76346 William Burgess Boulevard  
Yulee, FL 32097  
(904) 548-1750

February 1, 2023

It's Career & Technical Education Month and we're celebrating opportunities offered to students as they prepare for their future!

Do you desire for your student to learn about real-world, hands-on career experiences? With little to no barriers to enrollment and 19 career programs across various campuses to choose from, many of these pathways result in high-wage potential.

Students participate in electrical pre-apprenticeships, learn Heating, Ventilation, and Air Conditioning (HVAC) skills, use code to design web pages and programs, discover sustainable farming techniques, understand how to manage their own business in Entrepreneurship, and more.

And our students are excelling. Our new CTE logo was designed by Bernard Coleman, a digital media student. Aviation students earned their pilot licenses and business students competed in both FBLA State and National Competitions. More than 80% of our Culinary and HVAC students achieved credentials in their respective fields. Every student in our Certified Nursing Assistant, Aerospace Technologies, and JAVA Coding courses achieved their certifications. Overall, CTE students in Nassau County earned 827 industry certifications within high-demand workforce courses last year.

No matter the career, students are prepared for immediate employment, apprenticeships, or other post-secondary education.

Our celebration of CTE Month continues through February. CTE Showcases will be offered at each high school and include available career pathways. Learn about these opportunities and more by following us on <https://www.facebook.com/NassauCareerEd> or our website at [www.nassaucte.com](http://www.nassaucte.com).

Unlock your potential,

Tammy Johnson  
Director, Career & Technical Education

*Our mission is to develop each student as an inspired life-long learner and problem-solver  
with the strength of character to serve as a productive member of society.*
