

## Register for Elementary FLVS Courses through MDVS Current Students

MyDistrict Virtual School (MDVS) is a franchise of FLVS. This means that your student will access the same online course work provided by FLVS but will be instructed by MyDistrict Virtual School teachers during the 180 days of the school year. While the full-time program does allow students to establish their own weekly schedule as to what day and time they complete schoolwork, students must achieve adequate weekly progress in order to continue virtual school as a full-time option. Required weekly progress is defined as 6% completion per class per week. Students not able to maintain the proper pace may be required to return to their zoned school.

You will see many references to FLVS, but please understand that you are taking courses as a district student with MyDistrict Virtual School.

Students should register for all **four core courses**:

1. Language Arts
2. Mathematics
3. Science
4. Social Studies

Students can choose to register for up to **two electives**:

1. Physical Education \*Required by Florida
2. Art
3. Spanish
4. Technology

Elementary courses are broken into two parts - a first half (segment 1) and a second half (segment 2). Both segments make up a full-year course.

\* Select the date that you would like your student to be enrolled in their course(s)! There may be a slight delay due to high volume requests, which means you may be placed after your selected start date. Please note that for public and charter school students, placement is contingent upon course approval from the school of record. Your teacher will call you to welcome you and help you get started once you are placed in your course(s)!

Below is a list of the individual courses available for your student to take. We offer interactive curriculum, including: Language Arts, Social Studies, Math, and Science, and special subjects like Technology, Spanish, Art, and P.E.

Wondering what a segment is?

All of our Elementary courses are broken into two parts - a first half (segment 1) and a second half (segment 2). You may be used to the word semester (for example, fall semester or spring semester). Segment is just that! Both segments make up the whole course.

Your Preferred Start Date should be the first day of school for your district.

If you are starting virtual school after the first day of school, please select the first week day after today.

In this example, grade 3 was chosen.

When you click on the checkbox beside the course, the dropdown will automatically choose Both Segments (Full Course). **Do not change this selection.**

### Elementary Registration

#### Commitments

In order to help your student be as successful as they can be in an online environment, we have a few statements for you to read over and agree to.

- As a parent/guardian of the student being enrolled, I authorize the enrollment of the student into the District Virtual School program, which is a Franchise of Florida Virtual School (FLVS), and I authorize the enrollment according to the policies and procedures of the District Virtual School and Florida Virtual School. Florida Virtual School policies and procedures found here: [FLVS Student/Parent Handbook](#).
- By clicking the "I Agree" button at the bottom of this page, I agree that my student will submit 100% of their own work, and I commit to Academic Integrity by registering my student at Florida Virtual School (FLVS). I understand that it is my responsibility to oversee their progress to ensure continuous online learning in the course(s).
- I also understand that should my student finish the segment in an extremely accelerated pace, my student may be subject to additional accountability measures. Failure to comply with the Academic Integrity commitment will be grounds for removal from the FLVS program. Further, I agree to have my student comply with all of the policies and procedures listed in the [FLVS District Student Progression Plan](#) and [FLVS Code of Conduct/Student Handbook](#), which is posted on my VSA Student dashboard and at [www.flvs.net](#).
- Equipment: Your student needs his/her own working computer. A camera and speaker are optimum and a printer is preferable. Chromebooks are not able to access all of the curriculum provided.
- I hereby assign to FLVS all right, title and interest in and to all the material I submit to FLVS in conjunction with any course(s) I take with FLVS. All personally identifying information provided to FLVS will be maintained in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and other applicable privacy laws.
- Commercial Use of Academic Material: Selling course material to another person, student, entity, and/or uploading to a third-party vendor without the express written permission of FLVS is prohibited. Course materials include, but are not limited to, class notes, instructor's power points, course syllabi, tests, quizzes, labs, instruction sheets, homework, study guides, and handouts.

Review the information we have on file for the **Parent/Guardian Account**.

If any of this information is incorrect, please log in and make those corrections once you have finished this Registration.

### Parent/Guardian Account

This information is required for both a parent/guardian and student account in our system. Your parent account is tied to any of your children taking courses with Elementary. For our elementary homeschool students, the parent is ultimately responsible for their student's education and overseeing and approving the student's educational program. The student account is connected to the student's individual courses and allows him or her to access coursework.

Please note: If you are creating a new account, your username will be sent to you via the email address you provide below. Please ensure you note the password created in this section for both the parent/guardian and student account.

Enrollments will be created in the system but will still need to be approved by the district. Finally, your student will be placed with a teacher.

\*\*Students will begin to be placed one week before school starts.

Please be patient with this process.

Submit Enrollment

You're almost there! Below is a summary of the courses and segments selected for your student. By clicking "Submit Registration", the enrollments will be created. If your student is a homeschool student, you will need to provide one last verification step for the enrollments per Florida Statute. An email will be received outlining that process. If your student is a public or private school student, their school will need to verify enrollments prior to starting the course.
