Has your family enrolled in an insurance program?
Call (888) 540-5437 to enroll with FL KidCare.
floridakidcare.org or healthykids.org
According to their chart, families with yearly incomes between \$16,980 and \$106,164 are likely to qualify for subsidized insurance.

The **Florida RX Card** is a free statewide prescription assistance program that was launched in 2009. The card can offer significant savings on brand and generic medications and is accepted at most pharmacies across Florida. Print a free, pre-activated card at www.FloridaRxCard.com, or download app.

This card benefits the uninsured and underinsured the most, but it also benefits those people on Medicaid and Medicare. It can help save money on the medications that those services don’t reimburse. Call (904) 998-7453 for more information.

Healthy Families- a Nassau County Health Dept. home visiting program for pregnant women or babies under 3 months. Parenting education, School Readiness Program, and more. Call Kim Thomas, Health Care Coordinator, at 557-9125.
