TAKE THIS NOTICE TO YOUR CHILD'S PROVIDER

Dear 6th Grade Parent,

Florida law requires that each student entering 7th grade must have documentation of having received a TDAP booster on file in their health folder. Please submit the updated Florida Certificate of Immunization 680 form to the School Nurse or front office.

Please call your child's health care provider if your child has not received their TDAP booster. For those without insurance or needing assistance please contact the Nassau County Department of Health Clinic (904) 875-6110. It is important to do this as soon as possible as providers become very busy during summer months.

Your child CANNOT attend classes the first day of school without documentation. Parents will be called to pick up students who have not complied.

PLEASE KEEP A COPY OF YOUR DOCUMENTATION.

If you have any questions, please call the school nurse at

Yours Truly,

Kathy Huber, LPN School Nurse HMSH

904-845-2171.
