

Scholarship Application Information – posted 03/31/2020

FBHS is not able to receive and deliver scholarship applications at this time. Students should communicate directly with scholarship sponsors and send applications directly to them. We will continue to post scholarship information on this website and distribute scholarships through Remind. Students are encouraged to check the websites and Facebook pages of scholarship sponsors as well.

FBHS counselors are also not able to verify academic information on the applications. Students should complete the academic information themselves and submit it to the scholarship sponsors. We are communicating all of this information to scholarship sponsors and they may reach out to the FBHS Guidance office if they have questions about students or would like information to be verified.

Please see the guidance page under “SCHOLARSHIP APPLICATION INFORMATION” for a list of the scholarship sponsors’ contact information.
