Classlink at Home

There are many technology programs that are available to the students to access at home. Nassau County uses a system called "Classlink" that allows students to log in and have access to many of the programs they use at school. The link below will take you to Classlink. From there your student can log in to their account using their student number and birthdate. This is a great way for students to practice at home!

How much does 1 mill cost?

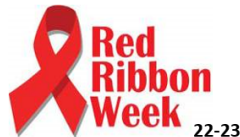

One mill equals \$1 for every \$1,000 of home value, minus the \$25,000 homestead exemption. So a \$300,000 home will pay \$275 a year, or about \$23 a month..
