What to bring on Testing Day:

1. The night BEFORE your test, turn your computer totally off and then back on to get any updates that you may need for testing.
2. Your FULLY charged school issued computer. (Bring your charger just in case)
3. #2 pencils – no mechanical pencils
4. Know your address/email
5. A calculator (if the test you are taking allows one)
6. Your own plug in headset. (Check to make sure your headset works in your computer, if not, plug in the headset and turn the computer completely off and on with the headset plugged in)
