Next Steps
Enrollment is almost complete

We have received your course enrollment request and are working as fast as we can to get you started. Please review the following information in order to complete your enrollment. Please print this page to reference as your enrollment progresses.

Ensure Courses are Approved

Public, private, and charter school students: Your school counselor will need to verify your course selections. FLVS is not able to approve course selections in place of a student's school counselor because FLVS is not the school of record.

Homeschool students: Your parent/guardian will need to [Login to FLVS](#) and approve your course selections.

Parents/Guardians: Learn more about creating an account at flvs.net/parent-account.

Check Course Status

Once courses have been approved, you will be assigned teachers and placed into your courses. This placement process will begin on the **preferred placement date** you selected during enrollment. Please [Log in to FLVS](#) to check your course status!

Get Ready... and Go!

After you are placed in your courses, teachers will reach out about scheduling a welcome call, sharing important information about the course, the FLVS experience, and to get to know the student. Please note that you do not need to wait for the welcome call to start working in a course. As soon as you are placed, you have access to begin.
