School Improvement/Title I

- School Improvement Goals / update
 1. Attendance Goal: Mrs. Johnson reviewed the status of our current attendance goal. It was noted that there have been many illnesses going through the school. Even with these obstacles, we are still on track to meet our goal. Kindergarten students are the target audience for attendance this year. 15.87% of students did not meet the 90% attendance goal in the 23-24 school year. As of December, 6.5% of students are not meeting the attendance goal. If this continues, we will decrease the number not meeting the goal by 3 %.
- . PM2 Data: Mrs. Johnson shared the graphs that were created by our reading coach, Mrs. Thrift, to show how our students have made progress from the

BOY testing to the MOY testing in both reading and math. While Mrs. Johnson is happy with the results, she and our teachers know there is more work to be done to ensure all students are successful.

Title I parent/teacher Survey

- Our goal is to have 50% participation for parents and 100% for teachers. Currently we have had 171 parents complete the survey and teachers will meet this week to complete the survey.
- Ideas for teacher supplies/ needs for the classroom. Mrs. Johnson shared that she is reaching out to teachers to get an idea of what will be needed for next school year. All teachers will have an opportunity to contribute.
