What is Veterans Day?

Every year on November 11, people in the United States celebrate Veterans Day. The holiday honors veterans, or people who served in the U.S. military. The day especially honors those veterans who died while fighting in a war.

To celebrate Veterans Day, some cities and towns have parades. Veterans from the area may march in the parades. Sometimes people visit cemeteries on Veterans Day. People may put flowers or flags on the graves of veterans to honor them.

Veterans Day used to be called Armistice Day. (An armistice is an agreement to stop fighting.) Armistice Day was created to remember the end of World War I on November 11, 1918. The first Armistice Day in the United States was in 1919.

Armistice Day became an official national holiday in 1938. In 1954 Armistice Day was renamed Veterans Day to remember soldiers from all wars, not just World War I.

We had such a great turn out for our first Coffee & Conversation that we've decided to have it monthly! Drop by and have coffee and fellowship, ask questions and more.
