## GRADUATION RATE AND DROPOUT RATE

## Federal Uniform Graduation Rate

The graduation rate shows the percentage of students who graduated with a standard high school diploma within four years of initial entry into ninth grade.

|  | School \% | District \% |  | State \% |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | 2015-16 2014-15 | 2015-16 | 2014-15 | 2015-16 | 2014-15 |
| ALL STUDENTS |  | 91.4 | 90.9 | 80.7 | 77.9 |
| WHITE |  | 91.4 | 91.3 | 85.1 | 82.8 |
| BLACK OR AFRICAN AMERICAN |  | 97.0 | 81.8 | 72.3 | 68.0 |
| HISPANIC/LATINO |  | 90.2 | 95.8 | 79.5 | 76.7 |
| ASIAN |  | 90.9 | * | 91.9 | 90.9 |
| NATIVE HAWAIIAN OR OTHER PACIFIC ISLANDER |  | * | * | 84.7 | 82.6 |
| AM.INDIAN OR ALASKA NATIVE |  | * | * | 76.5 | 75.7 |
| TWO OR MORE RACES |  | 86.4 | 95.7 | 82.7 | 81.5 |
| DISABLED |  | 83.7 | 75.3 | 61.6 | 56.8 |
| ECONOMICALLY DISADVANTAGED |  | 87.8 | 85.0 | 74.4 | 70.4 |
| ELL |  | * | * | 62.0 | 59.5 |
| MIGRANT |  |  |  | 73.4 | 67.0 |
| AT-RISK (Low 25)* |  | 81.3 | 83.9 | 62.7 | 52.3 |
| FEMALE |  | 92.8 | 94.3 | 84.5 | 81.7 |
| MALE |  | 90.1 | 87.6 | 77.0 | 74.1 |

Note: An asterisk (*) indicates a subgroup population fewer than ten. A blank cell indicates zero students in the subgroup. * At-risk students are students whose test scores entering high school qualify for inclusion in the lowest performing $25 \%$.

## High School Cohort Dropout Rate

Cohort Dropouts are students who have voluntarily removed themselves from the school system before graduation; students who have not met the relevant attendance requirements of the school district or who were expected to attend a school but did not enter as expected for unknown reasons; students who have withdrawn from school and have not transferred to another public or private school or enrolled in any career, adult, or alternative educational program; students who have withdrawn from school due to hardship, unless such withdrawal has been granted under the provisions of s. 329.091 , F.S., court action, expulsion, medical reasons, or pregnancy; or students who are not eligible to attend school because of reaching the maximum age for an exceptional student program in accordance with the district's policy.

|  | School \% |  | District \% |  | State \% |  |
| :--- | ---: | ---: | ---: | ---: | ---: | ---: |
| Racial/Ethnic Group | 2016-17 | 2015-16 | 2016-17 | 2015-16 | 2016-17 | 2015-16 |
| WHITE | N/A | 0.0 | 1.0 | 0.0 | 3.3 | 0.0 |

## STUDENT PERFORMANCE

## Florida Statewide, Standardized Assessments

The Florida Standards Assessments (FSA) measure students' mastery of the Florida Standards and are administered to students in grades 3-10 in English language arts (ELA) and grades $3-8$ in mathematics as well as in Algebra 1, Geometry, and Algebra 2. The end-of-course assessment in Algebra 2 was administered for the last time in spring 2017. In science, Florida administers the Statewide Science Assessment in grades 5 and 8 and the Biology 1 End-of-Course (EOC) assessment, aligned to the Next Generation Sunshine State Standards (NGSSS). Florida also administers social studies EOC assessments in Civics and U.S. History.

## Florida Standards Alternate Assessment (FSAA) for Students with Disabilities

The FSAA is designed for students whose participation in the general statewide assessment (FSA, Statewide Science Assessment and EOCs) is not appropriate, even with accommodations. The FSAA measures student academic performance on the Florida Standards Access Points (FS-AP) in language arts (reading, writing), mathematics and science. In these subject areas, it is administered in grades 3-10 in ELA, grades 3-8 in Mathematics, Algebra 1, Geometry, grades 5 and 8 in Science and Biology 1. The FSAA program includes two assessment components to address students' needs, the FSAA-Performance Task and the FSAA-Datafolio. The FSAA—Performance Task was administered for the first time in 2015-16, and the FSAADatafolio was administered for the first time in 2016-17. It replaces the Florida Alternate Assessment (FAA), which measured the Next Generation Sunshine State Standards Access Points (NGSSS-AP) in language arts (reading, writing), mathematics and science. Florida also administers the FSAA in Civics and U.S. History.

## Accountability Assessment Results by Subject

Assessment results in the following tables reflect scores on FSA or NGSSS assessments. For mathematics and science, results include EOC assessment results, as applicable. Results show satisfactory attainment for students who were in attendance during both semesters of the school year.

## English Language Arts, Mathematics and Science Assessments

On the FSA, students can attain one of five possible achievement levels, ranging from Level 1 (lowest) to Level 5 (highest), with scores at Level 3 or higher designated as satisfactory. On the FSAA—Performance Task assessments, students can attain one of four possible achievement levels, ranging from Level 1 (lowest) to Level 4 (highest). Standard setting for the FSAA—Datafolio will occur in fall/winter 2017-18.

**Students enrolled in ESOL in the current year.

## Recently Arrived English Language Learners (ELLs)

Florida students in ESOL programs who have been in the U.S. less than one year are required to be tested on the Assessing Comprehension and Communication in English state-to-state for English Language Learners 2.0 (ACCESS for ELL 2.0) as well as on a state mathematics assessment, but may be exempt for up to one administration of the FSA ELA (writing and reading). These students' test scores are not included in the current year's proficiency calculations for math and reading as a flexibility provision approved for Florida by the U.S. Department of Education. The ESEA SPAR chart shows the number of recently arrived ELL students who are not included in the mathematics and reading proficiency calculations for accountability purposes.

| ELL | School | District | State |
| :--- | :---: | :---: | :---: |
| Reading |  | 19 | 27,826 |
| Math |  | 11 | 26,688 |
| *Cell sizes smaller than 10 are suppressed. |  |  |  |

Below are the 2017 NAEP state results for grades 4 and 8 in reading and mathematics. Main NAEP, conducted at the state and national level, occurs every two years in reading and mathematics, every four years in science, and periodically in writing. A representative sample of the student population participates, and each student takes only a portion of the assessment. Results are then assembled to form projected state and national scores, based on aggregated student results. NAEP does not provide school- or student-level results.

## 1. Scale Scores

A scale score is derived from an averaging of scores of student responses to NAEP assessment items on a $0-500$ point scale. Scale scores summarize the overall level of performance attained by a group of students. (NAEP does not produce scale scores for individual students.) When used in conjunction with interpretive aids, such as item maps, scale scores provide information about what a particular aggregate of students in the population knows and can do.

## 2. Achievement Level

Achievement levels are based on scale scores and define the degree to which student performance meets expectations of what students should know and be able to do. The achievement levels are Basic, Proficient, and Advanced. Below Basic is also reported but not considered to be an achievement level.

The following chart provides an approximate comparison of NAEP \& FSA achievement levels:

| FSA Achievement <br> Levels | NAEP Achievement <br> Standards |
| :---: | :---: |
| 5 | Advanced |
| 4 | Proficient |
| $2-3$ | Basic |
| 1 | Below Basic |

## NAEP Participation Rates for Required Subgroups

The chart below shows, for the sample of Florida schools selected to take the grade 4 and grade 8 math and reading assessments, the percentage of Students with Disabilities (SWDs) and English language learners (ELLs) in the tested grades who were tested on each assessment. The goal established by the National Assessment Governing Board (NAGB) is $85 \%$ inclusion.

Additional information is provided on the NAEP website at http://www.nces.ed.gov/nationsreportcard/ or on the FLDOE website at http://www.fldoe.org/accountability/assessments/national-international-assessments/.

International Surveys

Trends in International Mathematics and Science Study (TIMSS ) is an international comparative study of student performance in mathematics and science at the fourth- and eighth grade levels which is conducted every four years. It collects data on achievement, experiences, and attitudes of fourth and eighthgrade students in the United States and students in the equivalent grades in other participating countries, as well as information on classroom and school contexts. This study is administered every four years. Florida's objective is to meet the performance of the 10th ranked country. Florida participated as a benchmarking education system in 2015. The next TIMSS administration in 2019 will provide national-level results for the United States.

Trends in International Mathematics and Science Study (TIMSS) 2015

|  | High International Benchmark and Higher <br> Florida <br> Annual Objective |  |
| :---: | :---: | :---: |
| Grade 4 Mathematics | $49 \%$ | $47 \%$ |
| Grade 8 Mathematics | $28 \%$ | $38 \%$ |
| Grade 4 Science | $51 \%$ | $50 \%$ |
| Grade 8 Science | $35 \%$ | $43 \%$ |

Progress in International Reading Literacy Study (PIRLS) is an international comparative study conducted every five years of the reading literacy of young students. It collects data on the reading achievement, experiences, and attitudes of fourth-grade students in the United States and students in the equivalent of fourth grade in other participating countries, as well as information on students' classroom and school contexts. Florida's objective is to meet the performance of the 10th ranked country. Florida participated as a benchmarking education system in 2011. Florida is included in the PIRLS 2016 national-level results for the United States.

Progress in International Reading Literacy Study (PIRLS) 2011

|  | High International Benchmark and Higher |  |
| :---: | :---: | :---: |
| Florida | Annual Objective |  |
| Grade 4 Reading | $61 \%$ | $54 \%$ |

Progress in International Reading Literacy Study (PIRLS) 2016

|  | High International Benchmark and Higher |  |
| :---: | :---: | :---: |
|  | Florida | Annual Objective |
| Grade 4 Reading | $53 \%$ | $57 \%$ |

Program for International Student Assessment (PISA) conducted every three years is an international assessment that measures 15-year-old students' reading, mathematics, and science literacy. It assesses students' applied knowledge and skills to problems within a real-life context as they near the end of compulsory schooling. PISA makes the assumption that as students transition to adult life, they need not only to comprehend what they read or to retain particular mathematical formulas or scientific concepts, but also to know how to apply their knowledge and skills in the many different situations they will encounter in their everyday lives. Florida's objective is to meet the performance of the 10th ranked country. Florida participated as a benchmarking education system in 2012. Florida is included in the PISA 2015 national-level results for the United States.

Program for International Student Assessment (PISA) 2012 Results - 15 year olds
Level 4+
Florida Target - 10th Ranked Country

| Mathematics | $18.7 \%$ | $43.1 \%$ |
| :---: | :---: | :---: |
| Science Literacy | $22.1 \%$ | $36.8 \%$ |
| Reading Literacy | $25.9 \%$ | $36.7 \%$ |

Program for International Student Assessment (PISA) 2015 Results - 15 year olds
Level 4+

|  | Florida Target - 10th Ranked Country |  |
| :---: | :---: | :---: |
| Mathematics | $20.65 \%$ | $38.42 \%$ |
| Science Literacy $27.63 \%$ | $34.61 \%$ |  |
| Reading Literacy $30.10 \%$ | $35.67 \%$ |  |

## TEACHERS AND STAFF

## New Staff

The table shows the number and percentage of instructional staff and school-based administrators who were newly hired at this school in 2016-17.

| Staff Type | Total Number <br> for 2016-17 | Number Newly Hired <br> for 2016-17 | School \% | District \% | State \% |
| :--- | :---: | :---: | ---: | ---: | ---: |
| Instructional Staff | 14 | 1 | 7.1 | 16.3 | 19.5 |
| School-Based Administrators | 0 | 0 | 0.0 | 6.5 | 21.4 |
| Total | 14 | 1 | 7.1 | 15.9 | 19.6 |

The Professional Qualifications of Teachers
Degree Level

| Total All Degrees | 12 | 100.0 | 100.0 | 100.0 | 100.0 | 100.0 | 100.0 |  |  |  |  |  |

Florida has no uncertified teachers, although some teachers may be temporarily assigned to areas outside of their field of specialization. Data on classes taught by teachers out-of-field is provided in the following table.

## In-Field and Out-of-Field Teachers

The following chart shows the percentage of core academic classes taught by teachers teaching in-field compared to the percentage of classes taught by teachers teaching out-of-field. When a teacher in a district school system is assigned teaching duties in a class dealing with subject matter that is outside the field in which the teacher is certified, outside the field that was the applicant's minor field of study, or outside the field in which the applicant has demonstrated sufficient subject area expertise, as determined by district school board policy in the subject area to be taught, that teacher is teaching "out-of-field." Core academic subjects are English, reading, language arts, mathematics, science, foreign languages, civics, government, economics, arts, history and geography.

|  | School \% | District \% | State \% |
| :--- | ---: | ---: | ---: |
| Percentage of Classes with Teachers Teaching In-Field | 100.0 | 95.1 | 91.7 |
| Percentage of Classes with Teachers Teaching Out-of-Field | 0.0 | 4.9 | 8.3 |

## Classes Not Taught by Highly Qualified Teachers

The chart below shows the percentage of classes not taught by "Highly Qualified Teachers" in core academic subjects as defined in federal statute. A highly qualified teacher has earned at least a bachelor's degree and holds a Florida teaching certificate with appropriate certification for each core academic area of assignment. Core academic subjects are English, reading, language arts, mathematics, science, foreign languages, civics, government, economics, arts, history and geography.

|  | School \% |  | District \% |  | State \% |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Classes Not Taught by Highly Qualified Teachers |  | All Schools | HighPoverty Schools* | Low- <br> Poverty Schools* | All Schools | HighPoverty Schools* | LowPoverty Schools* |
| TOTAL | 0.0 | 6.5 | 99.9 | 8.8 | 8.9 | 10.1 | 8.6 |

*High-poverty schools are schools ranking in the top $25 \%$ of schools based on the percentage of students eligible for free/reduced-price lunch. Lowpoverty schools rank in the bottom quartile of schools based on free/reduced-price lunch enrollment. That is, low-poverty schools have the lowest enrollment in free/reduced-price lunch as a percentage of total membership.

## FLORIDA SCHOOL PERFORMANCE GRADE AND AMOs FOR ESEA REPORTING

## School Performance Grade

Public schools in Florida are graded annually based on student performance on state assessments and the percentage of students making learning gains. Schools are assigned a letter grade (A through F) corresponding with their rated performance, with grade "A" representing the highest performance rating and grade " F " representing a failed rating. A rating of " 1 " indicates that grading is incomplete. A rating of " $\mid$ " indicates that grading is incomplete. While the vast majority of Florida's schools receive a performance grade, certain types of schools are exempt from grading, including Department of Juvenile Justice (DJJ) facilities.

2016-17 School Performance Grade: A

## Progress of the Lowest Performing 25\% of Students, 2016-17

Components of the school grade calculation include learning gains of the lowest performing students in English language arts and mathematics, including the comprehensive and EOC assessments. The following table provides information on the points earned based on learning gains in the current year made by students in the lowest quartile.

## School Results

Mathematics Low 25\%, Points Earned
2016-17
83

English Language Arts Low 25\%, Points Earned
2016-17

For more information on school grades and grading procedures, contact your principal's office or your local school board or visit the School Grades web page at http://schoolgrades.fldoe.org.

## Identified Schools for ESEA Flexibility

The table below indicates schools in this district that were identified for support under ESSA, Comprehensive Support and Improvement (CS\&I) or Targeted Support and Improvement (TS\&I). Schools identified for CS\&l are schools graded "F" in 2016-17 and schools graded "D" in 2016-17 that were also graded "D" or "F" in the prior year or schools that had a graduation rate of $67 \%$ or lower. Schools identified for TS\&I are schools that were graded "D" in 2016-17 and not graded "D" or "F" in the prior year.
