JANUARY 2023

GUIDANCE NEWS

December was a great month at ELH! We collected A LOT of food for "Spreading Hope and Reaching People" in Nassau County, which provides a food pantry and assists people who are homeless with basic needs. I am very proud of our 'Lil Pirates for stepping up to help people in our community.

The theme for January is problem solving. I will be discussing on the morning announcements conflict/resolution and dealing with peer pressure. Please help support this theme by modeling for your child how to effectively solve conflicts and talking with your child about a time you were able to resist peer pressure when you were their age.

HEALTH ROOM UPDATES

Remember to stay home if your child has a fever or is not feeling well. Practice good healthy habits with your child. These could include: eating a healthy breakfast, washing hands frequently, cover your cough or sneeze, and avoiding touching your eyes, nose, and mouth.

All medications, including over the counter medications like cough drops, must be in the clinic for your child. These should not be kept in your child's backpack.

ELH also welcomes Kelly Constant as our new paraprofessional, health aide in the Clinic!

ELH Mission Statement:

Establishing a positive collaborative culture that promotes and fosters teaching and learning among the community of learners.
