The district understands parents and guardians have the right to determine which library resources their children are exposed to in school. The library media center provides access to a wide range of materials on all levels of difficulty, with diversity of appeal, and the representation of different points of view. Parents and guardians may utilize this form to restrict the library book titles their child is allowed to check out from the library media center and classroom libraries. A searchable list of library books is available at <https://nassau.follettdestiny.com/>

Please check one of the following and return the completed form to your child's school by August 17<sup>th</sup>, 2022. If you do not return this completed form, your child will have Level 1 access.

**Level 1: Open Access**

Students can select library books at their discretion. There may be some books that require parent permission before a student can check the book out.

**Level 2: Limited Access**

A parent/guardian may submit a list of up to five library books that their child is NOT allowed to checkout from the library media center. The student will have the same access as Level 1 except for the five library books the student is NOT allowed to checkout.

*List the 5 library books below that your child may NOT checkout.*

**Level 3: Restricted Access**

If you selected Level 2 or 3 access, a note will be placed on your child's Destiny account regarding their access level. It is your parental responsibility to explain these restrictions to your child.
