathematics	4	<ul style="list-style-type: none"> <li>• One of which must be Algebra 1 and one of which must be Geometry.</li> <li>▪ Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra 1 and Geometry).</li> <li>▪ An identified rigorous computer science course with a related industry certification may substitute for up to one mathematics credit (except for Algebra 1 or higher-level mathematics).</li> </ul>
Science	3	<ul style="list-style-type: none"> <li>▪ One of which must be Biology 1, two of which must be equally rigorous science courses.</li> <li>▪ Two of the three required course credits must have a laboratory component.</li> <li>▪ An Industry Certification that leads to college credit substitutes for up to one science credit (except for Biology 1).</li> <li>▪ An identified rigorous computer science course with a related industry certification substitutes for up to one science credit (except for Biology 1) or higher-level science).</li> </ul>
Social Studies	3	<ul style="list-style-type: none"> <li>▪ 1 credit in World History</li> <li>▪ 1 credit in U.S. History</li> <li>▪ 0.5 credit U.S. Government</li> <li>▪ 0.5 credit with Economics with Financial Literacy</li> </ul>
Fine and Performing Arts, Speech and Debate or Practical Arts	1	Eligible courses are in the Florida Course Code Directory
Physical Education	1	Must include the integration of health
Electives & Career Pathways	8	
Online Course	1	See Note 4
Note1: Industry certification may substitute up to two mathematics credits, except for Algebra 1 and Geometry		
Note2: (1) Industry certification may substitute for up to one science credit, except for Biology 1. (2) An identified rigorous Computer Science course with a related industry certification substitutes for up to one science credit (except for Biology I).		
Note3: The Florida Course Code Directory can be accessed at <a href="http://www.fldoe.org/articulation/CCD/default.asp">http://www.fldoe.org/articulation/CCD/default.asp</a>		

**Note 4: Online Course Graduation Requirement – s. 1003.4282(4), F.S.**

**Only students seeking the 24-credit high school diploma must meet this graduation requirement**

Students may meet this requirement by completing an online high school course offered by the following:

- Florida Virtual School;
- A district high school (to include traditional district schools, district franchises and virtual charter schools);
- A postsecondary school as an online dual enrollment course;
- District virtual instruction programs; and
- A district middle school (high school-level course).

**Students may also satisfy the online course graduation requirement through the following:**

- Completion of a blended learning course; or
- Completion of a course in which a student earns a nationally recognized industry certification in information technology that is identified on the Career and Professional Education Act (CAPE) Industry Certification Funding List (s. 1008.44, F.S.) or passage of the information technology certification examination without enrollment in or completion of the corresponding courses. Currently, there are 45 industry certifications that will satisfy this requirement identified in the primary career cluster area on information technology on the CAPE Industry Certification Funding List.
  - There are other eligible industry certifications students may earn in career and technical education (CTE) information technology courses that appear on the CAPE Industry Certification Funding List that do not have a primary career cluster information technology assignment.

Students required to pass the online course to meet the online course graduation requirement -  
Section 1003.4282 F.S.

### **Certificate of Completion**

A student who earns the required 24 credits, or the required 18 credits under s. 1002.3105(5), but fails to

- pass the assessments required under s. 1008.22(3) or
- achieve a 2.0 GPA.

A student who is otherwise entitled to a certificate of completion may elect to remain in high school either as a full-time or part-time student for up to one additional year and receive special instruction designed to remedy the student's identified deficiencies.

Diploma Date for Completion Students: If a student satisfies the state assessment requirement(s), the diploma date for these students will be the date the state assessment (FCAT/ELA/EOC) is satisfied.  
Florida Statute: 1003.4282(7)(c)

### **Graduation Options for Exceptional Education Students**

*See the Exceptional Student Education section of the SPP*

## **Adult Education Student Standard Diploma Requirements – s. 1003.4282(6)(b), F.S. 79.**

A student in an adult general education program (s. 1004.93, F.S.) will be awarded a standard diploma if the student meets the requirements for the 24-credit option (s. 1003.4282, F.S.), or the 18-credit ACCEL option (s. 1002.3105(5), F.S.) with possible exceptions that include the following:

- One elective credit may be substituted for the one-credit requirement in fine or performing arts, speech and debate, or practical arts.
- The district school board may waive the requirement that two of the science credits include a laboratory component.
- The one credit in physical education may be substituted with an elective credit.

## **General Educational Development (GED) Diploma**

Any student who is at least 18 years old and who has not earned a standard diploma may earn a State of Florida Diploma by passing the Tests of General Educational Development (GED). The GED consists of separate tests in English, social studies, science, literature and mathematics. Students must also write a 200-word essay.

Any candidate for the General Educational Development (GED) Test shall be at least 18 years of age on the date of the examination, except in extraordinary circumstances, as determined by the superintendent or designee. Candidates who receive an age waiver, due to extraordinary circumstances, must be at least 16 years of age on the date of the examination. No person under the age of 16 may take the GED examination. When a student enrolled in regular high school successfully passes the GED test, the following rules apply:

- The regular high school program is terminated immediately
- The student is no longer eligible to participate in any high school function or activity reserved for students.

Activities include, but are not limited to, the following:

- graduation exercise,
- prom, and
- athletic events, etc.

## **Military Dependent Transfer Students 1000.36 F.S.**

The Interstate Compact on Educational Opportunity for Military Children specifies what local the education agency (LEA) must do to facilitate the on-time graduation of children of military families in Article VII:

LEA officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. If a waiver is not granted to a student who would qualify to graduate from the sending school, the local education agency must provide an alternative means of acquiring required graduation coursework so that graduation may occur on time.

States shall accept exit or end-of-course exams required for graduation from the sending state, national norm-referenced tests, or alternative testing, in lieu of testing requirements for graduation in the receiving state. If these alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, the provisions of Article VII Section C apply.

If a military student transfers at the beginning of our during his or her senior year and is not eligible to graduate from the receiving LEA after all the alternatives have been considered, the sending and receiving LEAs must ensure the receipt of a diploma from the sending LEA, if the student meets the graduation requirements from the sending LEA. If one of the states in question is not a member of this compact, the member state shall use its best efforts to facilitate the on-time graduation of the student in Sections A and B of Article VII.

### **Determination of Valedictorian and Salutatorian**

The determination of a valedictorian and salutatorian must be made based upon the criteria listed in the Student Progression Plan of the year of entry into the 9th grade.

The NCSB does not recognize a valedictorian or salutatorian from each graduating program. At the time of their graduation, all students are considered in the determination of those honors.

#### **For Students Entering 9th Grade in the 2015-2016, 2016-2017, 2017-2018 & 2018-2019 School Years:**

For students entering 9th grade in the-2015-2016, 2016-2017, 2017-2018 & 2018-2019 school years, the Valedictorian and Salutatorian will be determined based on the following criteria.

The district does not recognize a valedictorian or salutatorian from each graduating program. At the time of graduation, all students are considered in the determination of those honors.

Beginning with students entering 9th grade in the 2015-2016, 2016-2017, 2017-2018 & 2018-2019 school years, the final grade average in all courses taken for high school graduation and final grades for FLVS and Dual Enrollment courses taken off campus must be applied to a student's academic record prior to ranking for valedictorian and salutatorian.

Senior class rank for valedictorian and salutatorian shall be based on a 5.0 weighted GPA on all courses taken for high school credit. Calculations of GPAs for valedictorian and salutatorian shall be made at the conclusion of the last semester of the senior year.

A student who transfers to Nassau County during the last two years prior to graduation is not eligible to be named sole Valedictorian or Salutatorian. However, that student is eligible to be Co-Valedictorian or Co-Salutatorian based on the following criteria:

If ranked first in the senior class based on the cumulative weighted GPA, the transfer student would be named Co-Valedictorian along with the second ranked student. The third-ranked student would be named Salutatorian.

If ranked second in the senior class, the transfer student would be named Co-Salutatorian along with the third-ranked student.

Students graduating from a three-year 18 Credit Graduation Program are eligible for Valedictorian and Salutatorian status.

A high school transfer student shall be given quality point weighting for any course acceptable for transfer if that course is deemed comparable to a course in the Nassau County School District that receives a quality point weighting. All courses that carry weight on the grade point average should be labeled on the transfer student record as honors, dual enrollment, advanced, advanced placement, accelerated, or some other description that denotes an honors level class. The principal or designee shall make the determination as to which transfer courses qualify for quality points

A student must complete their last four full semesters in Nassau County consecutively to be eligible to be named sole Valedictorian or Salutatorian. A new student who registers before school starts for his/her junior year is eligible for sole Valedictorian/Salutatorian. However, if a student transfers to Nassau County during his/her junior or senior year, he/she falls under the above criteria for Co-Valedictorian or Co-Salutatorian.

### **Honor Graduate**

A weighted grade point average of 3.5 is required to be considered an honor graduate. Honor students cannot have a D or F on a semester or year grade.

### **Graduation Ceremony**

To participate in a school graduation ceremony, a student must have completed the requirements for one of the awards and be in good standing per the Superintendent's Guidelines for Graduation-Administrative Rules 8.02.

### **Florida Bright Futures Scholarship Program**

The Florida Bright Futures Scholarship Program is created to establish a lottery-funded scholarship program to reward any Florida high school graduate who merits recognition of high academic achievement and who enrolls in a degree program, certificate program, or applied technology program at an eligible Florida public or private postsecondary education institution within 3 years of graduation from high school. The program offers three types of scholarship awards: the Florida Academic Scholars award (FAS), the Florida Medallion Scholars award (FMS), and the Florida Gold Seal Vocational Scholars award (GSV). For more information, go to <http://www.floridastudentfinancialaid.org/SSFAD/bf/>.

Florida high school students who wish to qualify for the Florida Academic Scholars (FSA) award or the Florida Medallion Scholars (FMS) award must meet the following eligibility requirements:

Graduate high school from a Florida public high school with a Florida Standard Diploma, graduate from a registered Florida Department of Education private high school, earn a GED, complete a Home Education program, or graduate from a non-Florida high school (OOS);

- Complete the required high school coursework;
- Achieve the required minimum high school grade point average (GPA);
- Achieve the required minimum score on either the ACT or SAT college entrance exam;
- Complete the required number of service hours.

**Florida Academic Scholars Award and Florida Medallion Scholars Award**

	High School Weighted GPA	College Entrance	Service Hours
FAS	3.50	29/1290	100 hours
FMS	3.00	26/1170	75 hours
Note: FAS and FMS required coursework aligns with SUS admission requirements found in regulation 6.002.			

Florida Statute: 1009.53

**Florida Gold Seal Vocational Scholars**

The Florida Gold Seal Vocational Scholars award is created within the Florida Bright Futures Scholarship Program to recognize and reward academic achievement and career preparation by high school students who wish to continue their education.

The Florida Gold Seal Vocational Scholars (GSV) can only be used to fund a career education or certificate program. Florida high school students who wish to qualify for the Florida Gold Seal Vocational Scholars (GSV) award must meet the following initial eligibility requirements:

Graduate from high school with a Standard Diploma (high school graduation requirements);

- Achieve the required weighted minimum 3.0 GPA in the non-elective high school courses;
- Take at least 3 full credits in a single Career and Technical Education program;
- Achieve the required minimum 3.5 unweighted GPA in the career education courses;
- Achieve the required minimum score on the ACT, SAT, or Florida Postsecondary Education Readiness (P.E.R.T.) exams (see table below); and
- Complete 30 service hours.

Exam Type	Sub-test	Required Score
P.E.R.T	Reading	106
	Writing	103
	Math	114

Exam Type	Sub-test	Required Score
ACT	English	17
	Reading	19
	Math	19
SAT (prior to March 1, 2016)	Critical Reading	440
	Math	440
SAT (March 1, 2016 and thereafter)	Reading Test	24
	Writing and Language Test	25
	Math Test	24

Florida Statute: 1009.536

Students must complete service hours during high school and by high school graduation.

### Gold Seal CAPE Scholars (GSC)

The Florida Gold Seal CAPE Scholars award (GSC) may be funded if enrolled in a career education or certificate program. Upon completion of an associates in science degree program that articulates to a Bachelor of Science degree, a GSC Scholar may also receive an award for a maximum of 60 credit hours toward a bachelor of science degree program. Upon completion of an associate in applied science program, a GSC Scholar may also receive an award for a maximum of 60 credit hours toward a bachelor of applied science degree program.

Florida high school students who wish to qualify for the Florida Gold Seale CAPE Scholars award must meet the following initial eligibility requirements.

- Earn a minimum of 5 postsecondary credit hours through CAPE industry certifications which articulate for college credit; and
- Complete 30 service hours

### Service Hours

Students must complete service hours during high school and by high school graduation. For additional information, refer to **Service Hours** under Florida Academic and Florida Medallion Scholarships found on page 4.

### Home Education (HE) Students

All home-educated students must be registered with the district where they live for grades 11 and 12. In addition, students must meet the general requirements for the Florida Bright Futures Scholarship Program. If the student was not registered as home-educated with the district for grades 11 and 12, but has the required transcripts and test scores, he/she may be able to apply as a Florida GED Diploma recipient.

Florida home-educated students must meet the following initial eligibility requirements:

- Meet the General Requirements for Bright Futures;
- Submit a timely Florida Financial Aid Application;
- Earn required minimum test scores: and
- Complete the minimum number of service hours.

## **Florida Financial Aid Application (FFAA)**

Students must APPLY for the scholarship by submitting the Florida Financial Aid Application (FFAA) beginning December 1 of their senior year and by no later than August 31 after high school graduation. If a student does not apply for the scholarship by deadline, a student cannot receive the Scholarship. All eligibility requirements must be met by high school graduation, but scores of ACT, SAT, P.E.R.T. tests taken through June 30 are accepted for evaluation purposes.

After submitting the FFAA, the student is responsible for tracking the application and award status online and keeping the Office of Student Financial Assistance (OSFA) informed of any demographic or changes. Students are responsible for ensuring that funding for an academic year is accurate by contacting their institution's financial aid office.

The Bright Futures Scholarship will renew automatically each year (up to the scholarship limit) if the student maintains the required GPA and earns the required credit hours.

## **General Requirements**

- Be a Florida resident and a U.S. citizen or eligible noncitizen, as determined by the student's postsecondary institution.
- Complete the Florida Financial Aid Application (FFAA) no later than August 31 after high school graduation.
- Earn a standard Florida high school diploma or its equivalent from a Florida public high school or a registered Florida Department of Education (FDOE) private high school; or complete a home education program.
- Not have been found guilty of, or pled nolo contendere to, a felony charge, unless the student has been granted clemency by the Governor and Cabinet sitting as the Executive Office of Clemency.
- Be accepted by and enroll in a degree or certificate program at an eligible Florida public or independent postsecondary institution.
- Be enrolled for at least 6 non-remedial semester credit hours (or the equivalent in quarter or clock hours) per term.
- If not funded in the academic year immediately following high school graduation, apply within two years of high school graduation to have your award reinstated.

**Mid-Year Graduates:** A mid-year graduate is a student who graduates between September 1 and January 31 of an academic year and seeks funding for the spring academic term following graduation. Students who graduate early but do not seek funding until a subsequent academic year are not considered mid-year graduates of Bright Futures.

The student must submit the Florida Financial Aid Application (FFAA) by August 31 PRIOR TO the intended graduation date. There are NO EXCEPTIONS to this application deadline. The student must meet the scholarship requirements in effect for the academic year in which he/she graduates. (Example: A December 2018 graduate must meet the 2018-2019 scholarship eligibility requirements as well as the general program requirements.)

Service hours completed by high school graduation and test scores for test dates through January 31 will be considered in a mid-year graduate's Final Evaluation. A student's Final transcript evaluation MUST include a graduation date.

If determined eligible as a mid-year graduate, a student may receive funding for the spring term if enrolled.

If a student does not graduate mid-year as planned and wishes to apply as an end-of-year graduate, the student must submit a **new** FFA after the new application opens on October 1.

## **Public Postsecondary Information**

### **State University System of Florida (SUS)**

The State University System (SUS) of Florida is comprised of twelve universities, some with branch campuses and centers in different areas of the state. All twelve public universities offer baccalaureate and graduate degrees. The Southern Association of Colleges and Schools (SACS) accredits each institution. For a complete listing of state universities, please visit <http://www.flbog.edu/aboutsus/universities/>.

The SUS includes the University of Florida, Florida State University, Florida Agricultural & Mechanical University, University of South Florida, Florida Atlantic University, University of West Florida, University of Central Florida, Florida International University, University of North Florida, Florida Gulf Coast University, New College of Florida and Florida Polytechnic University.

Admission into Florida's public universities is competitive. Prospective students should complete a rigorous curriculum in high school and apply to more than one university to increase their chance for acceptance. To qualify to enter one of Florida's public universities, a first-time-in-college student must meet the following minimum requirements:

High school graduation with a standard diploma

- Minimum HS GPA 2.5
- 4 English
- 4 Mathematics (Algebra I level and above)
- 3 Natural Science (2 with substantial lab)
- 3 Social Science
- 2 World Language (sequential, in the same language)
- 2 approved electives <http://www.flbog.edu/forstudents/planning>
- Admission test scores
- 16 credits of college preparatory academic courses

Test Minimums:

Spring 2017 and Later

- SAT - Critical Reading or concordant score from rSAT Evidence-Based Reading & Writing score = 460 or
- ACT Reading = 19
- ACT-Mathematics = 19 or
- SAT – Mathematics = 460

Talented Twenty: Within space and fiscal limitations, admission to a university in the SUS shall be granted to an FTIC applicant who is a graduate of a public Florida high school, who has completed the (18) required high school units as listed in the SUS regulation, who ranks in the top 20% of his/her high school graduating class, and who has submitted SAT Reasoning Test or redesigned SAT scores from the College Board or ACT Plus Writing scores from ACT, Inc., prior to enrollment. A Talented Twenty student is not guaranteed admission to the university of first choice and should work closely with a high school counselor to identify options. The SUS will use class rank as determined by the Florida Department of Education. Students

admitted Spring 2017 or later may submit a redesigned SAT or ACT without an essay.

### **The Florida College System**

Florida's 28 public colleges are open-access institutions. They offer high school general equivalency diploma (GED) preparation, adult basic education, as well as certificate, associate and bachelor degree programs. Certificate and degree programs offered at Florida College System institutions range from auto mechanics to nursing to the Associates in Arts (AA degree, which guarantees transfer to Florida's public colleges and universities. In addition to two-year degrees, many colleges now offer baccalaureate degrees in areas that meet local workforce needs such as nursing, teaching, management and technology.

Students who plan to pursue an associate or baccalaureate degree will need to earn a standard high school diploma, GED or CPT-Eligible Certificate of Completion. For a listing of Florida College System Institutions, please visit <http://www.fldoe.org/schools/higher-ed/fl-college-system/colleges>.

### **General Admission**

Admission to an associate degree program requires a standard high school diploma, GED, certificate of completion that specifically stipulates eligibility for the Common Placement Test or previously demonstrated competency in college-credit postsecondary coursework. Home-schooled students should submit an affidavit signed by the student's parent or legal guardian attesting that the student has completed a home education program. Section 1007.263, F.S., relates to admission at a Florida College System Institution.

### **Career and Technical Centers**

Florida also offers students 46 accredited career and technical centers throughout the state, which provide the education and certification necessary to work in a particular career or technical field. Programs are flexible for students and provide industry-specific education and training for a wide variety of occupations. <http://www.fldoe.org/workforce/pdf/DistrictTechnicalCenterDirectors.pdf>

### **Postsecondary Financial Aid**

The Office of Student Financial Assistance State Programs administers a variety of postsecondary educational state-funded grants and scholarships. <http://www.floridastudentfinancialaid.org/>

## **Course Requirements, Substitutions, and Exemptions**

### **Online Course Requirement**

All students must complete at least one course within the 24 credits required through one of the following types of online learning:

- an online course taken during grades 9 through 12
- an online course offered by the Florida Virtual School
- an online course offered by the high school, or
- an online dual enrollment course

This requirement does not apply to a student who has an individual educational plan under s. 1003.57, F.S., which indicates that an online course would be inappropriate or a student who is enrolled in a Florida high school and has less than 1 academic year remaining in high school. Florida Statute: 1003.4282

## **Foreign Language and other Academic Courses**

Pursuant to s. 1003.4285, F.S., a student selecting one of the Standard high school diploma designations must complete two credits in the same second language, unless he or she is a native speaker of a language other than English or can otherwise demonstrate proficiency.

If a student meets either of these criteria, then he or she may substitute two academic credits for the two required credits in the same second language. The transcripts of students who demonstrate proficiency in a language other than English should indicate course number 0791920, which represents the waiver of the foreign language credit requirement through demonstration of proficiency. Districts may document proficiency through a variety of methods, including:

- Teacher-developed assessment administered to students who have completed two credits (two years) Exit tests or assessments used in International Baccalaureate, Advanced Placement, or Advanced International Certificate of Education programs.
- Language placement tests used by the modern languages department at the local community college or state university.
- Use of a commercially developed language proficiency test, such as the College Level Examination program (CLEP), in languages other than English, the Oral Proficiency Interview designed by the American Council on Education, or the SAT II (formerly Achievement Test) designed by the College Board.

Pursuant to 1007.2615, F.S., students may elect to take two consecutive courses in American Sign Language (ASL I and II) to meet the foreign language requirements of one of the scholars designations and for admission to Florida's state universities.

## **Fine or Performing Arts, Speech and Debate, or Practical Arts**

The practical arts course must incorporate artistic content and techniques of creativity, interpretation, and imagination. Some Practical Arts courses may be used to meet the Arts High School Graduation Requirement. The current list is available at <http://www.fldoe.org/core/fileparse.php/7746/urlt/0079840-pacourses1213.pdf>

Florida Statute:  
1003.4282(3)(e)

## **Science and JROTC (Air Force)**

Upon completion of the JROTC Aerospace Science program, including Aerospace Science I, II, and III, students may substitute, on a curriculum equivalency basis, one JROTC credit for Physical Science (2003310) to satisfy one of the three science requirements needed for graduation.

## **Physical Education High School Waiver Options**

### ***District Choosing Health Opportunities through Physical Education (HOPE)***

Two seasons of an interscholastic sport at the junior varsity or varsity waives the full one-credit physical education requirement.

Two years in an JROTC class (Year 1 waiver #1500450, Year 2 waiver #1500460) satisfies the full one-credit physical education requirement AND the full one-credit performing arts requirement (#1500480).

Course Code #	Description of Waiver	Option Applied to:
1500410	INTERSCH SSN 1 – COM (Completion of interscholastic sport season 1)	Personal Fitness/Physical Education Activity Elective AND HOPE
1500420	INTERSCH SSN 2 – COM (completion of interscholastic sport season 2)	Personal Fitness/Physical Education Activity Elective AND HOPE
1500450	JROTC PE YR 1 WAIVER (JROTC Physical education waiver: completion year 1)	Personal Fitness/Physical Education Activity Elective AND HOPE (Students under personal fitness option must still take Personal Fitness class).
1500460	JROTC PE YR 2 WAIVER (JROTC Physical Education waiver: completion year 2)	Personal Fitness/Physical Education Elective AND HOPE (Students under personal fitness options must still take Personal Fitness class).

### **Industry Certification Mathematics and Science Substitutions**

A student who earns an industry certification for which there is a statewide college-credit articulation agreement approved by the State Board of Education may substitute the certification for one mathematics credit. Substitution may occur for up to two mathematics credits, except for Algebra I and Geometry.

A student who earns an industry certification for which there is a statewide college-credit articulation agreement approved by the State Board of Education may substitute the certification for up to one science credit, except for Biology I.

It is important to note that one qualifying industry certification attainment equates to one substitution credit. A student would need to earn three distinct industry certifications to earn the maximum three substitutions credits (two in mathematics and one in science).

The school district determines which industry certification (passing scores) can yield course substitutions for mathematics and science. Section 1003.4282(3)(b)-(c), F.S.

Refer to the Statewide Articulation Agreements web page at <http://www.fldoe.org/academics/career-adult-edu/career-technical-edu-agreements/industrycertification.stml>.

## **IV. GRADING AND NOTIFICATION PROCEDURES**

### **High School Grading System**

The grading system and interpretation of letter grades, percentages, GPA values and definitions used in public high schools are listed below. However, the report card will only indicate the student's letter grade and percentage and will include a legend defining the student's percentages. All 9 through 12 students'

numerical grades will be converted into letter grades for the purpose of determining grade point average.

Percentage	GPA Value	Definition
9	4	Outstanding
8	3	Above Average
7	2	Average Progress
6	1	Lowest Acceptable
0	0	Failure

For incomplete work, the letter “I” will reflect the coursework and/or test that must be completed within two weeks of report cards being issued or a reasonable time. Extensions due to illness or an incapacitating accident must be approved by the principal. Florida Statute: 1003.437

## **State End of Course (EOC) Grade Calculation**

### **EOC Calculation**

Students enrolled in a course which requires a state EOC must participate in the state administered EOC assessment. Final grades and credits will be held until state EOC scores are released from the state (where applicable). The district will average the state EOC score with the grades earned in the course to determine the student's final grade and credit.

#### 6 Period Day

$$((Q1+Q2)/2 \times .35) + ((Q3+Q4)/2 \times .35) + (\text{state EOC} \times .30) = \text{Final Grade}$$

#### 4x4 Block Semester 1

$$((Q1 \times .35) + (Q2 \times .35) + (\text{state EOC} \times .30)) = \text{Final Grade}$$

#### 4x4 Block Semester 2

$$((Q3 \times .35) + (Q4 \times .35) + (\text{state EOC} \times .30)) = \text{Final Grade}$$

Note: If a student with a disability receives an EOC waiver, the 30% EOC calculation requirement will be waived for the purposes of determining the student's course grade.

#### Calculation for Transfer Students with .5 Credit in an EOC Course

For students who enter school mid-year with a .5 credit in Algebra 1, Biology, Geometry, U.S. History, Algebra 2 or equivalent courses which have a State EOC Assessment, the student will keep the .5 credit and grade earned as shown on the student's transcript from their prior school. When the student takes the other .5 credit of the course, the state EOC will be counted as 30% of the second half of the credit only (where applicable). Therefore, the EOC course for the transfer student will show on the student's transcript as two .5 credits.

## **End of Course Assessment Results Waiver for Students with Disabilities**

*See the Exceptional Student Education section of the SPP*

### **Course Weighting**

School districts and community colleges must weight level 3 career education courses that lead to industry certification, college-level dual enrollment courses, honors courses, and advanced placement courses when grade point averages are calculated. Alternative grade calculation or weighting systems that discriminate against any of these types of courses are prohibited.

For weighting of courses for all students, numerical grades will be converted to letter grades with the following weights to be used:

Yearly	Semester
A - 5	A - 2.5
B - 4	B - 2
C - 3	C - 1.5
D - 2	D - 1
F - 0	F - 0

Weighted grades may be assigned only to core academic courses (Math, Sciences, Social Sciences, English/Language Arts (including foreign languages), Fine Arts identified as Level 3 courses in the Course Code Directory, Curriculum Guide, and listed as AP, Dual Enrollment courses or honors courses; and Career Education courses that are listed as Level 3 courses in the Course Code Directory and lead to an industry certification Florida Statute: 1007.271

### **Grade Forgiveness**

**Section 1003.4282(5), F.S.** Forgiveness policies for required courses shall be limited to replacing a grade of “D” or “F,” or the equivalent of a grade of “D” or “F,” with a grade of “C” or higher, or the equivalent of a grade of “C” or higher, earned subsequently in the same or comparable course.

Forgiveness policies for elective courses shall be limited to replacing a grade of “D” or “F,” or the equivalent of a grade of “D” or “F,” with a grade of “C” or higher, or the equivalent of a grade of “C” or higher, earned subsequently in another course.

The only exception of these forgiveness policies shall be made for a student in the middle grades who takes any high school course for high school credit and earns a grade of “C,” “D,” or “F”. In such case, the district forgiveness policy must allow the replacement of the grade with a grade of “C” or higher, earned subsequently in the same or comparable course.

In all cases of grade forgiveness, only the new grade shall be used in the calculation of the student’s grade point average. Any course grade not replaced according to a district school board forgiveness policy shall be included in the calculation of the cumulative grade point average required for graduation.

All forgiven courses and grades must be included on a student’s transcript. The board does not have the authority to purge that student’s record to delete the first grade. All forgiveness courses must be included on a student’s transcript as an accurate reflection of the student’s record of achievement.

Florida Statute: 1003.4282(6)

## **Honor Roll**

Students must have earned no grade less than 90 in any subject to attain “All ‘A’ Honor Roll” status and must have earned no grade less than 80 to attain “Honor Roll” status.

## **No Academic Exceptions Based on Attendance**

Schools cannot exempt students from academic performance requirements, such as final exams, based on practices or policies designed to encourage student attendance. A student’s attendance record may not be used in whole or in part to provide an exemption from any academic performance requirement. Florida Statute: 1003.33(2)

## **Review, Modification, and Appeal of Student’s Classroom Performance**

In the event parent requests the review, modification, or appeal of a student’s classroom performance (i.e., grades or mastery of required student performance standards of skills), the procedure below shall be followed:

Conference with the child’s parent(s), teacher, and principal (or his designee) shall be held to review the grade(s), using the Teacher’s Grading Standard (6-12), the teacher’s grade book, and other supporting documentation;

After review, if no error is found, the grade remains as assigned, or if an error is found, the grade will be changed, initialed, and dated by the teacher. A documentation form signed by the parent, teacher, and principal (or designee) will be placed in the student’s folder, or In the event that the decision of the above named group is not satisfactory, the parent may appeal the decision to the Director of Secondary Education.

# **V. PARENT/STUDENT/TEACHER NOTIFICATIONS AND PUBLIC REPORTING**

## **Report Cards/Progress Reports**

Teachers are required to submit their grading standards, rules and/or regulations for establishing a student’s grade in their classes to the principal prior to the first day of classes. No grade will be assigned without a plan having been approved by the principal. A teacher shall adhere to his/her grading standards when assigning grades to students. Teachers are required to provide grading standards, make-up procedures, classroom standards, and other policies that affect students’ grades in written form to the students they are instructing by the end of the second week of classes.

Student performance and progress shall be reported to parents through an on-line parent access, quarterly report cards, and mid-nine weeks progress reports. Should a student be passing at that time, and begin to fail later, an additional progress report will be sent home as soon as the potential failure becomes apparent. The teacher is responsible for maintaining documentation of parent notification.

Report cards must clearly depict and grade the student's academic performance in each class or course in grades 6 through 12 based on examinations as well as written papers, class participation, and other academic performance criteria. The student's conduct, behavior, attendance, including absences and tardiness will also be reflected in the report card. For incomplete work, the letter "I" will reflect the coursework and/or test that must be completed within two weeks of report cards being issued or a reasonable time. Extensions due to illness or an incapacitating accident must be approved by the principal. Parents are encouraged to arrange conferences with school officials.

Florida Statute: 1003.33(1)

### **End-of-Year Status Statement**

The final report card for a school year shall contain a statement indicating the end-of-the-year status or performance or nonperformance at grade level, acceptable or unacceptable behavior and attendance, and promotion or non-promotion.

Florida Statute: 1003.33(2)

### **Acceleration Mechanisms: Parental Notification**

At the beginning of each school year, notify parents of students in or entering high school of the opportunity and benefits of each acceleration option (e.g., Advanced Placement, International Baccalaureate, Advanced International Certificate of Education, Dual Enrollment, NVS, and FLVS).

Florida Statutes: 1003.02(1)(i)

### **Parent Notification: Students with At-Risk GPA**

Parents of students who have a cumulative GPA of less than **2.0** at the end of each semester in grades 9, 10, 11, and 12 shall be notified that the student is at risk of not meeting the graduation requirements. The notice shall contain an explanation of the policies the district has in place to assist the student in meeting the GPA requirement.

### **Graduation Status Report**

A Graduation Status Report will be sent home to each senior within the first semester. The report contains a listing of all remaining graduation requirements, including all credits and course work to be earned, all state assessment requirements and current GPA. The student's counselor/advisor should review the report with the student and a signed copy will be filed in the student's cumulative folder.

If at the end of the first semester it becomes evident that a senior is in danger of not graduating, a written graduation warning notification will be sent home.

# ASSESSMENTS

## **Florida's Statewide Assessment Program**

In the 2014-2015 school year, the statewide assessment programs began transitioning to assessing student achievement of the Next Generation Sunshine State Standards through the implementation of the Florida Standards Assessment (FSA) and Florida End-of-Course (EOC) Assessments.

The FSA in English language Arts (ELA) and Mathematics was implemented in spring of 2015. This test replaced the FCAT 2.0 in the 2014-15 school year. This new method of assessment will allow teachers to emphasize critical thinking, which will provide our students with even greater opportunities to be college or career ready.

## **State Graduation Assessment Requirements**

Students who do not pass the FSA-ELA in the spring of their sophomore year may retest in the fall and spring of their junior and senior years. Florida students do have other options. Students can retake the FSA-ELA as many times as they want, until they pass it. Students have up to five opportunities to pass the FSA-ELA prior to graduation, and can enroll for a "free" 13th year of public education should they need additional instruction to successfully pass the FSA-ELA. A senior can graduate by receiving a score comparable to the FSA-ELA passing score on the ACT or SAT.

All students entering 9th grade in 2011 and beyond must take and pass the statewide Algebra I End of Course (EOC) exam. High school students must pass the Algebra I EOC in order to receive a regular high school diploma.

Completion of all graduation requirements except passing the Grade 10 ELA FSA or Algebra 1 EOC assessment (student will receive a Certificate of Completion).

## **State End of Course (EOC) Assessments**

State End of Course (EOC) assessments for a subject shall be administered in addition to the comprehensive assessments required under 1008.22 (3)1 F.S. The final course grade for all students enrolled in either standard or honors Algebra 1, Geometry, Biology and U.S. History must be calculated using the State EOC assessment as 30% of the final grade.

Beginning with the 2013-2014 9th grade cohort, students who are enrolled in Algebra 1 or an equivalent must earn a passing score on the EOC to qualify for a standard diploma.

Florida Statutes: 1003.4282, 1003.4285

## **Assessment Considerations for Dependent Children of Military Personnel**

A dependent child of a member of the United States Armed Forces who enters a district school in grade 12 from out of state or out of country and provides satisfactory proof of attaining a score on an approved alternate assessment that is concordant to a passing score on the grade 10 FSA, shall satisfy the assessment requirement for a standard high school diploma. Florida Statute: 1000.36

### **PSAT Assessment for all 9th Grade Students**

Each high school shall provide for the administration of the Pre-SAT to all 9th grade students.

### **PSAT Assessment for all 10th Grade Students**

Each high school shall provide for the administration of the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), to all enrolled grade 10 students.

### **Assessment of Virtual Students**

All public school students receiving part-time instruction by the Florida Virtual School in courses requiring statewide end-of-course assessments must take all statewide end-of-course assessments required pursuant to s.1008.22(3), F.S.

Students enrolled in a FLVS course or Nassau Virtual School (NVS) courses which requires a state end-of-course assessment (EOC) are required to take the EOC at their home zoned school.

Virtual schools must progress monitor language arts students scoring at Level 1 or Level 2 on the FSA in reading a minimum of two times per year (State Board Rule 6A-6.054).

### **Florida Home Education Program (FHEP)**

Home education students may take the state assessments during the test administration window and at the students' home zoned school. The student's test scores will be sent to the district's student assessment office. The district's student assessment office will then mail the results to the parents. Students who use this program evaluation method must complete the District Administration of Tests for Annual Evaluation form by the deadline date noted on the form. Career & Technical Education (CTE):

An Industry Credentialed mastery Exam or District End of Course Exam will be administered online (if possible) or by paper and pencil.

### **Dual Enrollment/End of Course (DE/EOC) Exams:**

A common final exam for all dual enrollment courses taught on high school sites will be administered online or by a paper and pencil.

Copies of the scored exams will be held on file by the FSCJ dean/program manager.

### **Dual Enrollment/Advanced Placement/State Assessments**

Students enrolled in accelerated courses leading to college credit are not required to participate in the EOC assessments (AP, IB, AICE, dual enrollment). Other provisions apply in order to qualify for a scholar diploma.

### **Scholar Diploma Designation Exemptions**

A student is exempt from the Biology 1 or US History assessment if the student is enrolled in an AP, IB or AICE Biology 1 or U.S. History course and the student

Takes the respective AP, IB or AICE assessment, and Earns the minimum score to earn college credit.

Florida Statute: 1008.30 (3) F.S., State BOE Rule 6A-10.0315

### **Assessment of New/Transfer Students**

Students transferring into the district once the school year has begun shall be assessed immediately in reading and math to determine reading proficiency and to ensure proper course and remedial instruction placement.

If a student transfers into a Florida high school from out of country, out of state, a private school, or a home school, and the student's transcript shows credit received in algebra I or an equivalent course, the student must pass the statewide, standardized Algebra I EOC assessment in order to earn a standard high school diploma unless the student earned a comparative score, passed a statewide assessment in algebra I administered by the transferring entity, or passed the statewide mathematics assessment the transferring entity uses to satisfy the requirements of the Every Student Succeeds Act.

(list: [https://nces.ed.gov/programs/statereform/tab2\\_3asp](https://nces.ed.gov/programs/statereform/tab2_3asp).)

If a student's transcript shows a credit in high school reading or English Language Arts II or III, in order to earn a standard high school diploma, the student must take and pass the grade 10 ELA assessment or earn a concordant score.

If a transfer student's transcript shows a final course grade and course credit in algebra I, geometry, biology I or U.S. history, the transferring course final grade and credit shall be honored without the student taking the requisite statewide, standardized EOC assessment and without the assessment results constituting 30 percent of the student's final course grade. Transfer students must pass Florida's EOC assessments for the scholar designation (see cohort requirements in Appendix) **State Rule 6A-1.09941(F.A.C.), 1003.4282 F.S.**

If a transfer student who enters a Florida public high school for the very first time in Grade 11 or 12 and provides satisfactory proof of attaining a score on a Florida state approved alternate assessment (currently SAT or ACT) that is concordant/comparative with a passing score on the required state reading assessments shall satisfy the assessment required for a standard high school diploma as provided in s. 1003.43(5)(a) and s. 1003.43(3)(a), F.S.

Students seeking a standard high school diploma are not required to make three attempts at passing the FSA prior to using an approved concordant score. Students who enter high school in grades 11 or 12 can automatically apply passing concordant scores to meet the graduation requirement. There is no requirement regarding the number of attempts on FSA before a concordant score may be applied.

For students who enter school mid-year with a .5 credit in algebra 1, biology, geometry, U.S. history or equivalent courses which have a state EOC assessment:

The parent/student may decide to keep the half credit and grade that is on their records. The state EOC would then be worth 30% of ONLY their second semester. The student would earn two half credits, one they came

in with and the other from the second semester using the state EOC grade for 30% of the grade for only the second semester.

**Concordant Scores for FSA**

To graduate from high school, students must earn passing scores on FSA or passing scores on standardized tests that are concordant with passing scores on FSA, as defined by statute. Yearly, the Florida Legislature considers the authorization of the use of alternative assessment(s) for meeting high school graduation requirements. For students entering grade 9 in 2010-2011 school year and thereafter, the passing score for all assessments required for high school graduation scholar designation or for the diploma requirement is the minimum scale score in Achievement Level 3. Students entering grade 9 in the 2010-2011 school year and thereafter must pass the Grade 10 FCAT/FSA in reading for graduation purposes. Students entering grade 9 in 2011-2012 and thereafter must pass the Algebra I EOC assessment to qualify for a standard diploma. This requirement also applies to middle school students seeking high school course credit for Algebra I

Students seeking a standard high school diploma are not required to make three attempts at passing the FCAT/FSA prior to using an approved concordant score. Students who enter high school in grades 11 or 12 can automatically apply passing concordant scores to meet the graduation requirement. There is no requirement regarding the number of attempts on FSA before a concordant score may be applied.

Florida Statute: 1003.428(4)(b-c), 1003.429(6)(a), 1003.43(5)(a)

EOC information: Because passing the Algebra I EOC is a graduation requirement, it is important to understand the possible scenarios for an Algebra I student:

Course	EOC:	The EOC is always 30% of the final grade.
Passes	Fails	<ul style="list-style-type: none"> <li>• The final course grade is included in the GPA</li> <li>• Credit in the course is awarded</li> <li>• The student must retake and pass the EOC to fulfil graduation requirements</li> <li>• Student is eligible to attend the Summer Algebra Program</li> <li>• The final course grade is re-averaged once the EOC is passed</li> </ul>
Fails	Passes	<ul style="list-style-type: none"> <li>• The final course grade is included in the GPA</li> <li>• Credit in the course is awarded</li> <li>• If the student chooses to participate in grade forgiveness, the EOC grade must be used as 30% of the final grade. Should the student retake the EOC (optional), the higher of the two test scores will be used as 30% of the final</li> </ul>
Fails	Fails	<ul style="list-style-type: none"> <li>• The final course grade is included in the GPA</li> <li>• The student must retake and pass the EOC to fulfil graduation requirements</li> <li>• Student is eligible to attend the Summer Algebra Program</li> <li>• The final course grade is re-averaged once EOC is passed</li> </ul>

### **Concordant and Comparative Score Rule Language Annotation**

#### **Section (5)(c)**

The Next Generation Sunshine State Standards (NGSSS) Algebra 1 Retake End-of-Course (EOC) Assessment was administered for the final time during the summer 2017 administration, and the FCAT 2.0 Reading Retake will be administered for the final time during the spring 2018 administration. In light of these assessments no longer being administered, the section detailing their achievement levels is being removed from Rule.

Students for whom these tests were their graduation requirement can continue to meet that requirement by using the concordant and comparative scores outlined in sections (8)(a) and (8)(b), as appropriate, or by earning the alternate passing score on the FSA Algebra 1 EOC or Grade 10 FSA English Language Arts (ELA) Retake.

**Section (8)(a)1. [ELA]**

*Beginning with students who entered grade 9 in the 2010-11 school year and ending with students who entered grade 9 in the 2017-18 school year, students and adults who have not yet earned their required passing score on the Grade 10 FCAT 2.0 Reading Assessment or the Grade 10 FSA ELA Assessment, as applicable, may meet this testing requirement to qualify for a high school diploma by earning a concordant passing score on the respective section of the SAT or ACT. For eligible students, the concordant passing scale score shall be a score equal to or greater than four hundred and thirty (430) on the 200 to 800 scale for the SAT Evidence-Based Reading and Writing (EBRW) section, twenty four (24) on the 10 to 40 scale of the SAT Reading Subtest section, or nineteen (19) on the 1 to 36 scale on the ACT Reading section. Eligible students may also use concordant scores set forth in subsection (8)(a)2. of this rule.*

Section (8)(a)1. addresses grade 10 Reading or grade 10 ELA assessment concordant scores for any students who entered grade 9 prior to the 2018-19 school year and whose graduation requirement is the Grade 10 FCAT 2.0 Reading Assessment or the Grade 10 FSA ELA Assessment.

This section specifies that these students may use these concordant scores as well as the new concordant scores listed in section (8)(a)2. Students described in this section who achieve the established concordant scores may use them to satisfy the graduation requirement regardless of the administration date of the alternative assessment.

**Section (8)(a)2. [ELA]**

*Beginning with students who entered grade 9 in the 2018-19 school year, students and adults who have not yet earned their required passing score on the Grade 10 FSA ELA Assessment, may meet this testing requirement to qualify for a high school diploma by earning a concordant passing score on the EBRW section of the SAT or the average of the English and Reading subject test scores for the ACT. For eligible students, the concordant passing scale score for the SAT EBRW shall be a score equal to or greater than four hundred and eighty (480) on the 200 to 800 scale, and the concordant passing scale score for the average of the English and Reading subject test scores on the ACT shall be a score equal to or greater than eighteen (18) on the 1 to 36 scale. For the ACT, if the average of the two subject test scores results in a decimal of .5, the score shall be rounded up to the next whole number. The scores for the English and Reading subject tests on the ACT are not required to come from the same test administration.*

Section (8)(a)2. specifies the concordant scores available to satisfy the Grade 10 FSA ELA Assessment graduation requirement for students who entered grade 9 in the 2018-19 school year or later. Students described in this section who achieve the established concordant scores may use them to satisfy the graduation requirement regardless of the administration date of the alternative assessment.

**Section (8)(b)1. [Mathematics]**

*Beginning with students entering grade 9 in the 2011-12 school year and ending with students who entered grade 9 in the 2017-18 school year, students and adults who have not yet earned their required passing score on the Algebra 1 EOC assessment, may meet this testing requirement to qualify for a high school diploma by earning a comparative passing score on the Mathematics section of the Postsecondary Education Readiness Test (PERT). For eligible students, the comparative passing scale score for the PERT shall be a score equal to or greater than ninety-seven (97) on the 50 to 150 scale. Eligible students may also use comparative scores set forth in section (8)(b)2. of this rule.*

Section (8)(b)1. addresses Algebra 1 assessment comparative scores for any students who entered grade 9 prior to the 2018-19 school year and whose graduation requirement is the NGSSS Algebra 1 EOC Assessment or the FSA Algebra 1 EOC Assessment.

This section specifies that these students may use these comparative scores as well as the new comparative scores listed in section (8)(b)2. Students described in this section who achieve the established comparative scores may use them to satisfy the graduation requirement regardless of the administration date of the alternative assessment.

**Section (8)(b)2. [Mathematics]**

*Beginning with students who entered grade 9 in the 2018-19 school year, students and adults who have not yet earned their required passing score on the Algebra 1 EOC assessment, may meet this testing requirement to qualify for a high school diploma by earning a comparative passing score on the Math section of the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), the SAT or the ACT. For eligible students, the comparative passing scale score shall be a score equal to or greater than four hundred and thirty (430) on the 160 to 760 scale for the PSAT/NMSQT Math section, four hundred and twenty (420) on the 200 to 800 scale for the SAT Math section or equal to or greater than sixteen (16) on the 1 to 36 scale for the ACT Math section.*

Section (8)(b)2. addresses the comparative scores available to satisfy the FSA Algebra 1 EOC Assessment graduation requirement for students who entered grade 9 in the 2018-19 school year or later. Students described in this section who achieve the established comparative scores may use them to satisfy the graduation requirement regardless of the administration date of the alternative assessment.

This section, as required by law, fully aligns the concordant and comparative scores with FSA achievement level performance standards, which were recommended by Florida educators and stakeholders and adopted by the State Board of Education in 2016. Florida's assessment and accountability efforts, including the setting of the same high expectations for all students, have had a significant positive impact on student achievement over time.

**Section (8)(c) [ELA & Mathematics]**

*When a student or adult earns a passing score on the respective section of the alternative assessment used to meet the graduation requirement(s), it shall be recorded in their cumulative record. Regardless of whether they have already been awarded a certificate of completion, a student or adult who has met all other high school graduation requirements but has taken and failed one or more standardized, statewide assessments associated with a graduation requirement (the grade 10 Reading, the grade 10 ELA, or the Algebra 1 EOC) shall be awarded a standard high school diploma if the student or adult earns or has earned a concordant or comparative score for an alternative assessment, set forth in subsection (8)(a) and (b). A student or adult may retest until they earn a passing score on the respective statewide assessment or a concordant or comparative score on an alternative assessment.*

Although passing scores on alternative assessments are valid even if the student has not yet taken the respective statewide assessment, all students who are enrolled in Grade 10 and/or Algebra 1 or an equivalent course are still required, per s. 1008.22, Florida Statutes (F.S.), to participate in the respective statewide assessments.

**Diagnostic Assessments**

The following practices must be included on a daily basis:  1. Whole group explicit instruction; 2. Small group differentiated instruction;  3. Independent reading practice, utilizing classroom library materials, monitored by the teacher;  4. Integration of Florida State Standards and the NGSS benchmarks specific to the subject area (biology, world history, etc.); 5. A focus on informational text at a ratio matching the new Florida English Language Arts assessment ; and  6. Opportunities for accelerated achievement in order to facilitate deep understanding of reading of grade level texts.

## **Progress Monitoring**

A student who is not meeting the school district or state requirements for satisfactory performance must be covered by one of the following:

- A federally required student plan such as an individual education plan (IEP)
- A schoolwide system of progress monitoring for all students, except a student who scores Level 4 or above in the specific subject area statewide assessment may be exempted from participation by the principal; or
- An individual progress monitoring plan.

Florida Statute: 1008.25(4)(b)

## **Academic Support for Students Performing below Grade Level in Reading**

Each student's progression from one grade to another is partially based on proficiency in reading, writing, science, and mathematics as outlined in the Florida State Standards. This plan contains the State Board of Education Rules and administrative procedures required to implement state legislation and the NCSB progression requirements that guide school personnel, inform parents, students and other interested citizens. Furthermore, it contains policies to inform each student and his/her parent of academic progress.

1008.25 Public school student progression; remedial instruction; reporting requirements.

(1) INTENT.— It is the intent of the Legislature that each student's progression from one grade to another be determined, in part, upon satisfactory performance in English Language Arts, social studies, science, and mathematics; that district school board policies facilitate student achievement; that each student and his or her parent be informed of that student's academic progress; and that students have access to educational options that provide academically challenging coursework or accelerated instruction pursuant to s. 1002.3105. (4) ASSESSMENT AND SUPPORT. a) Each student must participate in the statewide, standardized assessment program required by s. 1008.22. Each student who does not achieve a Level 3 or above on the statewide, standardized English Language Arts assessment, the statewide, standardized Mathematics assessment, or the Algebra I EOC assessment must be evaluated to determine the nature of the student's difficulty, the areas of academic need, and strategies for providing academic supports to improve the student's performance. A student who is not meeting the school district or state requirements for satisfactory performance in English Language Arts and mathematics must be covered by one of the following plans: 1. A federally required student plan such as an individual education plan; 2. A schoolwide system of progress monitoring for all students, except a student who scores Level 4 or above on the English Language Arts and mathematics assessments may be exempted from participation by the principal; or 3. An individualized progress monitoring plan.

## **District Levels of Performance**

Students in grades 9-12 who demonstrated less than 60 % mastery of the English Language Arts (ELA) Florida Standards will be administered a diagnostic reading assessment in order to determine the nature of their reading deficiency. All Nassau county students found to have a substantial reading deficiency will receive instructional support as prescribed in the 9-12 Reading Intervention Guidelines and Procedures Appendix.

## **District Diagnostic and Progress Monitoring Assessments**

Nassau County High Schools will use either the Achieve 3000- Level Set to determine the Lexile levels of all students who performed below grade level on the FSA and or earned a D or lower in their Language Arts class. After the students have been administered the diagnostic assessment, the School Literacy Team will review the student’s academic performance from the prior year and make a recommendation for a remediation program.

## **VI. EXCEPTIONAL STUDENTS EDUCATION (ESE)**

### **Students with Disabilities**

The NCSB provides instruction to prepare students with disabilities to demonstrate proficiency in the skills and competencies necessary for successful grade to grade progression and high school graduation.

Florida Statute: 1003.4282 (10) (b), 1008.22 (3)(c)(1)

Students who are diagnosed as needing the specialized instructional services offered by the Exceptional Student Education program will follow the approved procedures as outlined in the Exceptional Student Education District Procedures Document. The document outlines the referral, evaluation, staffing, and placement policies of the district and has been approved by the Department of Education as the operating manual for the District.

### **Exceptional Student Education – SB 1108**

Policies changed in SB 1108 dramatically alter the relationships between IEP teams and parents of ESE students. Eight significant changes were passed as part of this bill:

Parents have the absolute right to bring any advocate or counselor with them to enumerated ESE related meetings without any discouragement or harassment from the other IEP team members and both the parents and the IEP team members must sign a form confirming that this right was upheld;

- Charter schools are given a process to obtain access to federal funds from virtually every grant awarded to districts including: Title I; IDEA; etc.;
- Inclusion becomes the preferred method for delivering ESE services and all districts and schools must complete a best practice in inclusion in education review every three years;
- Parents must be told at any meeting for eligibility determination for ESE services what the five levels of ESE funding are in that district;
- Parents are given the right to have privately hired education professionals to have access to their students on school grounds and during the school day for either monitoring the child or providing services;
- Minor improvements were made to the school grading system as it relates to the ESE special centers where the student scores in centers taking an improvement grade would not transfer to a “home school” if the student was an emergent student and had never attended a school other than a special center; and,
- Every educator will need to have at least 1 college credit or its equivalent in serving students with disabilities in order to renew their certificates after July 1, 2014.

## **Diploma Options for Exceptional Students**

In compliance with 1003.4282 F.S. (requirements for high school diploma) and SBER 6A-1.09963, F.A.C. (Graduation requirements for certain exceptional students). Students with disabilities may attain a standard diploma and earn standard diploma designations by meeting the requirements in Sections 1003.4282 (1)-(9) or 1002.3105(5), or 1003.4282(10) and 1003.4285 F.S. A certificate of completion will be awarded to students who earn the required eighteen (18) or twenty-four (24) credits required for graduation, but who do not achieve the required grade point average or who do not pass required assessments unless a waiver of the results has been granted in accordance with Section 1008.22(3)(c)2., F.S. or 1008.22(9), F.S. Students who entered grade nine before the 2014-2015 school year and whose individual educational plan (IEP), as of June 20, 2014, contained a statement of intent to receive a special diploma may continue to work toward a special diploma.

Besides the standard high school diploma available to all high school students, which is described in Section 1003.4282 F.S., there are two additional diploma options available for students with disabilities who have an Individualized Education Plan (IEP). 6A-1.09963(3)(4)

1. Standard Diploma via Access Course Standards. This option is available to those students for whom the IEP team has determined that participation in the Florida Standards Alternate Assessment is the most appropriate measure of the student's skills, in accordance with Rule 6A-1.0943(5), FAC and instruction in the access points is the most appropriate means of providing the student access to the general curriculum. Students must meet the graduation requirements specified in Section 1003.4282(1)-(9), F.S., or Section 1002.3105(5), F.S., through the access course specified for each required core course, through more rigorous ESE courses in the same content area or through core academic courses.

Eligible Career & Technical Education (CTE) courses may substitute for Access English IV; one (1) mathematics credit, with the exception of Access Algebra 1A and Access Algebra 1B and Access Geometry; one (1) science credit, with the exception of Access Biology; and one (1) social studies credit with the exception of Access United States History.

Participation in the Florida Standards Alternate Assessments in English Language Arts, Mathematics End of Course (EOC) exams, Science EOCs and Social Studies EOCs is required.

A proficient score on the Florida Standards Alternate Assessment must be attained on the 10th grade English Language Arts and Algebra 1 EOC, unless assessment results are waived in accordance with Section 1008.22(3)(c), F.S. A waiver of the results of the statewide, standardized assessment requirements by the IEP team, pursuant to Section 1008.22(3)(c), F.S. must be approved by the parents and is subject to verification for appropriateness by an independent reviewer selected by the parents as provided for in Section 1003.572, F.S.

For those students whose performance on standardized assessments are waived by the IEP team as approved by the parent, the development of a graduation portfolio of quantifiable evidence of achievement is required. The portfolio must include a listing of courses the student has taken, grades received, student work samples and other materials that demonstrate growth, improvement, and mastery of required course standards.

2. Standard Diploma via Mastery of Academic and Employment Competencies. This option is available to the student for whom the IEP team has determined that mastery of both academic and employment competencies is the most appropriate way for the student to demonstrate his or her skills. A student must meet all of the graduation requirements specified in Section 1003.4282(1)-(9), F.S. or Section 1002.3105(5) F.S.

Eligible CTE courses may substitute for English IV; one (1) mathematics credit, with the exception of Algebra and Geometry; one (1) science credit, with the exception of Biology; and one (1) social studies credit with the exception of United States History. Students must earn a minimum of one-half (.5) credit in a course that includes employment. Such employment must be at a minimum wage or above in compliance with the requirements of the Federal Fair Labor Standards Act, for the number of hours a week specified in the student's completed and signed employment transition plan, as specified in Section 1003.4282(10)(b)2.d., F.S., for the equivalent of a least one (1) semester. Additional credits in employment-based courses are permitted as electives.

Documented achievement of all components defined in Section 1003.4282(10)(b)2.b., F.S., on the student's employment transition plan.

The selection of a diploma option must take place at an Individual Education Plan (IEP) conference during the student's eighth grade school year or at the IEP Meeting prior to the student becoming age 14, whichever comes first. Since the selection of a diploma option will have a significant impact upon the exceptional student's high school curriculum, parents must be provided an opportunity to be involved in the decision-making process. Parents must be informed about course/credit requirements and other requirements for each diploma option. The diploma option selected at the IEP conference must be noted on the IEP. At each IEP conference thereafter, the academic performance of the student in relation to the diploma selected shall be addressed and the diploma recommendations reviewed. Copies of the IEP shall be given to the parents.

This diploma option decision is not irrevocable. An IEP review must be scheduled and parents must be informed of the impact of this decision on courses, credits, the Florida Standards Assessment (FSA), and the time required to complete the requirements and noted on the IEP. Additionally, school personnel may recommend a change in the student's diploma option based on these cases, parents must be informed, via the IEP process, of the reasons for and impact of the proposed changes. Beginning with students entering grade 9 in the 2014-2015 school year, changes in the selected graduation option specified in the student's IEP and any waiver of statewide standardized assessment results made by the IEP team in accordance with the provisions of Section 1008.22(3)(c), F.S. must be approved by the parent or the adult student if rights have transferred in accordance with Rule 6A-6.03311(8), F.A.C. Such changes are subject to an independent reviewer selected by the parent as provided in Section 1003.572, F.S (6A-6.03028(3)(k).

At the end of a student's 12th grade year, parents/guardians and students will be notified of a change in placement due to graduation requirements.

A student with a disability who meets the standard high school diploma requirements may defer the receipt of the diploma and continue to receive services if the student meets the requirements found at Section 1003.4282(10)(c), F.S. 6A-1.09963(6) F.A.C.

The decision to accept or defer the standard high school diploma must be made during the school year in which the student is expected to meet all requirements for a standard high school diploma. The decision must be noted on the IEP and parent, or the student over the age of eighteen (18) for whom rights have transferred in accordance with Rule 6A-603311(8), F.A.C. must sign a separate document stating the decision.

The IEP team must review the benefits of deferring the standard high school diploma, including continuation of educational and related services, and describe to the parent and the student all services and program options available to students who defer. This description must be done in writing.

School districts must inform the parent and the student, in writing by January 30 of the year in which the student is expected to meet graduation requirements, that failure to defer receipt of a standard high school diploma after all requirements are met releases the school district from the obligation to provide a free appropriate public education (FAPE). This communication must state that the deadline for acceptance of deferral of the diploma is May 15 of the year in which the student is expected to meet graduation requirements, and that failure to attend a graduation ceremony does not constitute a deferral.

The school district must ensure that the names of students deferring their diploma be submitted to appropriate district staff for entry in the district's management information system. Improper coding in the district database will not constitute failure to defer.

In accordance with Rule 6A-6.03028(1), F.A.C., a student with a disability who receives a certificate of completion may continue to receive FAPE until their 22nd birthday, or, at the discretion of the school district, until the end of the school semester or year in which the student turns twenty-two (22).

The district establishes specific courses and programs of study within the minimum credit requirements for high school graduation and shall provide accommodations for basic courses, as necessary, to assure exceptional students the opportunity to meet the graduation requirements for a standard diploma. The IEP Team shall determine which accommodations will be provided to address the identified needs of the student.

Any or all of the following accommodations to the basic or vocational education courses are authorized as appropriate for exceptional students who are pursuing standard diploma credit (6A-6.0312 SBER):

- Variations in instructional methodology and learning environment
- Accommodations to test administration procedure in order to accommodate the student's handicaps, as provided in State Board Rule (6A-1.0943)
- Use of special communication systems by the teacher or the student
- Instructional time may be increased or decreased

Elective credit toward a Standard Diploma via General Course Standards may be earned in any Exceptional Student Education course listed in the current Course Code Directory.

## **Access to Postsecondary Education and Meaningful Careers for Student with Disabilities ENNOBLES Act**

Addresses access to postsecondary education and meaningful careers for students with disabilities. This is known by the popular name the "Enhanced New Needed Opportunity for Better Life and Education for Students with Disabilities (ENNOBLES) Act." For the purposes of this act, the term "student with a disability" means any student who is documented as having an intellectual disability; a hearing impairment, including deafness; a speech or language impairment; a visual impairment, including blindness; an emotional or behavioral disability; an orthopedic impairment; an autism spectrum disorder; a traumatic brain injury; or a specific learning disability, including but not limited to dyslexia, dyscalculia, or developmental aphasia. Florida Statute: 1007.02

## **End of Course Assessment Results Waiver for Students with Disabilities**

Section 1008.22(3)(c)1., F.S., requires that school districts provide instruction to prepare students with disabilities to demonstrate satisfactory performance in the core content knowledge and skills necessary for successful grade-to-grade progression and high school graduation. Assessment results may be waived under specific circumstances for students with disabilities. If a student with a disability receives a waiver of state assessment results, the 30% EOC calculation requirement will be waived for the purposes of determining the student's course grade. Specific requirements regarding the waiver process are found in 1008.22(3)(c)2., F.S.

## **VII. SPECIAL PROGRAMS**

### **Career Education On-the-job Training, Guided Workplace Learning**

11th and 12 grade students may receive high school credit for work-based learning programs through high school cooperative education programs. In order to be eligible for these programs, students must first earn a CAPE Industry Certification or receive an OJT waiver based on provisions outlined in the Nassau County Cooperative Education Manual. Students may only enroll in the number of course sections equivalent to or less than the number of hours spent each week on the job. More information regarding cooperative education programs can be found in the Nassau County Cooperative Education Manual which is available through the NCSB Career Education office.

### **Credit Recovery**

For credit recovery purposes, students may earn credits through district approved online programs. Students must have failed the credit requirement previously and must not be enrolled in the same course in the same grading period. Furthermore, students may only enroll for a .5 or 1.0 credit at a time. Students must be registered by their Guidance Counselor. For the summer session, students must register with their Guidance Counselor no later than two weeks after the last day of school.

Should there be any reason a student cannot enroll in a credit recovery course, there are any number of correspondence online courses that students may recover credits. The NCSB does not endorse any particular program, but does recognize credits earned from any institution accredited through the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS/CASI).

Students currently enrolled in a Nassau County high school may participate in the Credit Recovery Program (CRP) through district approved online programs if the following conditions are met:

- Students must be behind in credits for graduation and/or have a low GPA.
- Students cannot be concurrently enrolled in the same course through the CRP and at their home school.
- The CRP may be used only to enable students to graduate with their cohort group (students with whom they entered ninth grade).
- CRP courses may not be used to accelerate students beyond their cohort group.
- Students must be in compliance with the district grade forgiveness policy as prescribed in the student progression plan.
- Students must have permission from their guidance counselor.

### **Nassau County Adult High School**

The Nassau County Adult High School is open to any person 16 years of age or older who is at-risk of not meeting the specified graduation requirements of their current school. The purpose of the Adult High School is to provide individuals the opportunity to continue their education and earn a traditional high school program, but the emphasis is placed on the unique needs of the adult/at-risk student.

Principals may recommend placement of at-risk students who are not on track to graduate with his/her cohort class. These students may return/mainstream with their cohort class at the beginning of the grading period when deficiencies are corrected.

*There is a \$30 per term tuition for the Adult High School*

Florida Statute: 1009.22(3)(c)

### **General Education Development Test (GED)**

The GED is a national test that permits a student to receive the equivalency of a high school diploma upon successfully passing an examination. The diploma issued is the State of Florida High School Diploma. The GED is a battery of five tests that cover the areas of writing, social studies, science, reading, and mathematics.

To take the test, a person must be 18 years of age or older and reside in the State of Florida at the time of application and not be enrolled in a regular school program. Persons 16 and 17 years of age who have left the regular school must be enrolled in an intensive education program for 60 days and have good attendance. The student must demonstrate mastery by scoring a minimum of 2300 on a practice GED test and obtain special permission from the Director of Career and Adult Education.

A person must score a minimum of 410 or more on each of the five tests with an overall score of 2250 or more.

A GED candidate who fails to attain the required minimum scores on the initial testing may retake the tests at the discretion of the local testing agent. After the second testing, a candidate is eligible to retake the tests at any succeeding testing interval if an overall minimum standard score of 2200 has been achieved and the candidate has made a standard score of 450 or more on at least three (3) of the tests. Candidates who fail to achieve a total standard score of 2200 after the 2nd testing will not be eligible to retest until 6 months from the date of the last test. Candidates who fail to achieve a standard score of 450 on three (3) or more of the tests after the second testing shall not be eligible to retake the tests for a period of six (6) months.

## **Home Education**

Home education students may participate in dual enrollment, career and technical dual enrollment, early admission, and credit by examination.

Home school students who wish to receive a diploma from a Nassau County high school must be enrolled in their entire senior year at the high school they would normally be assigned. The process for determining credits and grade placement must begin by June 1 prior to the year of enrollment. Credit will be awarded only after the student has completed one semester course. For further information on the transfer of credits refer to section on Transfer Students.

Florida Statute 1002.41 defines home education programs as, "...a sequentially progressive instruction of a student directed by his/her parent or guardian in order to satisfy the requirements for compulsory attendance of s. 1002.41, 1003.01, 1003.21. For more information, visit FLDOE Office of Independent and Parental Choice Website at [http://www.floridaschoolchoice.org/information/home\\_education](http://www.floridaschoolchoice.org/information/home_education)

### **Procedures for Initiation of a Nassau Home Education Program**

Parent/guardian who resides within Nassau County shall file a letter of intent to establish a home education program. Such letter should be directed to the Superintendent or his designee. The letter of intent should include the child name(s), residence address, and birth date(s) of the child(ren) to be enrolled in the program. Such notice of intent should be filed within 30 days of the establishment of the program. A written notice of termination of the home education program shall be filed in the Superintendent's office within 30 days of said termination.

Upon receipt of the letter of intent, the Superintendent or designee thereof shall forward to the parent an acknowledgement of intent which shall include a copy of applicable statutes, a statement of requirements, and a statement regarding termination or reentry.

To register for home education, contact the office of Student Services of the Nassau School District or visit the Nassau County Home School Website for additional information: <http://www.nassau.k12.fl.us>

### **Superintendent Responsibilities for Home Education Program Participants**

The Superintendent or designee shall maintain a roster of such programs including the name and mailing address of each student and other appropriate file materials. The parent shall submit to the Superintendent for review within one year of entry date, or upon the request by the Superintendent, if desired at an interim date, the results of the required education evaluation (s.1002.41 F.S).The Superintendent shall notify the parent annually that the level of educational progress attained by the child is acceptable or unacceptable. If the child's progress is determined to be inadequate, a one year probationary period is established in which remedial instruction is required. After which, the parent will be notified that the level of achievement is acceptable or that the parent is declared in violation of the compulsory attendance law.

### **Materials and Records Request**

It shall be the responsibility of the parent to provide instructional materials appropriate to the program of the student. Upon request of the parent, the textbook coordinator for the district may provide the parent with a list of the textbooks adopted for use within the district at a fee not to exceed the actual cost of producing the copy. Upon parent request, the school shall provide the parent a copy of the student's educational record at a fee not to exceed the actual cost of producing the copy.

## **Parent Responsibilities for Home Education Participants**

It shall be the responsibility of the parent or guardian to:

- Provide instructional materials appropriate to the program of the student.
- Maintain a portfolio of records and materials.

The portfolio shall consist of the following:

- A log of educational activities, which is made contemporaneously with instruction, and designates by title any reading materials used.
- Samples of any writings, worksheets, workbooks, or creative materials used or developed by the student. This must be preserved by the parent or guardian for two (2) years and is due upon 15 days written notice.
- Provide for an annual educational evaluation in which is documented the pupil's demonstration of educational progress at a level commensurate with his/her ability. The parent or guardian shall select the method of evaluation and shall file a copy of the evaluation annually with the superintendent's office. The annual evaluation (s.1002.41 F.S.) shall consist of one of the following:
  - Any nationally normed student achievement test or state assessment administered by a certified teacher. This is available to the parent or guardian at no cost, if scheduled at the home school of the child. For additional information, visit the home school website at: <http://www.nassau.k12.fl.us>. A score at or above the 30th percentile on a nationally normed student achievement test or a score of proficiency on the state assessment test will be considered acceptable.
  - A teacher selected by the parent or guardian shall evaluate the pupil's educational progress upon review of the portfolio and discussion with the pupil. Such teacher shall hold a valid regular Florida certificate to teach academic subjects at either the elementary or secondary level.
  - The pupil shall be evaluated with any other valid measurement tool as mutually agreed upon by the Superintendent and the parent or guardian.

## **Reentry Procedures**

Upon reentry to the District, a student's grade placement determination shall be made solely based upon the academic evidence presented by the parent and through academic assessment performed at the receiving school. The school principal will make the final decision as to appropriate grade placement.  
Florida Statute: 1008.25(4)(a)
