 - b. Midyear Data Review

Mr. Raysor went through the STAR data from the beginning of the year compared to now and what we are doing as a whole. He explained how we are trying to improve our data going forward including the paraprofessional expectations and resources the are giving to teachers to make sure we all have the resources we need to do what is expected.

- c. Update on \$5,000
 - 1. Three picnic tables purchased
 - 2. Training(s)

Mr. Raysor explained that we didn't have to use all of the funds allocated for the trainings. Still doing research on what resources they want to purchase with the rest of the budget. A few people asked if possible, to allocate those funds to having more para support in classrooms. Mr. Raysor explained they are currently trying to use the paraprofessionals in the most effective way possible and explained the day-to-day expectations of the paraprofessionals in each classroom.

Mr. Raysor also went over and explained a new program on mental health for the students and when they will be completing said training. He briefly explained what the students will be learning and the benefits to the program. A few parents expressed their opinions on the matter and their experiences with the program.
